LOCAL RECORD.

FROM PRINEVILLE PAPERS.—The Glaze came over from Malheur the first of the week. He says that grass is better on the range than it has been for years, and the hay crop will be immense...

MAD.—The following from a Portland paper is really affecting, and exhibits the awful fact that the contractor, G. W. Hunt, is mad in earnest. Poor fellow, all of his onions spoiled: "G. W. Hunt returned yesterday from Albany, where he made arrangements for shipping to Wallula the stores and powder, tools, etc., which have been brought in from the scene of his contract on the Oregon Pacific. He says some of his powder is spoiled, and of course, all the potatoes, onions and such like stuff is worthless. When he looked over the supplies brought in and thought of all the money it had cost and the money and time wasted in hauling it out into the mountains and back again, he was just a little wrathful. He expresses his opinion free in regard to people who will lead a man into such a scrape by representing themselves to have money which they have not."

BASE BALL.—One of two base ball games between local players would help to enliven matters in Albany this summer. A game that is noticed so much elsewhere should not be allowed to die out in Albany. The members of the H. & L. Co. think they could beat any other company in the city. The legal fraternity boast that the all men would stand no show against them. The grocery men think the dry goods men would be weak in their clutches, and the clerks generally are of the opinion that they would cross the home plate most in a game with most anybody.

A SOUVENIR SOCIAL.—To-morrow evening a social will be held at the residence of Mr Thos Montelth, and everybody attending will be presented with a souvenir. Socials at Mr Montelth's are always pleasant affairs; but this one promises to be "more so." It will be given by the Y. P. S. C. E. Society of the Presbyterian Church.

A SMALL FIRE.—Some excitement was occasioned at the depot last evening by a good sized blaze proceeding from the pocket and coat generally of a well-known drayman. The firemen present came to the gentleman's rescue, and after a hard fight of several seconds succeeded in extinguishing the fire after a slight scorching.

B. OF T.—The adjourned meeting of the Board of Trade will be held to-night at the Recorder's office; when the matter of the immigration circular will be considered. Members should put themselves out some to be present.

OFFICIAL VOTE.—The officials' vote counted in Salem yesterday gives Hermann 7407 majority and Le-d, 6672 majority.

WEATHER REPORT.—For 24 hours, beginning at 7 o'clock, p. m. Local rains, stationary temperature.

Everything bought and sold at M Franklin & Co's second hand store, Albany, Or.

Mr L Senders arrived home this morning from San Francisco, where he has been with a band of horses.

Col. L Copeland is in the city and the promise is for a very pleasant and enjoyable lecture to-night, full of wit and humor.

The steamer Bentley is again running on the Willamette and is expected in Albany this evening on its first trip since being wrecked.

The State Teachers' Association convenes in Salem on Thursday of next week. President Condit, of our college, is down for a paper on the afternoon of the first day. The meeting promises to be a successful one.

While delivering papers this noon Al Day was unfortunate in having his generally sure footed horse fall near his office. Al was on the underside and was considerably lamed, but mounted again and continued his delivering.

Mr Henry Keese, of Donada, Lake county, was in the city yesterday on his way home from Corvallis, where he had been to attend the funeral of his brother, Mr Keese, who started out as a lawyer, is now in the stock business.

AWAY FROM HOME.—If the Statesman had seen the smiling faces of the Albany lawyers he would not have published the following item: "To a Salem gentleman who has been in Albany a few days, the Statesman is indebted in relation to the doings in the Circuit Court in Linn county. The attorneys there are in bad humor on account of the very light docket, the lightest in several years. The grand jury presented two indictments for larceny, to which the accused pleaded guilty and were sentenced to a short term in the penitentiary. The shooting of Charles Thomas was investigated, but it is thought there will be nothing done in the matter."

RETURNED.—A, Noltner, N B Davis, Col J K Kelly and Col Lee, four of the gentlemen who represented the Democracy at the National Convention at St. Louis, have returned. J L Cowan and M S Hillman are still in the East. The former is on the committee appointed to notify President Cleveland of his nomination, and the latter represents Mr A Noltner on the National Democratic Committee. A. Noltner was seen yesterday, and says the Democratic contingent from Oregon were not put into back seats at the St. Louis Convention like the Republican delegates were at Chicago. News. Mr. Cowan is expected to arrive in Albany on Saturday, perhaps to-morrow night.

THE CHINAMEN HELPED.—Tuesday night the Republicans of Corvallis celebrated the nomination of Harrison and Morton in the customary style. The speaking was done near a Chinese horse-jack as Col. Kelsay had begun one of his most eloquent and affecting flights a long string of bunches of fire crackers were started to crackling by the Chinamen, and such a din as was kept up during the remainder of the celebration is not often heard. A Corvallis man says the Celestials got eight dollars for the job. The joke was taken with a moderate amount of good humor.

McELROY A RUSTLER.—Superintendent McElroy is one of the most enthusiastic of Oregonians. He has been making an effort to get as many of the teachers attending the national institute as possible to return home by way of Oregon, and is meeting with considerable success. He sent personal letters to fully two hundred prominent members of the committees of the National Association in the East, and replies are now coming in rapidly from these gentlemen, and in nearly every case they say "good, we will return through Oregon, and will suggest to our entire delegation to do the same." He thinks at least two or three thousand will return by the Oregon route.

BOARD OF DELEGATES.—At a meeting of the Board last evening it was decided to receive the excursion party of Salem firemen to be in Albany next Sabbath and give them their dinner. The invitation to join in the hose contest at Corvallis on the 4th of July was accepted and a team is being shook together for the purpose, perhaps Corvallis is the most convenient place in which to celebrate this year, and it looks as if Albany will empty itself in that direction.

THE L. T. L.—The Loyal Temperance Legion (formerly the Band of Hope) will meet on Saturday at 3 o'clock p. m., at W. C. T. U. Hall. A competent organist has been secured and additional song-books, and the latest new lesson manuals procured, and earnest efforts will be made to interest and instruct our young people. Parents are kindly requested to encourage their children to attend, and let all who can, come and assist in this important work.

THE MILITARY CO'S.—The three military companies from Marion county will go to Corvallis for the celebration on the 4th on the evening of the 3d, a special train meeting them at Albany. They will be brought back to this city on the morning of the 5th in time for the early train. The Albany company will probably join them.

TEMPERANCE COLUMN.

Edited by Albany W. C. T. U.

The regular meeting of the Women's Christian Temperance Union, was held on Tuesday afternoon. After the usual routine of business was disposed of the President announced that Pundita Ramabai, the high caste Hindu widow, who has been lecturing in the East, would be in Oregon about the 21st of July. This woman is raising funds for opening a Training School for high caste Hindu widows, by collections after lectures and by forming what is known as the Ramabai Circles. We will give later just the manner in which these are organized. A motion passed to ascertain upon what terms we could have her in Albany. The people of our city would doubtless be pleased to hear one who has by her simple and earnest story of the wrongs of the women in her country, enlisted thousands in the work of reform. Four weeks from this meeting, Mrs. Rowland will give a Bible reading from the book of Esther, to which all persons, whether members of the Union or not, are cordially invited. A Bible reading will also be held at the residence of Mr Andrew McCoy on Second St., on next Tuesday afternoon at 3 o'clock.

A circular letter from Mrs. L. H. Additon, Sept. of the department of Temperance and Labor was read by the Secretary. She earnestly requests the Unions to read up the labor question, and suggest a number of books as helpful. The question discussed is a very important one and should be given thorough study, as our cause will prosper only in proportion to our education.

Mrs. L. M. N. Stevens, of Maine, on being asked if the possession the revenue receipt was a great help in convicting a liquor-seller answered as follows: "One might reasonably think that good proof could be secured to help in enforcement of state law, but such is not the case. On any other than the liquor question this might be managed perhaps. A law was passed a year ago, in Maine, making the holding of a tax receipt prima facie evidence of being a liquor-seller; but I have not known of one case in a year where it has amounted to anything; and I never will in my opinion. Our 'national' rum shops are among our worst ones. And we are powerless to help ourselves. State law is thus overriden, and made harder to enforce, instead of being helped in any way."

A STUFFED MAN.—In a store window on First street is a figure stuffed in overalls, blouse, a pair of boots and hat, quite a sheepish looking affair. Protruding from a pocket is a badanna handkerchief, and on the handkerchief a label reading "free trade." Just what the significance is has not yet been learned. We do not think the proprietor intended it as a hit at the democrats, for they are favoring tariff reduction; we expect he means he will trade the overalls and handkerchief for money at such a cheap price that will be practically free.

GRAND JURY.—The grand jury this afternoon brought in not a true bill against Frank and George Cook for selling spirituous liquors without a license. Also not a true bill against Arthur Burton charged with rape. Also not a true bill against David Keenan charged with larceny. Also not a true bill against Nick and Clara Kine charged with larceny in a dwelling. The latter parties forfeited a \$50 bail.

PUT UP.—A Lebanon gentleman says the hose team of that city is ready to run the Albany team for \$250 and he has \$1000 himself to put up on it. If he is really in earnest he can be accommodated so quickly that it will make his head spin. That place has a good team; but it will probably not run either the Albany or Portland team hub and hub.

HIS VOTE.—Millers vote in the late election was 1974. Marion county cast the largest prohibition vote, 387. In Curry, Klamath and Wallowa none was cast at all. In Lake just 1, and how lonesome the fellow must have been. Multnomah was second, and Linn 2 behind.

PICNIC POSTPONED.—On account of too much rain the union picnic announced to take place to-morrow has been postponed until the dry season shall have fully set in, that is, indefinitely.

DIED.—On Monday, June 25, 1888, the wife of W T Cochran, of Brownsville. A large concourse of people attended the funeral on Tuesday.

ATTRACTIVE.—Three young coons brought into town by R D Murray attracted considerable attention this forenoon.
