TELEGRAPHIC NEWS

An American Gets It.

OTTAWA, Aug. 4.—The award of the contract for the conveyance of mails between British Columbia and San Francisco to an American firm has caused a great outcry among the Liberals over the way in which the conservative government encourage American shipping, and discourages that of Canadian. Mr. Perkins, one of the firm who received the contract, today said: "The Canadian government gave us the contract to encourage us to run to Victoria, B. C. There is no Canadian vessel running regularly between that port and San Francisco, and when we announced that we were going to run no further than Puget Sound, we were given this contract. While we really do not make anything out of it, the Canadian government has been very liberal to us; in fact more liberal than the United States government."

Sheridan's Death.

NONQUITT, Mass., Aug. 5.—General Sheridan's death occurred at 10:20 p. m. Previous to a sudden appearance of heart failure at about 9:30 this evening there had been no premonitions to-day of an unfavorable change in his condition. The weather had been warmer than usual, and the General was at times a little restless, but seemed generally bright and cheerful to-day. His voice was strong. He took a full supply of nourishment, slept occasionally, and the doctors and his family were in hopeful spirits. At 9:30 the symptoms of heart failure suddenly appeared and Drs. O'Reilly and Matthews, who were with him at the time, immediately applied the remedies which had proved successful in all similar previous attacks, but this time they were without effect, and despite what could be done the General gradually sank into a condition of complete unconsciousness, and at 10:20 breathed his last.

The Old Cabin.

MARYSVILLE, Aug. 5.—The old cabin formerly occupied by John W. Mackay of bonanza fame, when he mined at Allegheny City from '66 to '59, has been brought to this city on the way to San Francisco, where it will be set up in the Sierra county exhibit at the Mechanics' fair. The picks, shovel and rocker which Mackay used at the time of his occupation of the cabin will also be shown. The cabin has been kept in good repair by the people of Allegheny City as an object of interest.

Who Did It?

HELENA, Aug. 5.—A murder was committed in Missoula county in September, 1887, the victim being one Geo. Gerber, the body subsequently being found floating in the river. A man named Daniel Cavanaugh was suspected of the crime, arrested, tried and convicted at the last term of court held at Missoula and Judge De Wolf sentenced him to eighteen years in the penitentiary. A complication has arisen upon the report of a letter sent to Governor Leslie signed James C. Hensley, Osceola, Polk county, Nebraska, and dated July 28. This communication informed the governor that the murderer of George Gerber had been captured there and that he was safely lodged in jail. The Montana authorities will investigate the matter.
