how we do it; yet if the world only knew of the energy, grit and enterprise we have displayed in collecting such a magnificent display of staple and fancy groceries it would not be surprised. We have the largest, finest and most complete stock of

you will be convinced that we have not over-estimated ourselves. Remember we are buying our goods largely direct from first hands, thereby saving all profits of the middle men, and our command of ready cash has enabled us to buy our goods remarkably cheap, getting the benefit of all discounts and rebates, placing us in a position where we can dictate to them and not they to us, hereby always getting the

BEST AND FRESHEST

and never allowing our goods to grow stiff and stale waiting for big profits. These are the reasons why we desire your patronage and why we enjoy such a healthy trade. We have added recently to our stock a full and complete line of

Crockery and Glass Ware.

These goods we bought direct from Eastern factories, thus securing the latest designs at prices way down. These goods have to be seen to be appreciated

We quote here a passage from a private letter of an old Republican, to show what is going on in the thought of the multitude or lovers of principle who once made the Republican party great: "It looks," says this correspondent, "as though the Administration were lowering its dignity a trifle on the retaliation and Chinese business. But as to the other side, was ever in American history such a canvass of lies, hypocrisy, and 'poppycock'? It makes a man regret, almost, that he has ever acted with the Republican party since the war."

Worth of Dried Fruit Wanted.

And I must have it. Having made contracts with merchants in Eastern Oregon, Washington, Idaho, and Montana, thereby saving commission and adding the same to the price of your fruit. No offer made on fruits unloaded and placed in any other house in my line in the city. If you believe in the doctrine of buying in the cheapest and selling in the highest market and have no conscientious scruples about party or religion, you must come to see me or be untrue to yourself and family. To satisfy yourself, call and get my prices.
 Yours respectfully,

A Big Suit.

St. Louis, Sept. 19.—C. H. Knowles today began an attachment suit in the circuit court to recover \$250,000 from Jonathan Bourne, Jr., a well-known Oregon mining speculator. The petition states that plaintiff in May last sold and undivided half interest in Baker county Oregon, mining property of Bourne for \$250,000, and alleges that Bourne is about to dispose of the property without paying therefor. The attachment bond was fixed at \$500,000 and given, and an attachment was executed by levying on \$3,000,000 of mining stock at the Continental bank just placed on deposit by Bourne.

A Very Bad Accident.

SAN FRANCISCO, Sept. 19.—The elevator in the Bancroft building, on Market street, fell from the fifth floor to the basement today. Ten people were in the car at the time. The accident was caused by the cable breaking. The car shot to the bottom of the shaft and was demolished. The next instant the heavy cable came crashing down on top of the wreck, and added to the destruction. All of the passengers were more or less injured, several very severely. A young man named Alexander, living in Oakland, had a leg broken and received internal injuries. It is believed he will die. None of the others were injured fatally.

A Rich Strike.

ELLENBURG, Sept. 19.—Thomas Maehner, who is engaged in mining on the Swauk, cleaned up \$1400 in nuggets and fine gold. Among the nuggets was one weighing \$64. He informed the correspondent that he had traced the float and had discovered a fine ledge, in connection with Mr. Black, which was regarded by them as the long sought mother lode. They first discovered decomposed quartz, which showed from 200 to 400 colors to the pan, and after going through this they struck what they regard as the main ledge. This is free milling, and will assay about \$80 to the ton. This gold discovery is within twenty-five miles of Ellensburg, and almost within sight of the railroad. It is regarded as the most important discovery ever made in Kittitas county. The Swauk placers formerly produced heavily, and a long time ago a nugget was produced weighing \$76.

Causes Excitement.

SEATTLE, Sept. 19.—Probate Judge Wickersham of Pierce county was arrested to-night for seducing a young girl named Sadie Brantner. The circumstances are as follows: Mrs. Wickersham visited in the Eastern states last fall, during which time the judge became infatuated with the young girl. He took her into his office as clerk. The girl visited during October, 1887, in Seattle, Olympia and other Sound cities. While in this city the young lady was seduced. In June Miss Brantner informed the judge that she was *enacted*, and during the next four months she was sequestered in hotels of Seattle, an abortion being performed in the meantime, from which she nearly died. People here are greatly excited over the case, and it is thought the affair will create much greater excitement when made known in Tacoma, as he is a man of good family and great importance there.

A Coal Famine Threatened.

SAN FRANCISCO, Sept. 19.—The manager of the coal department of one of the principal dealers here said to-day: "Negotiations took place between masters and men a few days ago to settle the strike, but the negotiations were a failure, and a cablegram to-day from Newcastle stated that a settlement is improbable. It may last for five or six months. The average monthly imports from Newcastle to this port are 20,000 tons, and after three months, which time we may reasonably expect the strike to continue, 60,000 tons will be shut out from this market. Total imports amount to more than 100,000 a month, so this will be probably one-fifth. It is an assured fact now that the strike will have a very serious effect upon the market. England can not be looked to for assistance, as it would be five months before any ship could get here. It looks like a famine, but prices will hardly go as high as \$25." From all that could be gleaned from other sources, there seems to be little doubt of the price running up to \$25 per ton.

I had been receiving my setting and summer dress goods. Call early and secure bargains.
 W. F. READ.
