LOCAL RECORD.

A DOMESTIC PLAY .- An audience of about two hundred fifty greeted "Daddy Nolan" at the opera house. The play is peculiarly a domestic one, full of live, rollicking scenes, in which the parts are filled with great naturalness. Mr. Sully as Daddy Nolan has a very easy way about Daddy Nolan has a very easy way about him, being an Irishman without the brogue, a great relief to the audience, which sometimes gets tired of the exaggeration of the Irish character. The benefit one gets from attending theatrical performances is principally in being able to laugh the malaria out of one's system, and this play of fers a big field in this respect. At the same time it contains scenes that affect the sympathies and start a tear. "Daddy Nolan" is worth attending.

PECULIAR ACCIDENT .- A former A!bany gentleman a few days ago experienced the following accident at Pendleton, as parrated by the E, Q: Last night R D Wilson, WS Byers & Co's head miller, was the victim of an unpleasant accident, which, however, might have terminated worse than it did. He was casting a box with babbitt's metal, and did not notice that there was a drop or so of water in the mould. This he afterwards painfully dis-covered when the metal flew out in all directions, a portion of the molten mass strik-ing him in the face, burning him around the head and eyes."

EAST OF HERE.—The Oregon Pacific conductors and brakemen generally are a gentlemanly, courteous class of men who treat people well, and in this respect they should not be confounded with the "extra" referred to in a correspondence in a con-temporary, in which perhaps a correct ac-count is given of an experience in going to the front, though we are not posted on that point. We understand the conductor in-tended to be hit is Dan'l Cooley.

VERY ACTIVE.-The Grand Jury this week was the most active of any for a great many years. It considered eighteen cases and brought in true bills in fourteen of them Of these six referred to the sale of liquor, three to its next door neighbor, gambling ; and the others to larceny, libel, etc. Most of these cases will probably be put over until the next term of Court.

168 DAYS,-A Walla Walla seldier recently deserted. When he deserted, he weighed 200 pounds, and when found was reduced nearly half his weight. He had subsisted for 168 days on watercress and chokecherries within sight of the post, and as can well be imagined, the strange break on his part is creating a sensation in Walla Walla.

Another Competitor,-The Salem and Albany papers are quarreling about which of those villages shall be the junction of the proposed Astoria railroad with the Oregon Pacific. Whats the matter with Corvallis being the junction? It is on the right side of the river for that."—Leader. And, why not? Corvallis is well located for it, and is on the Oregon Pacific,

Big, -Mr. Alexander, of the "Forks," has left on exhibition, at Curran & Monteith's a rutabago weighing 5t pounds. W. K. Temple left at the same place an 86 pound squash. These speak for the fertility of our soil.

FERRY TICKETS .- M. Sternburg having bought the interest of J. L. Cowan in the Albany Ferry, all parties are notified that tickets may be had at the store of Mon-teith & Seitenbach. Albany Ferry Co.

Subsiding.—The boom on Puget sound is gradually subsiding, says an exchange. A few days ago it was announced that the big sidewheeler Alaskan would come over to the Columbia where there was business for her, and now the Seattle *Times* au-nounces more retrenchment in the operat ing expenses on the Seattle-Tacoma route

PROTECT US FROM OUR FRIENDS .- An Albany paper recently produced an iliustration purporting to be an ocean steamer entering Yaquina harbor, but which in reality more nearly resembles a steamboat passing the locks at Oregon City. In the explanation which accompanied this work of art, it is stated in cold type that no tug is visible in the picture as the steamers come and go at Yaquina without the expense of any lowage. As a matter of fact no steamship ever entered or departed from Yaquina without being accompanied by a tug, and for the credit of the company we hope none will be allowed to attempt it.—Newport News.

NATIONAL SURGICAL INSTITUTE,-Two or more surgeons representing this institute will be at the Revere House, Albany, Nov. 6th, at the St. Charles Hotel, Lebanon, Nov. 7th, 1888. They came fully prepared with all the apparatus necessary for the successful treatment of their specialties, curvature of the spine, diseases of the hip and knee joint, crooked limbs, club feet and all bodily deformities. Their success and all bodily deformities. Their success in treating these troubles as well as all chronic and sexual diseases has made for the institute a national reputation. Upon application, references will be furnished from patients in all parts of the United States. All persons who are suffering from any of these complaints, should not fail to take advantange of this opportunity for relief.

THAT MISTAKE,-"Mrs. Dr. August C. Kinney, of Astoria, arrived in the city Wednesday night on an extended visit to her friend, Mrs. Dr. Jessup, and she was not a little perturbed by the announce-ment in yesterday morning's Statesman that her husband, Dr. Kinney, had gone East to contract a marriage with Miss Nar cissa White."—Statesman. As already stated the groom is Dr. Kinney's brother, and the DEMOCRAT was the author of the blunder.

A POINT FOR THE C. P .- A man who has evidently killed Chinese pheasants says you never find any wheat in their craws; but plenty of black seeds. He doesn't believe they eat wheat nor that they are any more of nuisances than other birds, and knows they are not when it comes to eating them. Here's a field for discussion.

Too LAZY,-Half the men arrested in Albany nowadays are too lazy to give their real names, and so report it John Jones or some other name that takes no ef-fort. The reason most of these fellows won't work is because they are too tired.

GAME MARKET .- Burr Sloan and Walter Eest have opened a game and fish market two doors north of the DEMOCRAT office, and both being crack hunters, propose to keep the market supplied. As they will make a specialty of game they will deserve a liberal patronage. A ROCKY CROWD.—Five bears, threemen,

two boys and four barefooted girls, have been in the city to-day, coming here from Corvallis, where they were ordered to move on. It is a dilapidated looking crowd; but draws full houses, with no money in them
