I'm jolly and fat, though I needn't say that; for a glance at my size and a look in my eyes, and you plainly can see there's no flies upon me. I'm a little bit short both of breath and of hair, but from shoulders to knees you can see I'm all there. I smile and I laugh, I joke and I chaff; I refuse to be sad and I never get mad. But you'd never surmise where my happiness lies, so I'll up and confess what you never could guess. A good thing to eat is always a treat, which will make you as sweet as our sugar cured meat, makes you feel so content with the money spent that you're bound to feel glad; and you couldn't get mad though a man just as thin as a rail or a pin was to pull at your nose or tread on your toes. If you're fat or your'e lean, if your'e pleasant or mean, just give W. & T. a show to sell you right low, you will feel such a thrill of contentment until you'll wish you were fat to enjoy more of that immense and you'll slow your good sense by buying groceries, pro-crockery of W & T

It is a fact that voodooism is practised in Hayti, but it is done without human sacrifice. There is no cannibalism known on the island, reports to the contrary notwithstanding, and nothing of the kind has been proved since 1863. The voodooists are a remarkably learned people in the science of botany, and they can do things which would seem incredible to those who never saw them performing their strange rites. They profess to be able to give a charm to the life of a warrior, and they can render the human body impregnable to the thrusts of the sharpest sword. This is done by bathing the body in a vegetable solution. They are a strange people and their influence on the island is considerable. Voodooism does not appear to be losing ground in spite of our educational advancement, but, as I said before, I do not believe that in observing the rites there is any human sacrifice.

TELEGRAPHIC NEWS
 Disgusted.
HELENA, M. T., Nov. 11.—The people of Helena were greatly surprised and badly stirred up this morning over the publication in the Independent of an article calling the attention of the mothers and fathers of the city to the danger in which their daughters are placed by indulgence in promiscuous flirtation and criticising the female members of the Hudson Eckert juvenile opera company, which has been playing a week's engagement at Ming's opera house, for their open violation.

Judge Denny.
SAN FRANCISCO, Nov. 11.—Advices from China state that since May 14th Judge O. N. Denny has had nothing more to do with China, being since that date, in the direct service of the king of Corea. When some months ago he went to see Li Hung Chang he stopped in Cheboo, and returned afterward in the same boat, there being some difficulties in the way of seeing the great Li. The Chinese have nothing whatever to do any more with the king's adviser, he being an American citizen and not now in Li Hung Chang's employ. But they have something to do with the king of Corea, and it is said they are about to make their influence quietly and slowly but surely felt.

Next Message.
WASHINGTON, Nov. 11.—It is officially stated that President Cleveland will commence his annual message to congress during the present week and like the document that he sent in a year ago, it will be devoted almost exclusively to the tariff. He will urge congress, without regard to party policy, to pass a bill for reduction of the revenues, and will urge democrats as well as republicans to make concessions in order that it may be accomplished.

Future Plans.
SAN FRANCISCO, Nov. 11.—A Washington special to the Examiner says: President Cleveland's future plans are still undetermined. He attends to the business of his office from day to day precisely as though his continuance there was a matter of years instead of months. It is believed, more from what the president has said in the past than from any recent declaration, that he will spend one or two years traveling in Europe. It is a country he has never yet visited.

That Rochester Fire.
ROCHESTER, N. Y., Nov. 10.—Last evening's fire was the worst that ever occurred in this city. At least twelve lives were lost and twenty persons injured. The pecuniary loss will amount to \$250,000. The building is approachable only on one side, and the firemen had only a narrow alley to work in. The building stood on the edge of the upper falls of the Genesee river. These falls are ninety-six feet high. When the firemen arrived the windows on the street side of the building were filled with men calling for help. There were sixty-five men inside, and soon the air was filled with falling human bodies. At least twenty persons jumped from the third story and were all more or less injured. Five died before they could be removed.

Not Necessary.
SAN FRANCISCO, Nov. 10.—The Chronicle this morning strongly urges the incoming President to call an extra session of the Fifty first Congress immediately upon his inauguration for the special purpose of admitting Washington and Dakota Territories and hearing the case of Montana.

A Terrible Blizzard.
CHICAGO, Nov. 10.—A terrible blizzard is raging this morning in Iowa, Missouri and Nebraska, prostrating telegraph wires and impeding trains.
