CONSTANTINOPLE, April 21.—The American representatives had long conference with Sultan. The latter disclaims knowledge strain relations with U. S.

Stopped by Rains.

LONDON, April 21.—The Bloemfontein correspondent of the Morning Post, telegraphing Thursday April 19, says: There is already a 30 foot flood of the Caledon River which is reported to be still rising. All the drifts on the Modder river are impassable. Traffic is temporarily interrupted southward the water having washed the ballast from the line of the railway. The country about Bloemfontein is so deep in mud that the farmers' carts are unable to reach the town.

Armor Plate Bill.

WASHINGTON, April 20.—As a result of a protracted struggle in the House today the provision of the naval appropriation bill to enable the Secretary of the Navy to contract for armor for battleships Maine, Ohio and Missouri, now awaiting their armor equipment at \$545 per ton, the price asked Krupp armor, is out of the bill, as is the provision to repeal the \$300 limitation placed upon the price of armor by the current law.

The Nicaragua Bill.

WASHINGTON, April 20.—It is impossible to learn whether the action of the House committee today on the Nicaragua canal bill means that the Senate will take up the measure as soon as it passes the House. The demand of 250 members for the consideration of the bill was more than Henderson could resist, and the result is the amended bill in conformity with practically what the Hay-Pauncefote treaty provides.

Disastrous Floods.

NEW ORLEANS, April 20.—New Orleans has ceased to regard the flood situation as a temporary inconvenience. As time has passed and as the full scope of the disaster when visited this section of the country in the excessive rains which began in the early days of the week and still continue has been learned, the conviction has been irrevocably brought home that a calamity of appalling magnitude has been experienced.

Usual Republican Muddle.

NASHVILLE, April 20.—Tennessee will have two republican tickets in the field in the coming state election. Likewise two sets of delegates will go to the National convention at Philadelphia. As expected the state convention split there today, the Evans contingent walking out and holding a convention of their own.

Heavy Roads.

LONDON, April 21.—General Chermide and General Ruedell are moving over the sodden roads. Rain was still falling when they went into camp Thursday afternoon, 18 miles west of DeWet's Dorp.

HOME AND ABROAD.

There is talk of an encampment of the new National Guard regiment of Oregon. If there is one no place in Oregon offers better advantages than Albany. A few years ago Albany was second choice. This year it should be first choice.

A Halsey report says the T. J. Black warehouses in that place were sold at auction for \$1, the buyer, Robert Anderson, assuming all obligations. This is an illustration of what politics does for a man. Few federal office holders escape that fate.—Salem Journal.

The Wizard Oil Co. gave an entertainment here Monday evening. Their arrival was unannounced consequently the audience was composed largely of vacant seats. The entertainment was very good but not a bottle of medicine was purchased. The company packed up and left for Harrisburg on Tuesday's local.—Junction Times.

There was \$197.05 left of the estate of the late W. T. Radir, who died in the mountains in Clatsop county several months ago. Radir was well-known in Albany as a rustler, but after all his rustling he left nothing to show for it.

The new Albany local is making the trip on time. It brings a through mail pouch from Portland, and through the courtesy of postmaster Train the mail is distributed the same evening, proving a great convenience, to the public, which is appreciated.

The drama to be presented by the Degree of Honor on Friday next will be under the direction of Miss Lillie Crawford. Those selected for the various characters are working hard to perfect their lines and each seems well fitted for the part assigned. Admission 25 cents.

Thirteen young ladies and two young men went to Corvallis last night to attend the basket ball game between the O. A. C. girls and the girls of Chemawa. O. A. C. as usual won 31 to 4 playing a beautiful game. Their basket thrower is a marvel. The Indian girls did nearly as good field work. They were championed by Miss Millie Dohse, a resident of Albany at one time.
