fail to appreciate the value of fine laundry work. One's linen owes its dressy effect more to its finish than to its quality. Society gives polish to people—we to linen. Our work is seen only to be praised, is hard to equal and impossible to excel. To get full wear from anything it must be washed properly. Rates moderate.

## SOCIAL AND PERSONAL.

Dr. G. W. Biddle of Eugene, has been in the city.

Miss Ida Maxwell went to Salem this morning on a visit.

The entertainment and social given last night by the Home Forum was a very pleasant affair greatly enjoyed by all present. The program pleased all.

Dr. T. K. Chapman, accompanied by Mrs. Chapman, left Thursday for Crabtree, Linn county, where he is to reside.

Rev. Benj. Hartman, of this city, has been appointed pastor of the United Evangelical church at Hillsboro and will move to that city.

Miss Bessie Butler, who has been visiting in Albany several days, the guest of Miss Bessie Burkhardt, returned to her home at Independence, on the 10th this morning.

Cal Thrasler of Corvallis has been appointed deputy head council of the order of Modern Woodmen, vice C. A. McKnight of Lebanon, resigned. Last week Mr. Thrasler organized a lodge at McClary.

H. L. Hoag of Corvallis left Monday for Washington to assume a position in the census department. Ben Woldt also went east, going further and crossing the ocean for Europe.

In the electionary contest at the O. A. C. college last week, the first prize of \$5 was won by Clarence W. Beaver, and the second prize of \$3 was won by Thomas Bilyeu. There were five contestants.

Mr. Russell, a brother of Mrs. Maj. Johnson, of this city, who has been spending the past year in this county on a visit, left this morning on the Ruth for Portland and thence for his home in Missouri.

Mr. P. A. Young returned last night from Portland, where he had been to see his wife off for the east, where she will visit for several months. He considers the new O. R. & N. train running between Portland and Chicago, and labeled Chicago and Portland, the finest that has ever run out from Portland. It is attracting a good deal of attention.

A farewell reception was tendered Mrs. G. B. Haight yesterday afternoon, at the home of Mrs. Fish. It was entirely a surprise, and proved a delightful one. The departure of Mr. and Mrs. Haight and daughter from Albany where they have been universally beloved and respected to a new place is regretted. But it is Baker City's gain. About thirty ladies of the Industrial Society of the Congregational church were present. Mr. Haight is already in Baker City and Mrs. Haight and daughter will leave in a few days for there, taking with them the best wishes of not only the members of the Congregational church but our citizens generally.

A writer in a London weekly pays Miss Maud Hoffman a glowing tribute, giving her career as an actor familiar to Albany people. It does Oregon an injustice by giving her residence as Kentucky instead of this state. The personal tribute to her is very fine as follows: "In private life Miss Hoffman is a typical American girl of good family. It is a hobby of hers never to look like an actress, and she never does, although she is very stylish. She is a very handsome girl, with dark hair, large dark eyes, regular features, dazzling teeth, and a pure olive complexion, faintly flushed with pink. Her figure—tall and beautifully rounded—in appearance and bearing distinguished appearance and charming manners, Miss Hoffman is much in demand for charity entertainments. She usually lives in an apartment with her mother, but at present—during that lady's absence—she is the guest of a family in the West End."

**PLenty OF TIME.**—The Herald refers to a railroad man as having bought two bicycles in Silverton because he couldn't get in the stores here in the evening. A local dealer informs the Democrat that the man was in his store, twice looking at bicycles before the closing hour, and that he had plenty of time to buy here if he had wished. The early closing movement is a good one and should be sustained. These lost sales will generally be found to be like this one.

**A PIONEER INCIDENT.**—At the meeting of the Native Daughters at Corvallis a lady present told the following: "Her own and the family of Joe Meek were neighbors in the old days. On the arrival of her father's family at The Dalles, from the long trip across the plains, the first vegetables were secured from the settlers. Two great cabbage heads were bought, and after six months on dry food, the children were so ravenous for green diet that they ate the cabbage heads before the latter could be cooked."

**FISHING RATES.**—Fine catches of trout are being made now in all the mountain streams. The O. & E. has made a rate of one and third fare to all points to accommodate fishermen. Call at general office for orders for reduced rates.

**Bread on the waters.**—Harry Harlem (Fred Tway) the doctors only son, thoughtless and mischievous but good at heart, his pranks get him into serious trouble and cause endless pain and sorrow to his family.

Sick headache is cured by Hood's Pills, 5c.

## MISFITS.

The Soers continue to be in the fight. They are heard from almost daily.

Astoria people are to be congratulated on the fact that C. J. Curtis states that he will take no part in the coming election and that the outcome is of no concern to him.

A. J. Johnson is special agent of the forestry department and A. J. Johnson is special bank examiner, both operating in Oregon. It will not do to get the forests and banks mixed.

The republican candidate in Lane county for county commissioner pays 30 cents taxes a year, the union candidate \$113. There shouldn't be much trouble in choosing between the two.

Mr. Quay was left out of the senate very properly by a vote of 33 to 32. Mr. Quay and Mr. Clark are now paired. They are good men to keep out of the senate.

The 60th regiment of New York veterans passed a resolution offering the services of the company to Paul Kruger. It is a pleasing fact that the veterans of the rebellion are a most universally in sympathy with the Soers.

The American Wire Co. has just ordered closed ten big factories employing ten thousand men, the cause given being that there is no demand for the goods. And yet the politicians continue to howl about the chimneys of the factories all belching forth the smoke of prosperity.

The only state contest in the June election will be over the two congressmen, and that will be a red hot one, with a barrel of eastern money dumped into the state for fuel, just to show Mr. Bryan how things are going. Mr. Tongue and Mr. Moody will both have their hands full getting in this time.

How have the mighty fallen. The steamer Albany that formerly plowed the proud waters of the Willamette as a passenger boat is now on its way up the Columbia to be used as a construction boat between The Dalles and the terminus of the portage railway. It is to be run in the Three Mile rapids, about the most vicious water of the Columbia.

Just why J. N. Hart, of Polk county, was put up for prosecuting attorney on the republican ticket, is a quandary. Hart is now school superintendent of Polk county, and it is said has never had a single case in the circuit court. But he is somewhat of a politician, and that is all his qualification so far as can be learned. Putting a man up for district attorney who has never had any criminal business is certainly the height of folly. A person must be a blind partisan to vote for such a man even though his personal character may be excellent.

Gov. Geer has written a letter to President McKinley and Speaker Henderson urging the passage of the Indian war pension bill. The fact that the Governor has had the letter published at home indicates that it has been done for political effect. Nevertheless it was timely for him to send it, for the interests of the Indian War Veterans are being very poorly attended to in the house, and it might be well, in view of this fact for the friends of the bill to flood the President and Speaker Henderson, particularly the latter with letters hot from the fire of our interest in these men who did so much for the settlement of this glorious state of Oregon. It will not be necessary to publish these letters at home. Just get them to Washington by the last mail.
