Scrofula and Consumption

People tainted with scrofula very often develop consumption. Anemia, running of the ear, scaly eruptions, imperfect digestion, and enlargement and breaking down of the glands of the neck, are some of the more prominent of scrofula symptoms—are forerunners of consumption. These conditions can be arrested, consumption prevented and health restored by the early use of

The Facts.

EDITOR DEMOCRAT:

In accordance with the usual tact of the republican party, it is trying to appeal to the prejudice of the voters, and more especially to the members of the peoples party, by asserting that our candidate for congress in your district, is a national banker and that he is but a recent convert to the position advocated by our party on the money question.

As this does him great injustice, I deem it my duty as chairman of the peoples party state committee, as well as my duty as a citizen of the state who is familiar with all the facts referred to, to set the people right on this question.

In the first place, Senator Daly has no interest whatever in any national bank although it is true that he has some interest in a private bank in his own town. This bank has never mistreated the people in any way, so far as I can learn, and has never foreclosed a mortgage or sued anybody. He is interested in this business in the same way as any other citizen might engage in any lawful undertaking.

To contend that there is any doubt as to Senator Daly's views on the money question being in harmony with the principles of our Union state platform does him great injustice. I have been personally acquainted with him during the past eight years, and served with him in our state legislature for six years. During that time often conversed with him on the subject, and always found him in harmony with us on the financial questions before the country. In the session of 1893 Senator Daly voted with us for a resolution instructing our candidates to vote and work for the free and unlimited coinage of silver, and in every session following, in which he served as a member his record has been clearly in harmony with us on the financial question. I would also add that on all occasions during his services in the legislature, he proved himself to be an honest worker in the interest of economy and the general welfare of the people of the state. He is author of the bill abolishing the railway commission, and endeavored to pass useless commissions of the state. In 1893, he introduced and secured the passage of the Homestead Exemption law which has saved the homes of many of our best citizens. During my personal acquaintance with him for the past eight years, I must say that as a citizen, and honorable gentleman, I have always found Senator Daly not excelled by any man in the state. I trust therefore that every person in this district, who may be opposed to the policy of the McKinley administration, and who favor the election of representatives to congress, in the interest of the people, will stand firm and work enthusiastically for his election.

Yours very respectfully, WEL R. KING, Chairman Peoples Party State Com.

Inheritance taxes planned to bear most heavily on large fortunes, are increasing in favor, and if the Supreme Court sustains the tax of this character imposed by the war revenue act, it is probable that a large part of the government's income in the future will be derived from the enormous fortunes of our millionaires. It is undoubtedly proper that huge estates should pay to the government in some proportion to the values that the government protects for them.

H. H. Rogers of the Standard Oil Company, is said to have announced to the Danish government that 26 United States Senators stood ready to vote as the Company desired, and to have offered to lobby through the purchase of the Danish West Indies for ten per cent of the proceeds. This is stated in an official report made to the Danish government by its special agent in the matter. The worst of the whole business is that Mr. Rogers' alleged statement is probably correct.

Secretary Root wants to fight and kill somebody—anybody. He shakes his fist and waves the star spangled banner and dares "somebody" to violate the Monroe doctrine. If it wasn't elect on year, the country might be seriously alarmed, but the McKinley tactics of "glorious diplomacy" and "aggression towards all" are too well known to fool the people much.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Wm. Schulmerich, the Democratic People's nominee for Dairy and Food Commissioner, is a resident of Washington County, where he has been engaged in the dairy business for a number of years, conducting one of the largest and most successful dairies in that section of the state.

He was born in Eldorado County Cal., and is a German. With his parents, he came to Oregon in 1875, when he was 14 years of age. Notwithstanding he was born in this country, he speaks the German language, and is the only nominee on the State Tickets who is a German.

Mr. Schulmerich has made a financial success of the dairy business when others have failed. He has done this because he has made a thorough study of the business. He has done much to advance the interests of the state Dairy Association in a practical way, and has been very active in bringing to public notice all efforts of adulteration in the dairy line.

He is at present the Vice-President of the State Association, and has a large acquaintance with state dairymen, all of whom recognize his fitness and capability to properly administer the duties of the office to which he aspires.

The Herald says opposition to its ticket in this county, has no declared policy or principles. Not quite so bad. The opposition has some very decided principles, among others a progressive but economical government that will keep the county out of debt and give it the lowest levy in the state. In state affairs the representatives are in favor of building up the state, not with graft, but with needed improvements, and nationally the placing of the power in the hands of the people as much as possible and keeping it out of the trusts, in the building up of the country we have already, and not in an aggressive warfare to secure the territory of a people that can never be assimilated, the opposition is opposed to government by trust with the finances in the hands of the banks, and is in favor of continuing to do business under the constitution and to hold dear the declaration of independence, among other things. The republicans have plenty of principles, extravagant government for the benefit of the office holders, high tax on the poor mans purchases, a contracted currency, expansion by aggressive warfare, taxing citizens of the United States under the flag without representation, etc.

DREAMERS.

"There's nothing half so sweet in life as love's young dream." The old song is right. Lovers are dreamers. They create a special world in which they live immune from the hurts and ills which vex common humanity. In their estimate of household expenses there's no place for a doctor. And very often when the dream dissolves they find that the doctor's bill, the one thing they didn't count on, is now the only thing that's as regular as rent and taxes. And many times it is money wasted. Dr. Pierce's Favorite Prescription will do for a woman and her womanly ills, practically everything that can be done by any doctor or medicine. It regulates the periods, dries debilitating drains and cures inflammation, ulceration and female weakness. It makes childbirth easy, and thousands of nursing mothers have testified to its tonic and strength giving properties. It contains no alcohol, neither opium, cocaine or other narcotic.

Mrs. Annie Blacker, of 629 Catherine Street, Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor. I had four miscarriages, but since taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' I have much better health, and now I have a fine, healthy baby."

Free. Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

To the Music

Loving Public.

Those contemplating taking up the study of music will find it to their interest to investigate the advantages offered by Albany College. The following branches are taught:

VOICE, PIANO, ORGAN, VIOLIN, GUITAR, MANDOLIN CORNET, HARMONY, COUNTERPOINT, COMPOSITION and HISTORY OF MUSIC.

Mr. Wirtz, Musical Director, is a graduate of the Chicago Conservatory of Music, and has studied with such artists as Seeboeck, Ziegfeld, Koelling, Falk, Garwood, Raff, and the late Dr. Karl Marx. These men are masters in their respective departments and musicians of world-wide fame.

Mrs. Wirtz, instructor in vocal music, is a pupil of Mr. William Nelson Burritt who is known to be one of the best voice teachers in America today. Mr. Burritt studied eight years in Italy and several years in London.

The methods used in Albany College Conservatory are the latest and most approved, being the combined result of superior instruction received, experience, and the acquaintance with the methods of our eastern conservatories.

Tuition reasonable. Pupils may enter at any time. Fall term opens Sept. 19, 1899. For further information call on or address
