Clark, Senator Chandler, chairman of the committee on privileges and elections and Senator Frye, president of the senate, saying he had disregarded and revoked the action of Lieutenant Governor Spriggs in naming Mr. Clark to succeed to the vacancy caused by his own resignation and saying he had named Martin Maginnis, of Helena to fill the vacancy.

## They are Determined.

WASHINGTON, May 18.—The Oregon Senators are determined to secure an appropriation of \$250,000 for the month of the Columbia river but are forced to admit that the result will largely depend upon the recommendation of General Wilson, Chief of Engineers. If he advises the committee that the emergency is such as to warrant this appropriation, it will probably be allowed by the appropriation committee of the Senate.

## Hunting an Excuse.

NEW YORK, May 18.—A special to the Herald from Washington says: What chance the Boer commissioners had of being received officially by the President and Secretary Hay is lessening in consequence of their conduct in New York. Administration officials have been following the statements the delegates have made with close interest.

## A Bold Man.

STOCKTON, May 18.—Two Yosemite Valley Stages were held up last night at Big Oak Flat by a lone highwayman. One stage was going into and the other was coming from the park. The robber secured about \$300. The hold-ups occurred at a point where stages to and from the Yosemite pass each other.

## HOME AND ABROAD.

Eclipse of the sun, May 28.

The Woodmen Husters is the name of an adjunct society to the Woodmen of America, being organized in Oregon.

About 350 tickets have been sold for the excursion to the Dalles on May 27, these over 300 being conditional on the tickets for it being secured.

The eight dozen souvenir buttons placed on sale at F. M. French's have all been sold and another supply ordered. Our citizens responded loyally.

The three boys recently arrested in Albany and taken to Salem were convicted of some small thefts but on the promises of their parents to take care of them were released.

Isn't the time ripe now for the extension of the O. & E. into Crook county. The increasing demand for lumber and the greater importance of the stock business, which will be materially affected by the road suggests that the sooner it is built the better it will be for not only these industries but for the business of the road itself.

The O. N. G. encampment has been set for July 7 to 12, at Salem.

The University of Washington last night gained a decision over the University of Oregon in the debating contest. The question was, "Resolved that Government ownership and operation of railroads is the best solution of the railroad problem." The Washington University had the affirmative.

If a man fails to register all that is necessary on election day is for him to make the necessary proof by six freeholders, not a very hard thing to do.

The Modern Woodmen of the World will give a big picnic at Ridders in Benton county on May 31. A fine place for a gathering of people. Linn county people are invited to join with Benton county in a good time.

The new uniforms for G. Co., have arrived and the boys have tried them on and are proud of them. The armory has recently been fitted up particularly for the company, which is now pretty well equipped for good work, and the members are enthusiastic.

The manager of the board of insurance underwriters has been through the valley and we notice that in each town he is displeased with everything he sees, in Salem as well as in Albany. In the last ten years in this city our people have probably paid out ten times as much in premiums as they have received. Do these insurance men want the world.

Mr. Chris Rodgers and wife, of Kings Valley, are visiting friends here.

Mr. Wm. Brattain arrived here last Wednesday evening from Albany in 37 minutes, which is fast riding, although he rides a 92 geared wheel. The roads are very rough.

Mr. Clarence Frady, of Peoria, will start to Eastern Washington on the 27th. He has purchased a ticket for the conductors excursion.

Some of our people will hear John G. Woolley at Albany.

A school picnic at Hultert's Grove on May 31st and a political discussion at the same place on June 1st. A good program for both days.

The prairie prospect, although not good, is better than many supposed and although the wheat is good there will probably be as much money cleared on prunes as there is on wheat at the present prices. Supply and demand regulate the prices of these products, but we are told (and some believe) that the election of a gold standard president will enhance the value of wheat and other commodities.

Some of our people are not pleased with the free delivery, but there is no use kicking there is only one remedy, take a box.
