Americans In It.
 London, June 23.—The silence of Peking continues unbroken. Four thousand men of the allied forces were having sharp fighting at Tien Tsin Tuesday and Wednesday, with a prospect of being reinforced Thursday. This is the situation in China, as set forth in the British government dispatch.
 Eight hundred Americans are taking part in the fighting at Tien Tsin and they are apparently forming a part of a supplementary force, arriving with Germans and British after the conflict started.

Serious Situation.
 Washington, June 22.—The only news from China laid before the Cabinet meeting today was a telegram to the Secretary of the Navy giving the movement of vessels in Chinese waters.
 That the President and the members of the Cabinet regard the situation in China as extremely critical is shown by the fact that preliminary preparations are being made to send forward additional troops in case of need.

On the Porch or Veranda
 is where you must look for cool comfort these warm days. Our low temperature Chairs and Rockers insure rest and recuperation of vigor. They are so constructed that a night out does not injure them for service the next day. Neither is it necessary to cellar or garret them during the winter. They are appropriate any place about the home where ease and relaxation from labor are sought.

Change the Man.
 Hong Kong, June 23.—Li Hung Chang who was interviewed in Canton yesterday, said he would leave for Peking June 27, in obedience to an order from the Empress to suppress the Boxers and to make peace with the powers.
 He endorsed the opinion that he was the only man in China capable of coping with the situation.

The Boer War.
 London, June 23.—General Steyn's forces in the Orange river colony are for the time drawing most of the attention of Lord Roberts, rather to the neglect of Commandant General Botha and President Kruger. The severance between the Transvaal and the Orange river colony was completed yesterday as Lord Roberts said it would be, by the arrival of General Buller's army at Standerton.

No St. Helenes for Him.
 Lourenco Marques, June 22.—President Kruger's principle contention for immediate peace is that he be allowed to stay in the country.
 There are 5600 sick and wounded British at Pretoria.

A Cloud.
 London, June 23.—The Times says this morning.
 June 9 the government of Morocco sent a formal demand to the French government for European arbitration of the questions in dispute between Paris and Tangiers.
