Hess, a prominent member of the Oregonian force, was in the city this afternoon. Frank Hastings, the veteran miner, left last night for the Southern Oregon mines near Grants Pass. Miss Hortense Greffox, was in the city on her way from Corvallis to Grants Pass, to visit friends. Don't miss reading Milt Miller's article on the editorial page. There is some thing in it to think about. Miss Little Brenner left this afternoon for Portland and the seaside, which she will visit with Portland friends. Miss Elsie Martin arrived in Albany last night from California, and is the guest of her sister Mrs. Donaca. Miss Mamie Allen left this afternoon for San Francisco, where she will take a four year course in medicine. Mrs. B. W. Cundiff and daughter Margaret and Miss Fio Nutting left today for the Bay to spend August. J. H. Roberts, of the O. & E. arrived home last night from his trip to his former home in the east and reports a pleasant time. Miss Edna Howard returned last night from a visit with friends in Douglas county, after an absence of about a month. B. F. Jones, the Toledo Lawyer, was in the city today on his way home from Portland. A Salem paper refers to him as Capt. Wilson Bump, of Kings Valley, Benton county, is bumping along towards home quarantined somewhere by the smallpox after a fruitless trip to Nome. Johnny Pipes, who has an office in the census department at Washington on account of his father Judge M. L. Pipes being a gold republican, has been promoted. Mr. Stanley Stewart is contemplating a trip to Honolulu, leaving about Oct. 1, to spend the winter there, and in the meantime he will sell his sundries in his bicycle repair shop at low prices. E. L. Thompson and Rev. Hansen went to Eugene yesterday in the interest of the colony they are establishing there. They paid for one tract of land and will buy others. Gov. and Mrs. Geer and daughter are members of a party on their way to Mt. Hood to ascend that famous peak. It is said the Governor carries only \$2,000 life insurance, but he promised not to go to the top unless there was an easy path. Dr. Case and wife, of Halsey, passed through Albany this afternoon for Monmouth, to visit relatives 27 months ago the Dr. was stricken with paralysis and since then has been confined to his bed. He was taken to Monmouth on a boat. Postmaster Smith and Son Dr. Smith, of Moro, were in the city this afternoon on their way to Lebanon. Mr. Smith has been visiting with his son and sojourning at some hot springs in Washington during the past month. Revs. Reed and Petty and Ed Stewart are among those contemplating the Mt. Jefferson trip with the Mazamas. The gathering will be at Albany on the evening of the 6th, next Monday, and the start will be made on the O. & E. the next morning. The Mazamas are the most experienced mountain climbers of the Northwest, and those going will be in splendid company. Mr. B. F. Merrill received a paper today containing an account of the death of a cousin, Mr. Eli Merrill, a prominent business man of New York City, a veteran of the civil war, at the age of 82 years. He crossed the Atlantic one hundred twenty five times, always going on the Cunard line of ships. Judge Barton returned last night from a several weeks sojourn at Cascadia, one of the finest mountain resorts in western Oregon. There were sixty-five tents around the place, besides many at the hotel, which was crowded. Good fishing was reported and at least two deer had been killed. The Judge returned by his Holley farm and reports a good crop of wheat. Nearly all the fall wheat in that part of the country has been threshed already. At the Revere: Robert Andrews, Portland; W. H. **MISFITS.** Barbers are accused of charging 25 cents at the Bay. If this is true they should be left gloriously alone these 15 cent days. The bay is no mining camp. A female dead beat is said to be working her way north. Well, why not female dead beats as well as male dead beats. There are plenty of the latter who do not travel from place to place. The city of Salem likes these popular loans so well that it has decided to make them permanent, and is now borrowing some more money from itself. If the money has to be borrowed this is the proper way. A man coming up from Portland a few days ago, said he was looking for a steady job. He had been working in Eastern Oregon, where he said the work wasn't steady enough, so he threw up a job he had and started for the valley. He began work at 4 o'clock in the morning, stopped for a few minutes for breakfast, worked until noon, stopped a short time for dinner, worked until 6 o'clock, stopped for supper, and then worked until 9:30, when they quit work entirely—until 4 o'clock next morning. What he wanted was a place where there was work all the time.

**Oakville.** Mrs. Dr. J. C. Smith and family, of Adams, and Miss Laura Thomas, of Jefferson, were visiting friends here last week. An ice cream social at Holsteins last Friday evening was well attended by the young people. Reporters were not invited. Whistling boys are more plentiful on land than at sea and they whistle as much or more at night than they do in daytime. The China pheasants are more numerous than they have ever been in this valley. This year's chicks are about full grown and can be seen in large bands. We would like to be permitted to kill and eat a few. Mrs. Martin and daughter, of Cottage Grove, visited friends and relatives here last week. A large crowd of men and boys went to the river fishing. They caught three and saw a few that they didn't catch. The log drivers drove most all the fish ahead of them. Grandma Davis, of Sodaville, was visiting with her son Ed last week.

**LITTLE ROSE BUD.** At the COURT HOUSE.—The only business in the recorder's office today was the cancellation of a \$2,000 chattel mortgage in favor of Russell & Co. In the clerk's office a man was trying to secure fifty cents with which to get to Brownsville. The sheriff is taking in some taxes and the treasurer is taking his summer's vacation. The busiest place is in the circuit court room where the wheat case is grinding along, every kernel being split into a million pieces. It will take several days, and is no vacation outing.

**HALSEY, Or., July 31, 1900.** EDITOR DEMOCRAT: Please print the following: Two or three young men in the neighborhood of Halsey have been making a practice lately of going to Harrisburg, procuring liquors, diluting it, then selling it out to the Halsey boys, therefore making a little on each bottle. That is a mean trick, young men. Take warning and stop before it is too late. C.
