(May Sue for Peace)

LOSANOS, Aug. 11.—The morning papers express satisfaction at the latest development in China. The average comment is that China is now genuinely suing for peace through Li Hung Chang.

Dispatches printed this morning give further detail of the Daily Mail's correspondent, the attack was led by the Americans and the British. The Chinese position consisted of seven lines of entrenchment. The enemy fell back until driven from the last line, they fled to Pekin, completely demoralized.

About the Boers.

LONDON, Aug. 10.—It is persistently rumored in Lourenco Marques, according to a dispatch to the Daily Telegraph dated yesterday, that President Steyn has committed suicide.

According to the Lourenco Marques correspondent of the Daily Express, President Kruger, in the course of an interview last Wednesday, said that the report that he intended to surrender was without foundation. He declared that the war would last a long time yet.

On to Pekin.

WASHINGTON, Aug. 10.—In the light of the latest dispatch from Minister Conger received by the state department through Minister Wu today, the attitude of the administration is that there is but one thing to do in the present circumstances, namely, to press on to the relief of the besieged garrison at Pekin. This was made known after extended communications between Washington and the President at Canton.

Bryan's Program.

CHICAGO, Aug. 10.—W. J. Bryan will make no such extended tours of the country as he did four years ago. He will make a number of speeches but they will be in connection with special occasions and not part of a general swing around the country. Such was determined during the talks which Mr. Bryan had with the members of the executive committee of the national committee and that was all that was determined.

Intense Heat

PHILADELPHIA, Aug. 10.—The intense heat today resulted in two deaths and 20 prostrations. The maximum temperature, 98 degrees, was reached at 4 o'clock this afternoon. The minimum was 80 at 4 o'clock this morning. At 8 o'clock the mercury had reached the 85 mark, and by 10 o'clock had jumped to 92.

Chief Justice Russell Dead.

Died at Oakville.

At the residence of Charles Pattison, in Oakville, on the morning of August 11th, 1900, Mrs. Nellie Ann Allen. Mrs. Allen was born March 9th, 1814, in the state of Kentucky, which was the "fast west," at that time her parents moved to Indiana while she was young. She was married in the year 1818 to William Allen and located in the state of Missouri which was then the "wild west." They remained in Missouri until 1858 when they came to Oregon locating on the McKenzie river in Lane county. The flood of '62 took away considerable of their property leaving them almost homeless. Mr. Allen died March 5th, 1887. Mrs. Allen was the mother of 14 children, six of whom are living in the states of Oregon and Washington. "Grandma" Allen as she was called by all who knew her, has resided with her daughter, Mrs. Sarah Pattison for the last eight months where she was well cared for. The remains will be taken to the family cemetery on the McKenzie for interment. A. Y. S. [Eugene papers please copy]

At the Ocean.

I fear most of our Albany people for the friends at home, or some of them would communicate their good times through this paper so that all would hear from the seaside. There is a large crowd here this season, more bathing than ever before, the bathing is good, and the weather is splendid. Sabbath we had the grandest sunset I ever saw. It would take the pen of a more ready writer than I am to describe it. The sand hill is still quite an interesting feature with mothers. I saw two Albany mothers up there, yes, today playing in the sand the little ones, I suppose were at some distance engaged in the same amusement. One very interesting feature out here is eating, one can scarcely feel satisfied when he has eaten all he can hold. We get plenty of fish to eat, mussels and clams and oysters seem plentiful. They say every boarding house and lodging house is full on Nye Creek but I am sure that it is like the stage coach, there is always room for one more. K.

Lebanon.

From the E. A.: An assembly of United Artisans will be organized at Sweet Home this evening by Deputy Stovall. Dr. J. O. Booth went up this morning to examine those going in.

C. A. Smith and Franc Pfeiffer went up to their ranch above Sweet Home yesterday to see about their cattle. Panthers have been killing some of their calves. They will bring down some beef cattle.

Clarence Ingram, living above Sodalville, met with a painful accident yesterday. A steam engine ran over his right foot, severely injuring the toes and part of the foot.

Otto Grissel, a gentleman recently from Wisconsin, was in Lebanon a few days this week. He was very favorably impressed with this section and will locate somewhere in this vicinity. He went to Portland after his family, and upon returning will live in town until he buys a farm.
