ASE AND DISEASE.

A Short Lesson on the Meaning of a Familiar Word.

C. Discuse is the opposite of case. Welster defines disease as "lack of case, unseasons, trouble, vexation, disquiet." It is a condition due to some derangement of the physical organism. A vast imspirity of the "nuscase" from which peope suffer is due to impure blood. Disease of this kind is cured by Hood's Sarasparilla which purifies, enriches and vitaires the blood. Hood's Sarasparilla cures scrolla, sall rheam, pimples and all cruptions. It tons the a tomach and creates a good appetits, and it gives vigor and vitaity to the whole body. It reverses the condition of things, giving beath, comfort and 'exer' in place of "disease."

# For Malaria, Chills and Feker

THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle-hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's 15 the Original and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's-its superiority excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
