

SYRUP OF FIGS

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO. illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

A Deserved Fate.

WASHINGTON, Feb. 15.—That the opposition to the Shipping bill in the Senate will not permit a vote to be taken on the measure at the present session was made clear during the closing hours of today's session. For several days it has been evident that it would be difficult to gain unanimous consent upon the measure but not until late today was the frank assertion made that a vote could not be had.

Sixty Five Men Doomed.

VANCOUVER, Feb. 15.—Sixty-five miners are imprisoned in No. 6 shaft of the Cumberland coal mine on Vancouver Island. The only exit is the mouth of the shaft which is filled with a huge volume of flame. There is no possibility of escape. Their doom is practically certain.

In the House.

WASHINGTON, Feb. 15.—Under the leadership of Cannon, chairman of the appropriations committee, a long filibuster consumed the time of the House today. Cannon desired the House to proceed with the sundry civil appropriation bill while the democrats desired to devote the day to the consideration of private claims. It was the last day under the rules which could be devoted to claims at this Congress.

The Temperance Crusade.

TOPEKA, Kan., Feb. 15.—Temperance people broke open the depot at Goffs, Kan., early this morning and destroyed a large quantity of liquor that was left there by an afternoon train. Missouri Pacific officials say the crusaders will be prosecuted.

Today's committee for the joint of Topeka to be out of business. As far as can be ascertained, the orders of the citizens have been observed.

Spain Quiet.

MADRID, Feb. 15.—The Minister of the Interior, Senor Urgarte, in the course of an interview, asserted that calm reigned in the provinces, and that if the same pacific behavior of the people continued, after the carnival next week, martial law would be discontinued in Madrid and throughout Spain, except in Catalonia, Madrid remains perfectly calm.

Street Car Struck.

CINCINNATI, Feb. 15.—A street car containing 30 passengers, on route from Dayton, Ky., to Cincinnati, jumped the track today on a down grade and plunged over a 50-foot embankment into a small stream injuring all but one of the passengers. Several may die.

STATE LEGISLATURE.

A new game law passed the house after being slanted up. It makes the salary of the warden \$1200, expense allowance \$500, for deputies \$2,500 at \$2 per day, limited to \$250 for the year. Under it only ten upland birds and fifty lowland birds can be killed in a day. The upland bird season is from Oct. 1 to Dec. 1 and sales are permitted the last fifteen days. Ducks cannot be shot from a boat.

Watson's anti-fres lunch bill was defeated by one vote.

In the Senate:
Bill by Clem, to amend the law relating to the election of road supervisors, defeated.

The Port of Portland bill, passed. The incorporation on Judiciary reported unfavorably on the following bills: By Mukey, to tax express, telephone and telegraph companies. By Marsters, to fix the rate of taxation on railroads, telephone and telegraph companies. By Clem, to tax incomes.

By No. 10, by Johnston, asking congress to reimburse settlers on Northern Pacific land grants, a lopped.

In the house:
H. B. No. 3, to submit charter changes and incorporations to voters and remove from jurisdiction of legislature, passed.

H. B. No. 217, by Simpson, act to prohibit taxing of oysters, lobsters and other food producing animals and fishes introduced in Oregon by the United States government, passed.

H. B. No. 28, by Brownlee, to furnish laws and proceedings of legislature sessions to public libraries and chartering schools, passed.

H. B. No. 83, by Watson, abolishing fee and mileage of sheriff of Multnomah county, passed.

Oman's income tax bill was defeated. The executive mansion bill, the Col. Baker statute bill and the bill appropriating \$10,000 for advertising Oregon failed to pass. Three taxation bills were killed in the house.

The house committee of counties through Harris made an unfavorable report on the Lane-Linn boundary bill, which will probably kill it, though the fight for it is not given up.

You can't afford to risk your life by allowing a cough or a cold to develop into pneumonia or consumption. A Fine Baby

Makes any mother proud. There are a great many proud mothers whose children have been puny and sickly until they began the use of Dr. Pierce's Favorite Prescription. That medicine which "makes weak women strong" has given them the strength to bear hearty, and healthy children for the first time.

"Six years ago after the birth of one of my children I was left in a weak run down condition," says Maria O. Hayes, writing from Brookland, D. C. "My health seemed utterly gone. I suffered from nervousness, female weakness and rheumatism. Life was a burden. I doctored with three different physicians and got no relief. I tried several patent medicines, all with the same result. I began to get worse and to add to the complications I suffered terribly from constipation. I chanced to see one of your advertisements and I commenced to take Dr. Pierce's Favorite Prescription and 'Pleasant Pellets' and began to improve right away, and continued improving and gaining in strength. I cannot express the relief, it was so great. Seven months later my little daughter was born without much trouble. I feel that I would never have been able to endure my confinement only by the help due solely to Dr. Pierce's medicines. She was a fine healthy child and the only one I have ever been able to nurse. She is now two years old and I have never had to take any medicine since, so I feel that your medicine has made a lasting cure with me."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for the book in paper binding, or 31 stamps for cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

Give Your Horse a Chance!

An Appeal from Benton County.

The proposed toll on the Albany bridge is a matter of serious concern to the people living on the Benton county side of the river. We are so situated that the bridge is to us a necessity. Many of us are almost obliged to cross it nearly every day, and some times two or three times. If we couldn't get yearly rates that are not burdensome, we shall be obliged to stay at home from church and other meetings that we would like to attend.

Before the bridge was built, much of our land that is now under a high state of cultivation was covered with timber, and the roads in the winter time were almost impassable. This land has been sold to fruit growers, gardeners, and small farmers at a much higher price than would have been paid had the purchasers known that a toll would be put on the bridge. The forests have been cleared out, and by contributing, some years as much as two or three weeks of volunteer road work, our road is now being graded and made good throughout the year. The future of this country looked bright; until this bridge question came up. Already the inevitable results of a toll are plainly to be seen. Usually a great deal of wood is cut during the winter, but this year, so far as the writer knows, no wood is being cut. Houses go begging for tenants, and land is rapidly depreciating in value.

We think we are entitled to some favors from some source. We are heavily taxed by Benton county, and receive no favors in return, as our trade all goes to Albany. We would gladly be annexed to Linn county if it could be done. If Albany now requires us to pay a toll every time we go for our mail we shall feel that we are being badly used.

We are willing, though, to pay our just share toward keeping up the bridge if the county won't do it. If the committee in making out a schedule of tolls will allow one who wish to take out a yearly license for the use of the bridge at a reasonable rate, we will not complain. It is said that those who subscribed to the building of the bridge will be given passes, but many of those have sold their land for a big price, while some paid only a small amount, and they will no doubt demand their passes for the same as ones who paid hundreds of dollars. Let their subscriptions be applied on paying their yearly license. Other towns are expecting to capture most of the trade from this side when you commence collecting tolls; but if Albany will deal justly with us they will not get much of it.

A RESIDENT OF BENTON COUNTY

There is no pleasure in life if you dread going to the table to eat and can't rest at night on account of indigestion. Henry Williams, of Boonville, Ind., says he suffered that way for years, till he commenced the use of Kodol Dyspepsia Cure, and adds, "Now I can eat anything I like and all I want and sleep soundly every night." Kodol Dyspepsia Cure will digest what you eat.—Foshay & Mason.

Minister's Mistake.
A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kemp's Balsam, the best Cough Cure." This was hardly what he had expected and, after a moment's hesitation, he turned it over, and found on the other side the matter is tender or the reading.

25 Years Younger
"I am now seventy-two years of age and my hair is as dark as it was twenty-five years ago. People say I look at least that much younger than I am. I would be entirely bald or snow-white if it were not for your Hair Vigor."—Mrs. ANNA LAWRENCE, Chicago, Ill., Dec. 22, 1898.

Ayer's Hair Vigor restores color to gray hair every time. And it is a wonderful food to the hair, making it grow rich and heavy, and keeping it soft and glossy all the time. It is also an elegant dressing.
