

Observations.

The republicans seem to have made up their mind to pass a resolution laying down the terms on which they will consent to evacuate Cuba.

There were more democrats than republicans at a night session on the subsidy bill recently, despite the fact that the latter party is so anxious to force the measure through.

There is no doubt that Mr. Taft is the plainest spoken and generally most delightful diplomat that the United States has ever experienced.

There are rumors that the President will not be wholly regretful if the Supreme court should overturn his Philippine policy.

Secretary Long has sent to Congress a list of seven vessels bought during the war and sold after it.

Kansas is certainly a queer place. Look at its list of "recent" ones: Simpson, Pfeiffer, Sheldon, Mrs. Leese and Mrs. Nation.

Ohio comes to the front with a man of 83 who ran away with a naughty little widow of 67 and married her.

We knew it would come! A London tailor has designed a new coat which will be known as the King Edward and is expected to take the place of Prince Albert.

The House of Representatives is angry because the Senate has prepared an entirely new tax reduction bill under guise of amending that put forth by the lower body.

Congress, it is said, is about to form a brigade of girls from the adjacent Census Bureau, to resist the attacks of Mrs. Nation if she tries to smash the unlicensed rum holes at the Capitol.

An Indiana couple have named their baby "Alice-of-Old-Vincennes" Smith.

We in our weakness are led to exclaim: "Help, Lord, for the godly man ceaseth, for the faithful fall from among the children of men."

When does a boxing match become a prize fight? Letters containing practical answers may be addressed to Governor Nash of Ohio.

It is lucky for the Anglomaniacs that King Edward has not a cancer in his throat; else they might have to adopt a similar idiosyncrasy.

Chicago footpads have even robbed a bakery; this takes the cake.

Oh, yes, the South African war is about over. The British are sending 30,000 new men to aid the 220,000 already there.

It is such a pity that the only people who can frame a good government for the Philippines are too busy to take the time to do it.

There are only 13 warriors left of the old Mados tribe of Indians. Firewater and white men proved too much for the others.

Count that day lost, whose low descending sun, sees no new candidate voted for for the Senate in Nebraska.

From the Philadelphia North American: No excess is too puerile, no argument too feeble, no plea so squally dishonest to suit the purposes of those who are plotting to exploit Cuba for the profit of the syndicated pirates of commerce.

Because the framers of the Cuban constitution have declined to inject into the organic law matter wholly foreign to its purpose and have properly refused to assume authority not conferred upon them they are abused violently for "ingratitude."

Mrs. Narcissa White Kinney.

The following beautiful tribute to this gifted and beloved lady, prepared by Mrs. James Marks was read at the last meeting of the Central W. C. T. U. of Albany.

Her election and continued re-election to the highest position in the state W. C. T. U. was only a slight acknowledgment of their appreciation of her peerless abilities and unflinching devotion to the cause of righteousness and temperance.

Of her public work we quote from a writer in the "Midland" of Chicago: "She was one of the most gifted and brilliant speakers of the whole coterie engaged in reform work and was everywhere hailed with delight."

In her death Oregon has sustained an irreparable loss. Not only does the temperance cause lose its most able advocate and its wisest counselor, but the church loses one of its most consecrated and efficient helpers.

The Oregonian said editorially: "In the death of Narcissa White Kinney the cause of temperance is championed by the W. C. T. U. loses an energetic tactful and persuasive worker. Her earnestness and womanliness in her public work commanded respect and admiration even in those who differed radically from her sentiment and methods."

The Rev. Huber Ferguson of Portland writes: "The cause of Christ in the northwest, both in its negative aspect, which is the destruction of the powers of evil, and its positive aspect which is the widening and deepening of the rule of grace in human hearts has lost one of its great champions."

The Rev. Huber Ferguson of Portland writes: "The cause of Christ in the northwest, both in its negative aspect, which is the destruction of the powers of evil, and its positive aspect which is the widening and deepening of the rule of grace in human hearts has lost one of its great champions."

We in our weakness are led to exclaim: "Help, Lord, for the godly man ceaseth, for the faithful fall from among the children of men."

But we know that the work is His and though sorrowful bow in submission, knowing that though the workers fall the work will go on.

Common Things.

From the Commoner. The ammunition makers seem to be the residuary legatees of the modern methods of civilization.

Justice is the last thing Neeley and Rathbone should ask for, but it should be the first thing they get.

Mr. Hanna objects to having it called "the subsidy bill." Doubtless he would also enter objection to the title of "steal."

After reading Senator Towne's speech one can easily understand why the administration supporters were in such a hurry to have his successor sworn in.

If we have peace in the Philippine islands why is it necessary to continue the press censorship? And if press censorship is still necessary, why not admit that war is in progress?

A large number of congressmen who excuse their conduct on the ground that they are filled with missionary zeal are filled only with missionary zeal.

Rockers, Rockers, Rockers.

Thomas Brink has a large stock of fine Rockers for ladies or gentlemen, which he is closing out at a very low price, to make room for other goods, so if you want a nice Rocker at cost now is your time to get one and they are first class goods.

Perfectly Healthy people have pure rich, warm, nourishing blood, good appetite and good digestion. Hood's Sarsaparilla gives these, and thus it makes people healthy and keeps them so. Get only Hood's. Sick headache is cured by Hood's Pills. 25c.

Washington's birth day will occur next Friday. As Mrs. Nation has the hatchet it will be a difficult thing to celebrate it in the proper manner.

One man wants a bill passed taxing inheritances. Not in Oregon. Most of the inheritances in this state go to widows who need all the money left them.

This senatorial contest has been a big thing for state and normal schools. They have gotten anything they asked just to influence votes. Oregon politics are decidedly rotten.

Roosevelt says that the stories about his hair breadth escapes on his Colorado trip were all lies. There wasn't a newspaper man within forty miles of him. He never saw a bear or wolf while gone, but did get twelve mountain lions.

It has now been learned that Huntington left \$70,000,000 only, a side out of the Northern Pacific. In view of this fact it would be an outrage to reduce the rate of fare from four to three cents a mile in Oregon.

Arthur Dunn, the Oregonian's Washington correspondent, has just been elected president of the Gridiron Club and recently presided at a banquet at which there were four cabinet officers. And yet Congressman Tongue says this fellow is a very stupid man.

\$125,700 for normal schools is beyond all reason for Oregon. Two normal schools is all Oregon should support, if it should not be limited to one. The Monmouth school should be built up. It is filling the field the best of all and is the pioneer school, and perhaps Eastern Oregon should have one, but it should stop there.

A firm in Toronto is doing a live business. It advertises to mail for \$1, securely sealed, a book prohibited in some countries, that every sport should own. This excites great curiosity and suggests an indecent book, and that is what a great many men seem to want. Upon sending the \$1 they receive in return a 15 cent Bible, which certainly every sport should own.

Here's another grip poem:

- A wheeze, A sneeze, Bones ache, Brains bake, Eyes red, Sore head, Can't feed, Can't read, Can't smoke, No joke, Can't sing, Ears ring, Can't talk, Can't walk, Don't care, Rip! Swear! Take pills, Doc's bills.

The Cost of Royalty.

The recent announcement that King Edward VII will expect to have his debts incurred as Prince of Wales, aggregating \$10,000,000 settled by Parliament suggests a glance at the cost of contemporary and American rulers.

Besides the annual grant of \$1,025,000 to His Britannic Majesty, the annual payments to his children and to the other children and grandchildren of Victoria foot up another \$840,000. The revenues of the Duchies of Lancaster and Cornwall yielded to the Queen and the Prince of Wales last year an additional \$300,000 each, which brings the grand total income of the British royal family up to \$3,365,000.

The Czar's income is about \$9,000,000 a year plus indefinite millions more from mining and forest royalties; altogether not less than \$12,000,000.

War Lord William of Germany draws no regular annuity (as Kaiser, but receives \$2,852,772 plus an enormous but specified revenue as King of Prussia. All metallic ores, salt and precious stones mined in Prussia yield him large royalties, and all its deposits of amber belong to him absolutely. The empire slots him about \$400,000 a year as an imperial bounty fund to be spent in presents to needy subjects.

The Emperor of Austria's allowance is \$3,875,000 a year. Italy's King has an annual stipend of \$2,858,000. The King of Spain's income is \$2,000,000 per annum. The Queen of Holland has just married on the comparatively modest income of \$300,000 a year. The King of Sweden and Norway, ruler of less than the population of the state of New York has a yearly salary of \$575,000. The King of Greece, sovereign over little more than half as many people as live in the city of New York, receives \$200,000 a year for his services. Portugal with 4,500,000 inhabitants, pays her King \$850,000 annually, and Belgium pays her \$660,000.

Republican Presidents are poorly paid in comparison. The Swiss President's annual stipend is \$3,000, the French President's \$145,000, and the head of the world's greatest nation, our own President draws but \$50,000 a year, which is also the salary of President Diaz of Mexico.—World.

A Busy Day.

TOPEKA, Feb. 17.—Mrs. Nation put in a busy Sunday in Topeka today, and as a result the capital city of the state has experienced more genuine excitement than can be remembered by the oldest inhabitant. Mrs. Nation succeeded in having the contents of a notorious joint smashed, broke some fine bars that were stored in a building, broke into a cold-storage plant, addressed a large meeting of men and women, and was arrested three times. The last time she was arrested was as she was coming out of the church where the mass meeting was held. She says she will begin tomorrow where she left off today and will not rest until all the joints in Topeka have been closed.

Prompt Justice.

NEW ORLEANS, Feb. 17.—Thomas Jackson, a negro, was lynched today at St. Peter, 20 miles above this city for a series of crimes. This morning he visited the home of Alexander Bourgeois, the engineer of the drainage machine on Bellefont plantation some distance from the plantation quarters. He told Bourgeois the manager wanted him and the engineer mounted the tricycle with the negro. Jackson stabbed the engineer in the back and threw the body into a ditch. He then returned to the house and butchered Mrs. Bourgeois and her two babies and ransacked the house.

Fatal Accident.

WINNEVOCA, Nev., Feb. 18.—The east bound overland limited Southern Pacific train, officially known as No. 2, was wrecked at 5:20 o'clock a. m., yesterday at a point 27 miles west of this place. While running at a speed of 50 miles an hour, the train went into a washed out culvert and the result was the worst wreck known on this division of the road. Six persons were killed and six injured.

Looks Warlike.

PEKIN, Feb. 17.—A few days ago Count von Waldersee wrote to the Generals under his supervision notifying them to have all their available troops ready in two weeks for an expedition lasting 80 days. Today General Chaffee and General Voyron, the French commander, received letters asking for their cooperation and expressing a desire to know what forces they can spare.

Remarkable Event.

MEXICO CITY, Feb. 17.—Early this morning snow fell in this city and in the valley of Mexico. The ground was covered with snow in the high suburbs. Snow had not fallen in this city before for nearly half a century.

Famous Composer Dead.

NEW HAVEN, Conn., Feb. 17.—Etherebert Nevin, musician and composer, died suddenly here today of heart disease. Mr. Nevin came to New Haven about five weeks ago to be associated with Professor Parker of Yale University in his musical work.

Another Expedition.

WASHINGTON, Feb. 18.—The United States Government is facing a serious crisis in China, owing to the announcement of the purpose of Field Marshall Count von Waldersee to begin another offensive campaign. General Chaffee has been invited to join in the expedition, which is to be mobilized on a large scale than anything attempted in China since the allied army began the march to Peking. But Chaffee will not go.

A Big Grant.

WASHINGTON, Feb. 18.—The bill to authorize the holding of the international exhibition of the centennial anniversary of the Louisiana purchase at St. Louis in 1903, and appropriating \$5,000,000 therefor, passed the House today under suspension of the rules by a vote of 191 to 41. The opposition was hopelessly in the minority and the struggle over the bill was brief.

Must Hang.

PEKIN, Feb. 18.—The foreign Envoys have held a conference regarding the Chinese reply concerning the punishment of the guilty persons named by the Powers. The reply was considered unsatisfactory, and the Envoys decided to insist upon a compliance with their original demands.

Roosevelt Happy.

COLORADO SPRINGS, Feb. 18.—A party of six persons, of which the central figure was Vice-President-elect Theodore Roosevelt, enjoyed a coyote hunt of about 35 miles in the pastures south of Colorado Springs. The party was conducted by Joe Kenyon the best known coyote hunter in the state. One coyote and one gray wolf afforded the chase and notwithstanding the escape of both animals the distinguished guest expressed the greatest possible pleasure over the day's sport.

Fatal Fire.

NEW HAVEN, Conn., Feb. 19.—Four men were killed and one fatally injured in a fire that destroyed an unoccupied factory on Westchester avenue this morning. The dead are: Captain Joseph Condren, Fireman Edward, Fireman William Riley, Fireman Frank Williams. Henry Howell was fearfully injured.

An Oregon Smasher.

SALAM, Feb. 18.—The little town of Lyons, up on the Sautian, boasts of a joint smasher. The report came to Salem tonight that Mrs. Wilson of that place went into an illicit saloon, dragged her husband from a crowd of loungers, and then demolishes the establishment in "Nation" style.

The Big Exposition.

BUFFALO, Feb. 19.—The Courier says that it has been decided to open the gates of the Pan-American exposition Sunday. According to the story the management of the exposition will not discuss the situation in any way.

A Portland Accident.

PORTLAND, Feb. 20.—The 14, whale-back steamer Almond Branch left the old Penoyer mill at noon yesterday and about an hour later brought up with a crash against the first two piers of the Morrison-street bridge east of the draw. The bridge was damaged to the extent of several thousand dollars and all traffic has been suspended indefinitely. The big steamer escaped comparatively uninjured, the only damage being a small hole knocked in her port bow well above the water line.

Skin-Tortured Babies

And Worn-out Worried Mothers Find Comfort in CUTICURA.

SOME MONTHS AGO OUR BABY'S HEAD GOT SORE. We took him to the doctor, who pronounced it poison and gave us some medicine which did no good.

His head got so bad he would cry all night, and my wife could sleep none, and began to look ghostly. His head got so sore that we put a night cap on him, and folded a white cloth four thicknesses inside of it, and just through the night a kind of matter would ooze out from his head, soaked through the cloth and cap and on to the pillow. The top and back of his head was almost a solid sore, and looked so badly that words would not describe it.

Almost in despair I told my wife I had seen CUTICURA REMEDIES advertised and recommended very highly and I was going to try them. I bought the CUTICURA RESOLVENT, CUTICURA SOAP, and CUTICURA Ointment. We gave him half of the Resolvent, used part of the cake of Soap, and before we had used the second box of CUTICURA Ointment he commenced to get better, and is now as well and hearty as anybody's boy. He is as merry as a lark, sleeps soundly all night, and his hair looks glossy, thick, and soft. Will my wife look like a different woman, I look at him and think I owe it to you and to suffering mankind to write and tell you of this almost wonderful cure.

A Kansas Murder.

William Webb, one of the raiders was shot in the arm, and two or three others were slightly hurt. One hundred shots were fired.

Wade GUILTY.

SALEM, Feb. 19.—Murray Wade was tried in the circuit court today on the charge of assault upon Will G Evans, on the night of January 7. After being out four hours the jury brought in a verdict of guilty, but recommended the defendant to the leniency of the court. Technically the crime is "assault with a dangerous weapon."

A Bank Run.

PITTSBURG, Feb. 19.—Unfounded rumors caused a run of the German National Bank of Allegheny today during which \$180,000 was paid out. The excitement at one time was intense, causing almost a panic and giving the police all they could do to prevent an outbreak. In the crush around the door, one lady, Mrs. Mary Fogal was seriously bruised.

River and Harbor Bill.

WASHINGTON, Feb. 19.—The Senate committee on commerce today completed its calculations showing the effect on its amendments to the river and harbor bill. According to this showing, the aggregate appropriation recommended by the committee, covering both immediate payments and continuing contracts is \$50,164,526, a reduction of \$9,780,889.

Linn Co. Man Arrested.

From the Eugene Guard: Geo. Williams, of Harrisburg, was arrested late last night on the charge of selling liquor to a minor and given a hearing this afternoon before Justice C. A. Wintermeier. He was bound over in the sum of \$100 to appear before the March term of circuit court. Being unable to furnish bonds, Williams was sent to jail.

It appears from the testimony given at the trial this afternoon, that Williams last night gave Bertha Fisk, a girl of tender age and a daughter of Mrs. Mary Carman, a quantity of whiskey, enough to get her drunk. Mrs. Carman came down town and notified the officers, and Policemen Croner and Eastland arrested Williams at the Hotel Eugene, where he had secured a room.

Williams was a member of Co. C, Second Oregon Volunteers, having done service in the Philippines, and is quite well known all over the valley.
