Good Mining Prospects.

Last evening's Salem Journal says of the recent mining deal at Santiam: Mr. B. P. Taylor has brought samples of the ore to this city with him. The ore is all free milling and they own one claim of gold bearing quartz. The samples are rich with specks and flakes of gold and the average assay is a good figure. The road to the mine has not been used for the past four or five years, except for pack horses, and is badly obstructed by falling trees. The Taylor-Lawton-Craig party intend clearing off the road this fall and construct several miles of new roads and next spring will establish machinery to the value of \$40,000, in their mines. The development work at the mine will go on throughout the winter, and by spring all will be in readiness for the machinery.

Mr. Taylor leaves tomorrow for his home and will then visit Colorado Springs, but expects to return in three weeks' time and will personally superintend the mining work. All of the party are experienced miners, each having made considerable fortune in the Cripple Creek, Colorado mines. Mr. Taylor says the outlook for placer mining on the Santiam is not excellent, there being only small quantities of placer ore found in the gravel of the old river bed. But large quantities of free milling ore is there awaiting development.

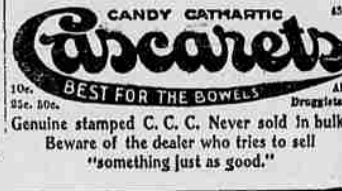

Minister's Mistake.

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take, Oomp's Balsam, the best Cough Cure." This was hardly what he had expected and, after a moment's hesitation, he turned it over and found on the other side the matter it tend or the reading.

Like Oliver Twist, children ask for more when given One Minute Cough Cure. Mothers ensure it highly for ecroup. It quickly cures all coughs and colds and every throat and lung trouble. It is a specific for grippe and asthma and has long been a well known remedy for whooping cough.—Fosbay & Mason.

Chronic Constipation Cured.

The most important discovery of recent years is the positive remedy for constipation. Cascarets Candy Cathartic. Cure guaranteed. Genuine tablets stamped C. C. C. Never sold in bulk. Druggists, roc.

TELEGRAPHIC.

Terrific Raids.
LONDON, July 19.—Terrific tithes storms over the northern parts of England this evening presaged a break-up of the heat wave. At Newcastle-on-Tyne the streets were flooded and traffic of all kinds was temporarily suspended. The railroad system was disrupted, the signals burning out. In Shields several houses were struck by lightning and the streets were impassable for hours.

Hot Again.
TOPEKA, July 19.—This has been an exceedingly hot day in Kansas. All the good effect of the local showers of the past week has been lost, so far as temperature has been concerned. The mercury has ranged from 106 to 109. The air has resumed its well-known dryness, and as a result the heat has not been so oppressive. While the feeling of utter helplessness attendant upon the drought has passed, the people of the state do not attempt to deny that the fall crops are in a desperate condition.

The Strike.
NEW YORK, July 19.—J. P. Morgan gave positive denial today to the rumor that the steel strike had been settled. He made this statement to the Associated Press: "There is not a word of truth in it. There has been no such settlement and there can be no compromise on such a question. The position of the operating committee is perfectly simple and well understood and, so far as I am concerned, has my unqualified approval."

Obnoxious History
WASHINGTON, July 19.—The Secretary of the Navy has decided that the third volume of Maclay's History of the Spanish-American war shall not be used as a text book at the Naval Academy unless the obnoxious language it contains in characterizing the action of Rear-Admiral Schley is eliminated. The Secretary says it would be entirely improper to have a history containing such intemperate language as a textbook for the cadets.

Leisure's Suicide.
SAN FRANCISCO, July 19.—John C. Leisure, a well-known attorney of Portland, Or., took his life today in a lodging-house at 27 Grant avenue by swallowing the contents of a vial of carbolic acid. Dependency because of business reverses and inability to secure employment was the cause. In the room were two letters, one addressed to the Corner and one to Leisure's wife.

The Salmon Run.
ASTORIA, July 19.—The catch of fish in the lower river last night was good, and the reports from the upper river are to the effect that the run is improving daily. One cold storage plant started this morning with 15 tons to begin work with.

Don't Tobacco Spit and Smoke Your Life Away. Quit tobacco easily and forever. Buy the "Golden Rule" and "The Wonder Worker," that makes weak men strong. All druggists, 50c or 25c. Cure guaranteed. Booklet and sample free. Address: Smoking Remedy Co., Chicago or New York.

Sewer Notice.

To all whom it may concern and especially to Wm. M. Hoag, A. Pearce, M. Hess, J. P. Wallace, Mrs. F. A. Hayne, The Oregon and California Railroad Company and the Southern Pacific Railroad Company, owners and holders of real property through which passes the line of the following described proposed lateral sewer in the city of Albany, Oregon. You and each of you are hereby notified that the said city of Albany proposes to construct or cause to be constructed a lateral sewer through the property hereinafter described at the cost and expense of the owners and holders of the real property, benefited directly or indirectly by such sewer, passing through said property hereinafter described.

That they propose to cause an 8 inch vitrified tile sewer pipe lateral sewer to be constructed through and across the center line of Blocks 40 and 33 in Hackleman's second addition to the city of Albany, Oregon, beginning in the center of the East line of said Block No. 40 and running thence westerly along the center line of said Blocks No. 40 and 33, and terminating at the West line of said Block No. 33, said sewer to be constructed, laid and completed in the manner and form provided by ordinance and profiles now on file in the office of the city recorder of the said city of Albany, and you and each of you are hereby notified that the council of said city will on Tuesday, the 23rd day of July, 1901, at the hour of 7:30 o'clock p. m. of said day meet at the city council chambers in said city and hear and determine all objections or remonstrances to all or any portion of said proposed improvement.

Published by order of the common council of the city of Albany, Oregon, made by resolution No. 4, adopted by said council at a meeting thereof held on July 10, 1901.

J. S. VAN WINKLE, Recorder of the city of Albany, July 12, 1901.

HOME AND ABROAD.

J. M. Witzel, of Turner, has taken advantage of the bankrupt law with \$3,000 liabilities and no assets. He stamps which \$25 worth of postage stamps which disappeared at the Corvallis post office were found to have been hid by mice. It will cost \$10,000 to defend John and Thomas Considine at Seattle, of which J. Hamilton Lewis will receive at least \$5,000. It promises to be the hardest fought trial in the history of the Northwest. Money counts and the Considines will never hang, perhaps not even go to jail.

The parents of Rose Maretta, the star bareback rider in Sell & Grey's circus, now in Oregon, reside at Sparks, near Baker City, and when the circus was at that city, attended the performance. When the daring rider appeared the father and mother and brothers and sisters cheered loudly and waved their handkerchiefs.

A new system of charging has been inaugurated at Lower Soda by Mr. Geisendorfer. Heretofore 50 cents a week has been charged for each tent. A new order is 50 cents a week for each adult with camp and spring privileges with a discount for families. As there have been various reports about the matter, and as a number of Albany people are contemplating trips there we give the facts.

Scio.

From the News.
Miss Nellie Riley, of Albany, was a guest of the Misses Donahue, at Mukers the latter part of the week.

Mr. and Mrs. G. W. Phillips, Jr., have moved to Salem, where George has accepted a position in the asylum. Prof. E. O. Peery has leased the Harnish residence, formerly occupied by E. E. Larimore, and has moved his family there. They will make this city their home for a year at least.

Miss Sylvia and Winnifred Mankers and W. A. Eng, of Scio, and Miss Chamberlain, of Albany, went up to Lower Soda for a couple of months camping trip. There is a pretty good lot of dissatisfaction among the creamery patrons, owing to the low price of butter, and the conditions under which the creamery is compelled to operate.

Mr. and Mrs. Orlando Neillands returned to their home in Albany Saturday, after a several days' visit with Mrs. Neillands' brother, W. C. Miller, at Mukers.

The Star mills, on Roaring river, have again commenced operations, after a short lay-off for repairs. They are turning out a fine lot of lumber, which is being handled by H. S. Johnston & Co. of this city.

Reports are that there will be all kinds of Chinese pheasants the coming season, as the young ones are quite plentiful. If the law is strictly observed and the young ones allowed to grow to full size before the season opens there will be a plenty of them, and hunting will be a pleasure.

Albert Neal, who was so seriously injured by a falling tree a short time ago, died at the Scio hotel Friday of last week. It was thought that the only chance for him to recover would be by taking out the broken pieces of his skull, and this was done Friday by Drs. Prill and Hill, but he only survived five hours after the operation was completed.

A Sustaining Diet
These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the Day of fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at the time of the year.

Stop Coughing

There's nothing so bad for a cough as coughing. Every cough makes your throat more raw and irritable. Every cough congests the lining membrane of your lungs. Cease tearing your throat and lungs in this way. Take

Ayer's Cherry Pectoral

From the first dose the quiet and rest begin; the tickling in the throat ceases; the cough disappears.

There's nothing so good for a cough as Ayer's Cherry Pectoral.

Kodol

Digests what you Eat
Dyspepsia Cure
There is one certain way of curing indigestion and stomach troubles, that is: give your stomach a rest but still eat plenty of good food to keep up the nourishment for your body. You can do this by using KODOL. DYSPEPSIA CURE because it is the one preparation which digests what you eat without aid from the stomach. Nature will then repair your worn out digestive organs and restore them to healthy condition. It relieves that feeling of fullness, belching and distress after eating. "I suffered with dyspepsia a great many years. I tried many remedies without relief until I used KODOL DYSPEPSIA CURE. My health has improved and I now feel like a new man. S. J. Fleming, Murray, Neb."

It can't help but do you good
