Brownsville.

From the Times:
We regret to learn that H. E. Moore and family have decided to leave Linn county. They will locate in Crook county. Mr. Moore having made arrangements to take up a claim on Fly creek.

Mr. Edward Holloway, of Portland, has purchased the J. M. Long farm of 336 acres located south of Brownsville, paying Mr. Long \$6,000 for the place.

The friends of Prof. L. R. Alderman, principal of the McMinnville public schools, will be pleased to learn that he has decided to become a candidate for the republican nomination for superintendent of schools of Yamhill county.

Mrs. Fred Bruckman and son arrived home Wednesday from their visit at Gates, but Mr. Bruckman did not return until the following day on account of getting left at Albany. It is told on him that just before the train pulled out for Brownsville he stepped into the freight room to take a look at a crate of potatoes which had caught his agricultural eye because of being covered with a fine growth of hair. Not being exactly satisfied with his own investigation he called in the freight agent, who informed him that this "new variety of spuds" are commonly known as coconuts. When he got over his excitement the train was gone.

Died, at his home south of Crawfordville, Oregon, on Tuesday, August 27, 1901, of heart disease, Joseph S. Seeley, aged 88 years, 10 months and 7 days. The deceased had been ill for several days preceding his death, but had about recovered and at the time was attending to some sheep in the field when he was suddenly stricken and died in a few minutes. Joseph S. Seeley was born in the state of New York in the year 1824, and when 8 years old accompanied his parents to Illinois to reside. He crossed the plains to Oregon in 1854, and in 1857 married Miss Sarah A. Robnett. Eight children were born to them.

Edwards, St. Paul.

The Strike.

PITTSBURG, Aug. 30.—While there is no actual change in the steel strike situation, much transpired today calculated to produce results in the near future. The conference between the committee from Milwaukee and the Amalgamated Society of Engineers, which was held in the Labor World building for the impachment of President Sussler; the march of the strikers of McKeesport to Duquesne, and the decided effect of the injunction proceedings at Canal Dover, O., all indicate that the crisis is approaching.

Fatal Train Wreck.

SPOKANE, Aug. 30.—According to reports received at the Great Northern offices here, an eastbound freight train ran away on a steep grade in the mountains east of Kalispell and crashed into westbound passenger train No. 3. The greatest mortality is said to have been among a carload of Italian laborers, 17 of whom are reported to have been killed outright, while others were injured.

Immense Wager.

NEW YORK, Aug. 30.—What is said to be the greatest wager in the history of the sporting world has been arranged on the result of the international yacht race. Twenty English and American capitalists are interested in the venture, which involves nearly half a million dollars. W. F. Kustin, president of the Pittsburg Stock Exchange, represents 10 wealthy residents of that city.

Land Office Business.

WASHINGTON, Aug. 30.—Hon. Binger Herman, Commissioner of the General Land Office, has completed his annual report which shows that during the year 15,692,708 acres of the public domain were disposed of and that the receipts exceeded those of last year by \$592,402 and the land disposal by 2,108,908 acres.

A New Candidate.

CHICAGO, Aug. 30.—Senator Dolliver, while in Chicago today announced that Gov. Shaw of Iowa would be a candidate for the Presidency. The Senator also said that Iowa and a considerable portion of the Middle West would be back of Iowa's favorite son.

Rev. D. O. McFarland, of Dallas, is in the city on the way to conference at Medford.

A. H. Martin and Edmond Parker went to Detroit this afternoon.

Miss Lettie Noedham, of Portland, is visiting Albany friends.

W. S. Walker's best days threshing was 3140 bushels. Good enough.

Carnival Coming On.

On Wednesday evening, Sept. 18, the Port and Carnival will open in a brilliant array of splendor such as is seldom seen in the Northwest. The great exposition building will be illuminated by nearly 3800 electric lights, while the adjoining Multnomah Field, with its five acres, will have lights equaling 40,000 candle-power. The Carnival will afford a whole month of pleasure and interesting instruction. The railroads and steamboats are going to carry people to and from the Carnival at one and one-third fare for the round trip, and their excursion tickets will be good for 7 days. There will not be a dull moment at the Carnival—some sort of entertainment will be going on all the time, afternoon and evening, with two full military bands discoursing music. The attractions will be unsurpassed, and the Carnival will last a month.

Attractive Women.

All women sensibly desire to be attractive. Beauty is the stamp of health because it is the outward manifestation of inner purity. A healthy woman is always attractive, bright and happy. When every drop of blood in the veins is pure a beautiful flush is on the cheek. But when the blood is impure, moroseness, bad temper and a sallow complexion tells the tale of sickness, all too plainly. And women today know there is no beauty without health. Wine of Cardui cures women with beauty and attractiveness by making strong and healthy those organs which make her a woman. Try Wine of Cardui, and in a month your friends will hardly know you.

MISFITS

The public generally should rise up against itinerant grafters in whatever line of work they graft.

The Democrat dislikes to see any one unbecome from the business man who pays for space on a useless card to the farmer who buys patent rights of practically no value.

Here's one told by a next door neighbor on an Albany druggist. On returning from the mountains recently he told about catching 134 fish in one day. Pains were taken to interview the two children of Mr. Woodworth and one said it was only four, while the other declared he never caught a single fish. They hadn't been posted.

The Register of Eugene publishes a list of one hundred people who advertise in its columns. The merchants of that city are rustlers and appreciate a good thing. It is enterprise like this that builds a city up. The name of every live business man in a town whether the business is small or large, mercantile or professional, should be in the columns of the local papers. It is the way to reach the people.

The removal of O. H. Markham, of the S. P. to San Francisco, will be a loss to the Willamette Valley. He has been a rustler for the state and as well a man among men. Some railroad men got the big head, and you can't touch them, but Markham is one of the people, a genial, approachable man, with a clear head. If you are introduced to him once he remembers it the next time he meets you regardless of the fact that he is meeting hundreds of different men continually. Further than this he is a broad minded, shrewd man, who appreciates the factors that build up the business of a road.

THE FAIR.—The Oregon State Fair at Salem, September 23rd to 28th, 1901, inclusive, promises to be the best this year that has been held. New features for amusement and instruction have been added, and particular attention will be given to the Stock Exhibit, owing to the great and constantly increasing interest in dairying throughout the state. For this occasion, the Southern Pacific Co. will make a rate of one fare for the round trip, from all its stations in Oregon, to Salem and return, and it is to be hoped that everyone who can do so will show his appreciation by taking advantage of this opportunity to pass a few days pleasantly and profitably at our State Capital.

Only a Mask.

Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat or sleep well. What they need is what tones the nerves, perfects the digestion, creates appetite, and makes sleep refreshing and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

It looks as if the big yacht race is to be a great gambling affair. Men will wager hundreds of thousands of dollars on the result. The trouble is that the money will continue to circulate among the same class of men whoever wins.

Dr. C. R. Templeton, of Portland, a former Linn county young man, returned on Thursday from Nome, where he went last June. He was also there last year, taking up a claim. But the district in which his claim was located proved a great disappointment. Four fifths of the claims there did not pay last year, and the paying claims are all in litigation.

The store of J. P. Hahn at Hay Creek, Crook county, together with his entire stock of goods, was destroyed by fire last Saturday. The fire started from the explosion of a bottle of chemical of some kind which Mr. Hahn was warming over a lamp, preparatory to selling some of it. He carried no insurance. The building cost \$650 and was well filled with goods, the value of which we have not learned. Mr. Hahn was formerly in business at Sweet Home.—Express-Advance.

Beauty is Health.
Walnut Lake, Ark., June 8, 1900.
I thank you for the benefit I received from your advice and the Wine of Cardui I took in my terrible condition. My life was no pleasure to me at all and I was of no use to anybody. After receiving your advice and medicine I commenced taking it and began immediately to improve. The pains left me and the menses, which came at the correct time, continued three days. I have gained strength and my weight has increased. My husband says the medicine has made me better looking than ever before.
Mrs. LIZZIE MANNELL.
Womanly health means bright eyes, rosy cheeks, clear complexion and elasticity of form. This is the youth unmeasured by years—the beauty of perfect womanhood. Beautiful women are happier and get more out of life than their sisters whose faces indicate suffering. Wine of Cardui made Mrs. Mannell "better looking" and infinitely happier because it cured her of those terrible pains. But she is no exception.
WINE OF CARDUI
Is giving thousands of women health, beauty and freedom from the dragging pains which made their lives so miserable. Van faces, haggard eyes and emaciated forms are the results of suffering. What suffering can compare with the torture of irregular menstruation, leucorrhoea and falling of the womb! Beauty flees quickly before the ravages of such disease. The sharp pains of falling of the womb deepen the crow tracks in the face. Menstrual irregularities rob the eye of its fire and the complexion of its transparency. Leucorrhoea drains the body of its strength, but Wine of Cardui restores the natural beauty, brightens the eye, clears the complexion, rounds out the figure and brings back the vigor of health. Every druggist in this city handles \$1.00 bottles of Wine of Cardui.
