

Scalping People.

The Valley paper that criticizes Scalp Bounty Williamson of Crook County, will have the Prinsville Journal after it like a mad hen.

Under the new scalp bounty law over \$18,000 has been paid out of the Treasury since Feb. 26.

It is said that Scalp Bounty Williamson will now try for the Secretaryship of State.

The above effusion is taken from the Jefferson Review, a little insignificant "patent outside" spam produced periodically at a little wayside resort on the Santiam bottom in the loneliest corner of Marion county.

The socialist doctrine is "that private ownership of the means of production and distribution" should be "transformed" into "collective ownership by the people."

In the hills is a large saw mill owned by three men who are partners in the lumber producing business. This is "private ownership."

"Transforming" means the conveying of the title to the property from its owners to the entire people—the government.

Here is a woolen mill owned by a half dozen stockholders, or partners if not incorporated. This, again is "private ownership."

Apparently, it doesn't do for republican officers to boast of the honesty and efficiency of their departments.

Returned traveller in the Chicago Record. The shoemakers of Vienna who called upon the Governor of the province to protest against the admittance of American shoes into the local market told the Governor that in America a man went to a place to get a pair of shoes; he was immediately measured, treated to a cigar and a drink, and while being entertained the shoes were made for him and delivered—a perfect fit.

From the London Chronicle. In spite of excessive decentralization and the lack of a regulative central authority, America has, by making education a local concern, by confiding to each district the organization and control of its schools, by insisting on free public schools in the true sense of these much-abused words, created a system which, in spite of its crudeness and obvious imperfections, may yet excite our envy both as it brings education, secondary as well as primary, within the reach of all, and as it is capable of infinite self-development and progress, unshackled by the dead hand of centralism and of a paternalistic authority.

Simply Ideal.

EDITOR DEMOCRAT: I was much interested in the discussion of socialism by "Farmer" and Mr. Hale, but it seems to me that they fell short of the true conception of the subject.

The socialist doctrine is "that private ownership of the means of production and distribution" should be "transformed" into "collective ownership by the people."

But how can a workman have a share in the profits unless he have a moneyed interest in the railroad, plant or woolen mill. If it be necessary for the laboring man to hold a moneyed interest in the concern where he is employed in order that he may be a profit-sharer, then he may be a profit-sharer without waiting for the advent of socialism, for he may purchase an interest under the present system.

The lawyers and excoctors in the Fair estate have already received over \$400,000. Some one will cry that they got all the kernal, but stop, each of three heirs will receive \$5,000,000. \$15,000,000 left for the heirs indicates that San Francisco lawyers have been greatly libeled.

A man writing east from Eugene calls that part of the United States somewhat of a heaven, and declares that he eats four or five times a day and sleeps ten hours a night. M. Hickey at the meeting of the Bayview lodge tonight.

In the Philippines.

MANILA, Sept. 1.—Everything points to the early capture or surrender of Miguel Malvar, the insurgent leader. When either event occurs, everything will be favorable to the establishment of permanent peace.

It is in the plans of the military authorities, as a first step toward reducing the force, to make two departments instead of four, which would result in a considerable saving.

A Cleveland Flood.

CLEVELAND, Sept. 1.—With the breaking of dawn this morning the citizens of Cleveland awoke to look upon a scene of devastation and destruction caused by a raging flood. While the entire city was more or less affected, the great volume of raging water vented its anger over miles of the eastern portion of the city and caused an amount of damage estimated at \$1,000,000.

The Presidential Day.

BUFFALO, Sept. 1.—The ceremonies and other formal functions which will mark President McKinley's visit to the Pan-American Exposition have been finally arranged by the committee on reception. President McKinley and party will arrive at the station of the New York Central Railroad from Washington at about 9 o'clock on the evening of September 5. They will be met at Dunkirk by a special committee.

Carrie Nation Again.

NEW YORK, Sept. 1.—Carris Nation, who arrived in this city today, was arrested at Twenty-eighth street and Eighth avenue, charged with "raising a crowd and creating a riot." She was released, however, upon the assurance of her escort that she would go direct to her hotel. Before being arrested, Mrs. Nation entered three saloons and two concert halls and in strong language lectured in the bartenders and the persons gathered in the different resorts.

Bryan Will Speak.

KANSAS CITY, Sept. 1.—W. J. Bryan is expected to be the feature of the Labor day celebration tomorrow at Electric Park and will, it is said, deliver a speech of special interest to workmen. Preparations for a big parade and a demonstration beyond that usually held here on Labor Day have been made.

France and Turkey.

PARIS, Sept. 2.—The result of Munir Bey, the Turkish Ambassador, coming to Paris, in spite of the rupture of Franco-Turkish relations, and holding a fete, in the most open way, at the Turkish Embassy yesterday, in honor of the anniversary of the Sultan's accession to the throne, has been that the French Government sent him, the same afternoon, a request to leave France immediately, and Munir Bey departed for Switzerland that evening.

Labor Day.

PITTSBURG, Sept. 2.—Pittsburg was given over to the "Sturdy sons of toil" today, who paraded the streets many thousands in celebration of Labor day. The interest, owing to the Amalgamated strike, was never as great. The procession was in four divisions. The first division was made up of the Amalgamated strikers, with President Shaffer in command. They were greeted with enthusiasm all along the route.

The Strike.

PITTSBURG, Sept. 2.—The steel strikers who have been trying for a week to get the employees of the Carnegie plant at Duquesne to come in, made a last stand today and failed. A parade from McKeesport to meet the workmen on their way to the mill at 8 a. m. and induce them to remain away had been arranged, but when the hour arrived there were no marchers and the parade was abandoned.

Cotton Crop.

NEW ORLEANS, Sept. 2.—The total of Secretary Hester's crop report on cotton for 1900-01 was 10,353,423 bales, against 9,426,416 bales last year, and 11,274,840 bales the year before last. The mills of the South need 1,620,930 bales, which was 23,819 bales more than during 1899-1900. With the exception in bales over last year of 947,008, the South obtained for the crop an increase of 130,782,729.

A New Record.

NEW YORK, Sept. 2.—At the annual Labor day athletic meeting of the Greater New York Irish-American Athletic Association, at Celtic Park, Long Island, John Flanagan, the champion 16-pound hammer-thrower of the world, added new honors to his former record by throwing the missile 171 feet 9 inches, breaking the former record by 2 feet 5 inches.

In every town and village may be had the Mica Axle Grease that makes your horses glad.

The South African War.

LONDON, Sept. 4.—"Dewet has issued a proclamation," says a dispatch to the Daily Mail from Cape Town. "that he will shoot all British troops found in the Orange River Colony after Sept. 15."

Sales Closed.

WASHINGTON, Sept. 3.—The General Land Office has been informed of the completion of the sale of town lots in Lawton, in the newly opened part of Oklahoma, which finishes the government sale in all the towns in that section.

Merriam's Successor.

DENVER, Sept. 3.—The News today says: General H. C. Merriam of the Department of the Colorado, will probably be succeeded upon his retirement by General Arthur MacArthur, late commander-in-chief of the American forces in the Philippines. General Merriam retires from command of this department next November on account of age limitation.

The Strike.

PITTSBURG, Sept. 3.—Developments today in the steel strike show decided gains for the manufacturers. The accession of 32 skilled men to the Star plant, the increased production at the Painter and the Lindsay & McCutcheon mills, and the defection from the strikers' ranks of 83 machinists and pipe cutters at the Continental Tube Works and 50 at the Pennsylvania Tube Works and the installation of three mills on the night turn at the Clark plant, all point to an early resumption all along the line, as viewed by the steel officials.

The Big Bet.

PITTSBURG, Sept. 3.—The great international yacht bet of \$400,000 between an English syndicate, represented by Walter J. Kingsley of London and a group of Pittsburghers, represented by William L. Mustin was finally arranged (this afternoon). The entire sum was deposited in the hands of the stakeholders. Mr. Kingsley turning over \$150,000 in British bank notes and Mr. Mustin giving a certified check for \$250,000.

A Highwayman.

ASHLAND, Sept. 2.—A lone highwayman on horseback was the principle yesterday in three hold-ups on a by-road leading south from Hunt's station, on the Ashland-Klamath Falls stage route. After his encounter with the riding robber Mr. Yadin went to the logging camp, obtained a number of men to accompany him on a trip to overtake and arrest the highwayman, and secured him at Puckett's where he was found eating his meal.

Health Census.

The census report just received shows the death rate in Oregon to be a little less than ten per cent, about the lowest of any state in the United States. The average for the whole country is approximately 15 per cent. Portland is about the average of the state and probably of the other cities in the state, 9.5 per cent. Both San Francisco and Los Angeles are 20 per cent. San Jose is 24 per cent, San Diego 22 per cent. The highest is Savannah, Ga., 34 per cent. In Oregon in 1900 there were 3,398 deaths.
