## TELEGRAPHIC.

### A Live Battle

MANILA, Oct. 18.—Five hundred bolomen attacked a detachment of 40 men of the Ninth Infantry at Bangajan, on the Gandara River, island of Samar, Wednesday, killing 10 and wounding 7. The remainder of the company arrived on the scene in time to prevent further slaughter, and routed the enemy, killing over 100 of them. It is believed that the enemy only retreated for reinforcement.

### England and Russia Agree.

St. Petersburg, Oct. 18.—The British and Russian governments have come to a complete agreement regarding the Afghan situation. It is asserted in high diplomatic circles here that even should complications arise in Afghanistan in consequence of the death of Abdul Rahman and the accession of Habibullah, these would not lead to concurrent intervention.

### A Good Example.

CRAWFORDSVILLE, Ind., Oct. 18.—William Cox, a wealthy farmer, has been fined \$1000 and costs in Circuit Court for dodging taxes. It was shown that for 17 years he has made false returns and escaped taxation over \$100,000. As a result of the criminal prosecution, the assessor has placed \$50,000 on the tax duplicate against him.

### Simon Objects.

WASHINGTON, Oct. 18.—Senator Simon of Oregon, called upon the President this morning, and had a pleasant interview concerning appointments in Oregon. He particularly expressed dissatisfaction with the appointment of George W. Bibeau, as receiver of the Oregon City land office. President Roosevelt said he had not been previously aware of harmony in the Oregon senatorial delegation.

### The Schley Inquiry.

WASHINGTON, Oct. 18.—Just before the Schley court of inquiry adjourned today Attorney Raynor, counsel for Admiral Schley, informed the court that he hoped to be able to conclude the presentation of testimony for the applicant by the close of next week. He said that he thus far had not had the opportunity to consult with witnesses who are still to be heard. He, therefore, asked that an adjournment be taken from today until Monday.

### Several Killed.

New York, Oct. 18.—Five men were killed and two injured today when an enormous mass of rock caved from the side and roof of the Rapid Transit tunnel, in the course of construction on Broadway about the line of One Hundred and Sixty-fourth street. The dead are:

Peter O'Hara, 35.  
Timothy Kelleher, 60.  
John Gronski.  
Patrick Madden, foreman of the muckers.  
Luigi Danife, 25.

### Death of M. W. Orton

The particulars of the death of M. W. Orton, formerly of Albany, are given as follows:

M. W. Orton, an insurance man of Riverview, Wash, was riding a wheel along a country road near the town of Choney, this morning. Behind him came a lumber wagon containing four men who were driving their horses rapidly. In some manner, Orton was run down, and as the big wagon came upon him his head was crushed to a jelly. On went the lumber wagon, the occupants never stopping to see how badly their victim was hurt. Orton died instantly.

The four men were captured later. They are John Bilefield and his son John, Frank Spents and Harry Litchworth. They had been hunting. They say that their team became unmanageable, and that Orton stepped from the one side of the road to the other before he was run down. Others say he was run over.

## MISFITS

There is an average of one hold-up a night in Portland these days. At this rate in 300 years everybody in Portland will have been held up.

A Holix man shot his wife and then committed suicide in jail. He should have committed suicide before shooting his wife. Such men are too small to be born, mere microbes.

There is great consternation in England over the proposal of Buller, the bull-headed general, to make another speech. He is one of that class of men found everywhere who put their feet in their mouths, when they say anything.

The Austrian parliament did not refer to the death of President McKinley upon opening, because he was only a president. Why bless you being president of the United States is more than being emperor of a thousand little weaklings like Austria. Oregon alone is more of a country than Austria.

Mr. Corbett is appreciated now that he is wanted to make the Lewis and Clark exposition a success. He is plenty young and vigorous for this work, though too aged to be U. S. senator. Nevertheless it will be entirely proper that Mr. Corbett shall not be U. S. senator.

## Going Out of Business.

From now on Mrs. Ashby will begin to close out her large stock of Millinery. Any one wishing a good business, well established, will do well to call on her, will call for cash or part trade for other property. Poor health her reason.

### Baby's Coming

McDonald, Ga., July 18, 1900.  
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.  
MRS. GEORGIA LEE.

### WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.
