The Modern Mother

Has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co only.

Negotiations are pending for the erection of a new church in Corvallis. Contractors were figuring on its cost Monday. At last accounts the contract had not been let. The building is to be devoted to the Spiritualist faith. As projected, it is to be 30x40 feet, and if built, will be located on the lots near Dr. Flint's residence.—Times.

A Valuable Addition.

For years persons have wondered why the elevated grounds in the southwestern part of the city known as the Monteith land was not laid off into lots and blocks.
The site is unsurpassed for residence property as the snow covered peaks of the Three Sisters arise in plain view on a clear day, while the ocean breezes from the Pacific during the summer season make it an ideal location.
Mr. G. W. Wright, of this city, has lately purchased a large portion of the Monteith tract and is having it platted to be designated as "Wright's Western Addition" to Albany, Oregon.
The land fronts on Elm street and is about two blocks from the sewer on Vine street.
Mr. Wright informs us that any person who desires to buy a lot for a home will by calling on him at his law office in the old post office block, be given opportunity to purchase same, on the installment plan, or on long time at low interest or by cash as may best suit the purchaser.
