

Water Notice

We ask water consumers to observe the following hours:

Irrigation hours, 5 a. m. to 9 a. m. and 4 p. m. to 9 p. m.

Sprinkling streets with hose prohibited.

Hose must be used with nozzle. Waste in closets is not allowed. In case of fire all irrigation must stop. A careful observance of these rules will be insisted on, as in no other way can we furnish a satisfactory service.

Kodol

Digests what you Eat

Dyspepsia Cure

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The 8c. bottle contains 2 1/2 times the 5c. size. Sore, burns, wounds, skin diseases, quickly cured by DEWITT'S **WITCH HAZEL SALVE**. Beware of counterfeits.

MISFITS

This is the crowning day in the life of Edward VII of England.

Of course the Tracey reward will be paid in full. This is already settled. It is a different case entirely from that of the finding of the body of Merrill.

Complaint: About a million Canada thistles at the corner of 2nd and Baker streets are a menace to the community and should be exterminated.

The Sentinel says that Superintendent Lee positively arranged to have the body of Tracey placed on exhibition down town in Salem, but public sentiment rose up against such an outrage.

An Oregon City paper does Linn county great honor by placing the Bohemia mines within this county. We have them not, but we have part of the Blue River mines and the Santiam mines, and predict that both will be heard from about as loud as the splendid mines of Bohemia.

Several years ago a Portland man put \$1,000 into a Bohemia mine, hardly expecting to realize much from it. Now he receives an income of approximately \$1,000 a year from it. Several mines there are paying big incomes. Bohemia, when its railroad is completed, promises to become one of the best camps on the coast.

There were two mad drummers at Eugene yesterday. One got off the train while on his way to Portland and saw his trunk being taken off at the wrong station. He shook his fists frantically at having his trunk left at such a small town. Another drummer's baggage arrived from town too late for the train and both got left. It was a hot time for that quiet little berg.

At a hotel in Atlantic city yesterday Attorney General Knox and Charles E. Schoen, a Philadelphia millionaire, and two or three other men had a fight. An attempt was made to make it appear that the men were trust magnates and pitched into Knox on account of the show of a trust suit that Knox is prosecuting. This is of course all rot. The men had simply been drinking, that was all. Knox is a trust man himself, and the trust know he is on their side.

Mr. Elder, of this city, is not the only person who falls asleep sometimes while driving. The E. A. of Lebanon, says:

A. M. Wilson, the renal liverman, tells the following joke on himself: He took a gentleman to Brownsville Wednesday evening, starting back from that place about 9 o'clock. As the horses were tired and warm, he drove slow, and when about five miles this side of Brownsville he dropped asleep and slept about an hour. When he awoke the team was going toward Brownsville and was about a mile nearer that place than they were when he went to sleep. He thinks that while he was asleep the team came about three miles this way and then turned around and went four miles the other way. It was about 1 o'clock when he reached home.

TELEGRAPHIC.

Coronation of King Edward.

LONDON, Aug. 9.—It was announced at Buckingham Palace at a quarter past 8 o'clock this morning, that King Edward was in excellent health and spirits.

Although the doors of Westminster Abbey were opened at 7 o'clock this morning, few participants in the ceremonies attended upon the coronation of King Edward arrived until considerably after that hour. By 8 o'clock most of the best positions along the route of the procession were occupied. The coronation occurred according to program.

The Strike.

SHENANDOAH, Pa., Aug. 8.—A platoon of the Governor's troops of cavalry went to Turkey Run Hill today on an errand of mercy, and rescued a small family from violence of the neighbors. Petty acts of violence have been reported from that territory every day for a week. Today General Gobin received a pathetic letter from the wife of a nonunion workman who is employed in the Gilberton colliery of the Philadelphia & Reading Coal & Iron Company, in which she tells of the treatment accorded her by strikers in that vicinity.

A Bold Attempt.

HOQUIAM, Aug. 8.—A bold but ineffectual attempt was made to force an entrance into the vault of the First National Bank yesterday morning. When the teller, A. M. Campbell, opened the vault, he found the safe partly turned over and settled half through the floor. A hasty examination showed that the concrete floor had been tunneled into from the rear, a heavy jack-crew and a complete kit of burglar tools were found under the vault.

Of Course Not.

METCALFE, Ia., Aug. 8.—W. J. Bryan settled for all time the rumor that he will be a candidate for President in 1904 in an interview while on the way to Danville, Ill., where he spoke tonight. Colonel Bryan when shown the reports that he might again be a candidate, was much nettled and expressed himself in no uncertain manner.

A Big Majority.

NASHVILLE, Aug. 8.—Chairman Thompson of the democratic state executive committee, estimates a majority of 40,000 for the democratic ticket in yesterday's primary for Judges of the Supreme Court and Court of Chancery Appeals.

Municipal Ownership.

SALMON, Aug. 8.—Salmon may have a municipal electric lighting plant. In compliance with an order made by Salem City Council several weeks ago, Alderman Griswold will on next Tuesday begin inspecting the various sites that have been offered the city.

Harrisburg.

From the Bulletin:
Mr. Dan McClain last week received from Sheriff Worth Hutton the appointment of deputy sheriff for the Harrisburg district.

Mr. Charles Sperling says that his stubble land that was plowed and sown last fall will yield about 30 bushels of wheat to the acre, while his summer fallowed ground will only yield about 20 bushels. Here is food for reflection.

Mr. H. H. Sommerville started on Tuesday with his family to Eastern Oregon, where they will sojourn indefinitely. Two heavy freight wagons, with four horses attached to each, furnished transportation for his household effects, and he and his family will make easy drives with the family carriage while crossing the Cascade mountains.

All threshing machines hereabouts have commenced operations and will make short work of preparing the crop for storage. The yield is better than was estimated before harvest season. Oregon soil can be relied upon for a bountiful supply of cereals when given a half chance.

Dr. T. C. Mackey was called Tuesday to dress the wound upon the hand and wrist of James Coleman. The wound was the result of an altercation between James Coleman and one Sam Cox, the particulars of which is not to hand at this writing. However, as it is reported, Cox attacked Coleman with a knife and that in defense of his body against a wicked thrust received the point of the knife about the first joint of the thumb and from there the slash extended across the muscles and tendons toward the first joint of the little finger, completely severing the tendons.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & Co., Toledo, Ohio, Sold by Druggists, 75c.

Hall's Family Pills are the best.

How Are Your Kidneys?

Dr. Hobb's Sarsaparilla cures all skin, eye, blood, and other ailments. For sale by all druggists.

HOME AND ABROAD.

Mr. Samuel Templeton, a pioneer, died at Brownsville yesterday.

Miss Nellie Standish, of Brownsville has returned from Chicago, where she has been studying music.

The Salem Sentinel says the Gilbert bank was a hot affair, a balloon run on a mushroom appetite and a toast stool judgment.

A Benton county man planted a large field to water melons last spring and now has a big field of summer squashes and no water melons.

Mr. Virgil Averill, one of Brownsville's popular young men, and Miss Pearl Chamberlain, of Lewisville, Polk county, were united in marriage at Lewisville on Aug. 6.

George O. Gondall, who recently had a leg amputated in Portland, is now at his home in Crawfordsville, having recovered less one leg. He is a very popular young man and will make it regardless of his great loss.

Jas. A. Wilson, who is chief deputy in the U. S. Marshal's office, spent Sunday in Medford. He was a resident of Josephine county for a number of years, and is well known in Southern Oregon.

Seattle has reason to crow. The increase in the number of building permits for July were 260 per cent more than those of July of last year, the greatest increase among the big cities of the United States. Buffalo comes next with 231 per cent, Los Angeles, 168 per cent, New York 138 per cent and Detroit 71 per cent.

Among the officers elected by the head camp of the Woodmen of the World today, were the following: F. A. Falkenberg, of Denver, Colo., Head Council; C. V. Cooper, of Portland, Or., Head Banker; N. O. Baldwin, of Pomeroy, Washington, Head Escort; Dr. C. E. M. Loux, of Pocatello, Ida., Head Watchman; A. D. Stillman, of Peardition, Or., Head Manager.

The barn of J. W. Pate, three miles north of Jefferson, was destroyed by fire Thursday night, together with a fine driving horse, 40 tons of hay, 70 dozen eggs, hick, harness, etc. The loss will reach about \$1,500, with no insurance.

The fire was caused by a lantern exploding. Mr. Pate was severely burned about the face and hands while trying to save his horses. Miss Nellie Pate was also prostrated by the heat.—Review.

Miss Dorthia Nash is in Germany. She is visiting at the home of a German baron, and to a friend in Corvallis, writes an interesting account of the customs in vogue there. In a few weeks she is to enter the High Government School of Music at Berlin, one of the most famous musical institutions in Europe. Miss Nash has broken off the engagement to an English gentleman, notice of which was printed in the newspapers a few months ago. She has recently returned from a trip to Paris.—Corvallis Gazette.

Scio.

From the News:
J. E. Cyrus returned from Dawson Wednesday, made his trip home in ten days, and reports the rest of the Scio people up there doing pretty well but the most of them will come out this fall.

Friday of last week the store of Mr. Smith, at Munkers, caught fire from a defective stove pipe, and was saved only by the timely arrival of help and the hardest kind of work.

Antone Holeb, who has been to Eastern Oregon for some time past, was brought home last Friday suffering from a severe attack of appendicitis. An abscess had formed around the appendix. An operation was performed on him Sunday morning by Drs. Prill and Hill. He rallied from the effects of the operation, but his serious condition does not give much hopes of recovery.

PRETTY SAFE RULE TO GO BY.

When there is a feeling that the heart or lungs, head or liver, brain or nerves are diseased, at once commence to doctor the stomach. That is the foundation of the trouble in 90 cases out of every 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their beginning in the stomach must be cured through the stomach. The medicine for stomach disorders and half the ills, is Dr. Gunn's Improved Liver Pills. These pills put all the digestive organs in good condition so that the disease has no basis to work upon. They are sold by all druggists for 25 cts. per box. One pill is a dose. We will send a box post-paid, on receipt of 25 cts. or to any body who wants to try them we will send 2 pills free. Send name and to Dr. Gunn, Philadelphia, Pa. For sale by Foshy & Mason, druggists.

A Cure for Cholera Infantum

"Last May," says Mrs. Curtis Baker, of Bookwaller, Ohio, "an infant child of our neighbor was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days the child had fully recovered, and is now (nearly a year since) a vigorous healthy girl. I have recommended this remedy frequently, and have never known it to fail in any single instance. For sale by all druggists.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is a pleasant and safe to take. For sale by all druggists.

How Are Your Kidneys?

Dr. Hobb's Sarsaparilla cures all skin, eye, blood, and other ailments. For sale by all druggists.
