

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Every drug I prescribed for her proved ineffectual and she was growing every hour sicker. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

Kodol Digests what you Eat
Dyspepsia Cure

You need all kinds of food to maintain the body. Curtail this variety and some organ is underfed. It is for this reason that a diet is injurious. If you cannot digest good food your stomach is out of order and needs rest. You cannot go without food for that would mean starvation. Kodol Dyspepsia Cure will digest what you eat without the stomach's aid. Take it and you can rest your stomach without interrupting digestion. It is nature's own remedy. Never fails. Anderson Riggs, Sunny Lane, Tex., says: "I was troubled with indigestion ten years and tried many things and spent much money until I tried Kodol Dyspepsia Cure. I am now feeling better than in five years and more like a boy than in twenty."

PUSH IT ALONG.

It is the universal opinion throughout the state that the Harriman plan for advertising Oregon is much the best yet considered in this state, and everywhere it is being acted upon and pushed by county committees and boards of trade. It is high time that Oregon made her name famous in the east, and if this is done we will have the two million people in ten years. That will mean eighty thousand people in Linn county instead of twenty if we merely hold our own. We must do that much and more too, for we have splendid advantages and a good start.
It will take about \$800 in this county to republish the pamphlet heretofore gotten out, generally admitted the best in the state. Of this \$400 has already been raised. The remainder will have to be subscribed by the citizens of Albany and the remainder of the county, all anxiously interested.
At a meeting of the committee appointed by President Langdon of the Alco Club, last evening, F. J. Miller, E. D. Cusick, A. J. Hodges, F. E. Allen, P. A. Young, J. O. Lee and F. H. Pfeiffer were appointed to take charge of the Albany work, and Judge Barton with the assistance of local men in each of the other cities of the county will solicit elsewhere.
This must be made to go, and promptly, for the pamphlets should be gotten out at once.

Mr. and Mrs. Fair.
Paris, Aug. 15.—The bodies of Mr. and Mrs. Charles Fair, who were killed in an automobile accident yesterday near Devereaux, were embalmed and placed in coffins today, after which they were shipped to Paris, whence they will be taken to San Francisco.
The chauffeur said today that before the accident he noticed the tire of the left hind wheel of the machine was deflated and that the rim of the wheel was rubbing on the ground. He told Mr. Fair, who tried to stop, and the accident followed. Passants who saw the automobile say it was impossible to distinguish its color.

Another Automobile Accident.
New York, Aug. 15.—A serious automobile accident has just occurred near Bourgen Bress, says a Herald cable from Aix-les-Bains. M. Maurice Dollfus and his mother, wife of the well-known stock-broker, collided with a tree. Mme. Dollfus had a leg and one arm broken and the automobile was completely smashed. M. Maurice Dollfus and the chauffeur were uninjured.

Dosch Appointed.
The Lewis and Clark Fair management has appointed Colonel Henry E. Dosch to go to Japan at the earliest practicable time, for the purpose of arranging for an Oregon exhibit at the Osaka exhibition, in 1903. The purpose is to cultivate amicable relations with the Japanese, in the expectation that they will be moved to secure large representation at the 1905 fair.
The fair management has also decided to erect a Lewis and Clark monument in Portland City Park.

The Columbia Revolution.

Three hundred government soldiers and General Ortiz and Henao, and supplies of munitions of war and provisions were captured with the Boyaca.

Against Socialism.

The spirit of the convention was most emphatically shown in the adoption of a resolution against Socialism.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circular, free.
