MISFITS

There are many kinds of tramps in this world under different names.

Seventeen blue ribbons and twelve red ones in the Linn County exhibit was a fine showing. It looked decidedly blue for a second county exhibit.

There are money makers on the state fair grounds. Even the W. C. T. U. women give a meal of meat, boiled potatoes and bread and butter for 25 cents.

R. D. Wilson, a former Albany man, and Chas. Wright, of Oregon City, recently had a fishing match, after much previous boasting. They fished all day, and Wilson got one trout.

The Telegram last evening presented the picture of Henry O. Havemeyer the sugar king, with the caption "Democrat chose him to run against Henderson." The picture of Mr. Boies was intended. This is a world of mistakes.

New York City has a sin or just come into notice who completely overhadows all others in the range of her voice. It covers three octaves, reaching as high as F in altissimo above high C. It is so high that she imitates a violin so perfectly as to deceive those hearing her.

Mahala J. Kiser has brought suit at Portland against her husband Amos E. Kiser for divorce. They were married in Benton county Aug. 1, 1867 and have ten children. The principal ground for divorce is that the husband is too lazy to work the plaintiff having supported the family for years. The divorce is hereby granted.

A Terrible Catastrophe.

BIRMINGHAM, Ala., Sept. 19.—In an awful crash of humanity, caused by a stampede in the Shiloh Negro Baptist Church, at Avenue G and Eighteenth street tonight, 78 persons were killed and as many more seriously injured. The catastrophe occurred at 9 o'clock, just as Booker T. Washington had concluded his address to the National Convention of Baptists, and for three hours the scenes around the church were indescribable. Dead bodies were strewn in every direction.

The steamer Acme will sail from San Francisco for Yaquina Bay on or about Sept. 23 with freight and passengers.

The Garmack automobile reached Ashland Thursday morning and attracted the usual attention among the natives.

The resignation of Mr. Hoeflein as Yaquina postmaster, is now in hands of department. A strong petition has been forwarded recommending Miss Irma Carter for the position.—Toledo Leader.

Fred S. Moehke and William Moehke returned to their homes in Ghabel from Brooks Saturday in time to see their homes in ashes and the surrounding country in flames. On these places these boys were raised and have spent their lives.—Or. City Courier.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Scio.

From the News:

Win Brenner sold 100 head of fine fat hogs the first of the week to Herman Hecker, of Crabtree.

Mr. and Mrs. L. L. Calavan have decided to locate in McMinnville, to which place they will go the last of the week.

Threshing and seed cleaning at the flax mill have been completed, and as soon as the straw now spread out is properly retted work will again be commenced in the mill with a full crew.

It now seems certain that Scio and Jordan will soon be connected by telephone. A subscription paper has been circulated at both ends of the route and a sufficient amount subscribed to construct the line, and this amount will be turned over to the telephone company.

Monday, September 29, is the date set for the opening of the public schools in Scio, and a good attendance is now looked for. The teachers for the coming school year are as follows: Prof. J. Perce Wells, principal, Mrs. A. G. Pail, Miss Ollie Morris and Miss J. Addie Parieb.

MISS ROSE OWENS, WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

A million suffering women have found relief in Wine of Cardui.

GRADUATES OF THE LOS ANGELES and KIRKSVILLE SCHOOLS

Wish to see all chronic cases that have been given up as incurable. It does not cost anything for the Doctors counsel and examination, and they may be able to help you.

Remember their system of healing is different from what you have been used too. They don't use drugs, surgery, massage, nor faith. But by scientific Osteopathic manipulation they control the organic life of the human body and successfully combat disease.

Don't say there is nothing in it because they don't fill the system full of drugs, but inform yourself about the science.

Remember also that they treat acute as successfully as chronic.
