The Conference a Failure.
WASHINGTON, Oct. 3.—The great coal conference between the President and the representatives of the operators and miners came to an end at the temporary white House, facing La Fayette square, at 4:55 o'clock this afternoon, with failure to reach an agreement, and, apparently, the rock upon which the conference split was the recognition of the miners' union.

Not Ended Yet.
WASHINGTON, Oct. 3.—Although the coal operators were in a defiant mood today, and the first effort of President Roosevelt to bring about a settlement has not met with success, those in possession of inside information do not believe he will stop now, but that further steps will be taken to reach a settlement. There is a suggestion tonight that the situation may be reached through the interstate commerce clause of the constitution.

Easily Influenced.
NEW YORK, Oct. 3.—The stock market was thrown into a violent decline this afternoon by the receipt of dispatches from Washington by two Wall Street news bureaus, saying that the Controller of the Currency had declared illegal Secretary Shaw's plan to abolish the 25 per cent reserve on Government deposits in National banks, and thus put \$30,000,000 out to relieve the money market.

Big Damage Suit.

Ryan & Lee, who are preparing the papers, that the Ventura Mining Corporation (limited), of London, will file a suit within a few days against the estate of W. S. Stratton for \$5,000,000. Misrepresentation at the time of the sale of the Cripple Creek Independence Mine will be alleged as the ground for action.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

MRS. IDA McDONALD,
Supreme Deputy of the Maccabees of the World.

The Small of the Back
That is where some people feel weak all the time. They are likely to be despondent and it is not unusual to find them borrowing trouble as if they hadn't enough already.

The fact is their kidneys are weak, either naturally or because of sickness, exposure, worry or other influences. "I am thankful to say," writes J. L. Campbell, of Spearman, Ill., "that Hood's Sarsaparilla has cured me. For many years I was troubled with back-ache. At times I was so bad I had to be helped from the bed or chair. I am now well and strong and free from pain." What this great medicine did for him it has done for others.
