MISFITS

This do settle it. Our friend Bill Quener, police judge of Stayton, wants a special session. When "Feather Legs" appeals all the old Pow Jays will respond "Instantly." The great and only Umalicket I have established at his headquarters at Albany and is eager for the fray.—Jefferson Review.

The now famous Mary MacLane yesterday suddenly decided to return to Butte, Mon., and, packing her things, started for her own dear Butte, Mon., far far more lovely than New York or even cultured Boston. Let the band play. In the mean time the public might as well begin to forget Mary MacLane, for she will soon be a celebrity of the past.

W. S. U'Ren, one of the first to advocate the initiative and referendum in Oregon now that the people have a chance to test it in a peculiarly appropriate case declares that he is opposed to using it in the case of the Lewis and Clark appropriation. Oh, consistency thou art a jewel, and thy name is not U'Ren.

The Salem Journal says the scarcity of Chinese pheasants around Albany is accounted for by their looking at the faces of our citizens, that a look at the average Albanian's face is enough to make them go off and die. In view of the fact that we have the sweetest faced and most contented people in the world this statement ought to be floated on the river Styx.

Daring Hold Up.
BURKE, Mont., Oct. 24.—One of the most daring train robberies in the history of the Northern Pacific Railroad occurred early this morning at a lonely spot known as Mulkey Canyon, three and a half miles from Drummond. So far as known, but one man was engaged in the attempt to rifle the express safe. That one man seemed to be a host in himself, when he killed the engine, cooped up a whole train crew and an entire trainload of passengers, and kept men at work obeying orders. Not much was secured.

The Strike Commissioners.
WASHINGTON, Oct. 24.—The members of the Strike Arbitration Commission appointed by President Roosevelt met at the White House shortly after 10 o'clock this morning and went into conference with the President.
The commission adjourned at 12:45 o'clock, to meet again next Monday at 2 o'clock. After the adjournment, the announcement was made that only two conclusions were reached. The first was to admit the public to all formal meetings of the commission and the second to notify the parties to the controversy to be present at the meeting.

The Miners.
WILKESBARRE, Pa., Oct. 24.—There were 22 more mines in operation in the anthracite region today than yesterday and the output was about 100,000 tons. When in full operation, the mines employ in every capacity about 145,500 men and boys.

Corbett Says.
PORTLAND, Oct. 24.—H. W. Corbett said today:

If Oregon has not enough patriotism to give \$500,000 to a historic event of this kind; if the Legislature and the people have not patriotism enough to give that sum of money, then I think the 1905 Fair should be considered no further.

The Correct View.
SALEM, Oct. 24.—This evening Attorney-General Blackburn rendered an opinion to Governor Geer, in which he holds that the initiative and referendum amendment is now in effect, and that the people can avail themselves of its provisions, with any legislation prescribing a mode of procedure other than that prescribed by the amendment.

From a Spider's Bite.
SALEM, Oct. 24.—Miss Gertrude Butler aged 29 years, died today of blood poisoning, caused by the bite of a spider. The injury was sustained about two weeks ago, and became gradually worse until Miss Butler died in great agony today.

The First in Albany.

The Telegram last evening gave a picture of Mr. and Mrs. W. S. Richards in their new automobile and the following sketch:
The city of Albany has the distinction of having the first automobile ever constructed in Oregon. W. S. Richards, a mechanic of this city, successfully constructed an automobile early last summer, and has used it very frequently for the past four months. Part of the machinery was purchased, but all the work was done here in Albany. The automobile is very well constructed, and presents a neat appearance. It runs easily, with an average speed of 12 miles an hour. Mr. Richards also made the first bicycle ever constructed in Oregon, about 25 years ago.

Ed Davidson: "I sold nine ironing boards in a week and everybody likes them. I also make clothes racks and window seats and anything else wanted. One of my window seats is the most convenient thing in a house. Just tell the people to call on me for those things."

In a letter from Hon. H. M. Palmer, County Judge, we are informed that no appointment will be made to fill the vacancy of the office of Justice of the Peace for this district, a fact that Mr. G. Isham will still hold the office by reason of his successor having refused to qualify.—Harrisburg Bulletin.

Great Performers.

The two trumpet soloists of the Royal Italian Band are among the greatest Italy has ever produced. It is well known among musicians that trumpets are much more difficult to master than cornets and that for playing the leads of a band they are much superior, having a clearer, purer tone and greater carrying power. The two solo trumpets of this band are in the hands of two great artists, Signor Domenico Palma and Signor Eliseo De Mitris.
Signor Palma came to this country a second trumpet player in the original Banda Rossa. He was but twenty years of age, but since then he has made such strides in his art that today he is recognized as a trumpet soloist without an equal in America. He is perhaps the greatest artist on that instrument Italy has ever sent America.

Signor Eliseo De Mitris is one of the great trumpet celebrities of Italy, his name over there being known from the Alps to Mt. Etna. He has played solo parts in nearly all the great Italian bands, and is undoubtedly a wonder. His tone is argentine and dramatic and he possesses a command of respiration little short of phenomenal. His solos in the great operatic selections played by the Italian Band are those assigned to the dramatic soprano in the opera as sung. In this particular class of work De Mitris can not be excelled.

Mr. Cusick at Prineville.

From the Journal:
J. W. Cusick, formerly a stockman of this county, came up from Albany this week on business. He expressed himself as well pleased at the growth that the town had made in recent years, and also said that our exhibit of fruit and vegetables was good enough for any country. Mr. Cusick returned home on the noon stage Friday. He is the head of the banking house of J. W. Cusick & Co., of Albany. When asked as to when we might expect him to visit our country again, he said as soon as we get a railroad here. He is one among the large number of Albany people who hope for the early completion of the Corvallis & Eastern to the east side of the Cascades. This would mean much for both Albany and Prineville, and would add more to the taxable property of this county than any one thing that could happen. There would be a large influx of Western Oregon people and capital at once, should that road begin operations on an eastern extension.
