Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb.

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time.

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE of CARDUI—A million suffering women have found relief in Wine of Cardui.

DRS. RAMSEY & PENLAND OSTEOPATH.

First Attempt Failed.
SAN FRANCISCO, Dec. 12.—An unsuccessful attempt was made today to lay the shore end of the Pacific cable. As a result, the big steamer Silvertown, with the cable in her hold, is not forcing her way through the waves of the Pacific tonight. She is still floating idly on the waters of San Francisco Bay and in the hope that there is a chance that day's attempt to lay the first span of cable toward the new American possessions.

A Cuban Treaty.
HAVANA, Dec. 10.—A definite treaty of commercial reciprocity between Cuba and the United States was signed at 11 o'clock last night by General Biles and Secretaries Zaldo and Montes. It lacks only the signatures of Secretary Hay and Senator Quesada, and the approval of the United States and Cuban Senates to make it operative.

Our Exposition.
SALT LAKE, Dec. 12.—Commissioner J. F. Knapp called upon Governor H. M. Wells in the interest of the Lewis and Clark Exposition. He was accompanied by Utah's three commissioners—H. B. Clawson, L. W. Shurcliffe and Hoyt Sherman. Special Commissioner Knapp was highly elated over the reception tendered the party.

Want Arbitration.
WASHINGTON, Dec. 12.—The request of President Castro that Minister Bowen act as mediator with Great Britain and Germany is received with favor in Washington, but British and German officials think it comes too late.

The allies powers are explaining how the Venezuela ships happened to be sunk and try to explain it away.

Stage Held Up.
GRANT'S PASS, Dec. 12.—The William Creek-Grant's Pass stage was held up by a lone robber this afternoon. The stage was on its way to Williams when a young fellow with a red mask appeared from the woods and commanded the driver and one passenger to hold up their hands. The appearance of the highwayman was so sudden nothing else was done but comply. \$15 only was secured.

Heavy Snow.
OMAHA, Dec. 12.—The heaviest snow storm this year began today and continued tonight. The fall is general throughout Nebraska and Western Iowa, and in this city reached nearly the proportions of a blizzard.

The world will give a sigh of relief. John Barrett is not to be minister to Japan. But he made some campaign speeches and is bound to be given something, perhaps nearer his size.

The following advertisement was clipped from a Fairmont, Minn., paper received by an Albany man:

Wanted. A young man who has his own way to make in the world, to work in bank. No foot or base ball player need apply. Signed, Martin County National Bank.

The suggestion of the DEMOCRAT that an electric light be placed at Lyon and Ninth street, in front of the depot, has met with general favor. It is needed more than almost anywhere in the city. What is the matter that the council can't see it. It would light up not only Lyon street for several blocks but the large section along Ninth street and the depot.

ANOTHER PIONEER.

Bright's Disease and Diabetes Are Positively Curable.

When the San Francisco business men were investigating the Fulton Compound they heard that Dr. C. D. Zeile had both Bright's Disease and Diabetes of long standing, which got so serious that in October last three months would see the end. We all looked upon the mere suggestion of a cure as empirical and visionary. But I yielded to the earnestness of the parties, and the insistence of one of my family, and went on the Fulton Compound for Bright's Disease as a test. The first week I improved, but thought it a coincidence. But every week thereafter the improvement continued. The time for the fatal end passed and I was still growing stronger. This continued till July, when the last trace of both albumen and sugar disappeared. I suppose I all reported favorably. However unreasonable it may appear, the cure has been found. If those interested care to call at my drug store I will be glad to tell all I know concerning this important matter. The discovery is second only in importance to the discovery of a cure for consumption. "CARL D. ZEILE."

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism cure but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetic Compound. John J. Fulton Co., 430 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.
