Around Pendleton.

PENDLETON, Or., Jan 25, 1903.

EDITOR DEMOCRAT:

Since my last letter to the DEMOCRAT the Rooster has rambled around the country a little and seen a little more of Umatilla county. My last trip was through the country surrounding Adams, Athena, Weston and Helix.

Adams is a town of about 800 population and is located on the O. R. & N. railroad, is surrounded by a fine farming country and is a large shipping point for wheat as its large warehouses will show.

Athena is a town of about 1500 population, is a very prosperous and lively little Hamlet. It also is surrounded by a fine farming country, and also is on the O. R. & N. line, also the W. & C. R. R., and is a great shipping point for wheat. Its R. R. switches are lined with mammouth warehouses which are always filled to overflowing at the end of harvest.

Weston is four miles above Athena and is located in a canyon. It is a very nice little place with a population of about 1200. Here is where the Eastern Oregon Normal school is located, and the Rooster had the pleasure of calling on President Martindale who has built up the school wonderfully since he has been installed as its President. Prof. Martindale has been quite poorly for some time but I learned today that he is much improved and is able to walk out on the streets again.

Leaving Weston I headed for Helix, 12 miles west. Helix is built on a flat and is 20 miles from Pendleton on the line of the W. & C. R. R. It is also a great wheat center, and has at least a quarter of a mile of warehouses which are all fuller after harvest than a democrat at a convention.

A stranger standing on the streets of Pendleton, which is surrounded by high hills, and seeing the hundreds of 4 and 6 horse teams coming in loaded with wheat wonders where in the world it all comes from. A trip of four miles south, east or north will bring you in sight of one of the greateatest wheat countries your eyes ever rested on. Look where you will, north, south or east, and it is one vast wheat field as far as the eye can reach. Four miles east of Pendleton I passed a ranch and saw what seemed to be three large straw ricks each about 120 by 20 or 25 feet, and as high as an ordinary straw rick. On closer observation I saw the ends of the ricks were open and to my surprise it was three vast piles of wheat and thousands and thousands of sacks of wheat were stored under that straw and the sacks looked as bright as when first threshed. There were also two large warehouses on the W. & C. R. R. not more than one-fourth of a mile from those three large piles of grain.

Last Thursday and Friday I was at Pilot Rock, 16 miles south of Pendleton, which I have spoken of before.

The O. R. & N. overland train which left here this morning at 5 o'clock was wrecked near Bingham Springs, about 22 miles east of here. Engine, tender and three cars went through a bridge. The engineer and Fireman were killed, one passenger badly hurt and several passengers slightly injured. The accident was caused by high water loosening a bent letting the bridge go down under the weight of the engine.

It has been raining and blowing here and has melted the frozen fog which has caused considerable high water.

Scarlet fever and measels are quite bad here but so far as known there are no cases of small pox.

Will it be Geer or Fulton? I guess no. Harvey; I guess nix.

Carrier Examination.

Postmaster Train has issued a call for a civil service examination for carriers for the Albany post office, on Feb. 14, when applicants will be examined on the following subjects with the weights given: Spelling 10, arithmetic 20, letter writing 20, penmanship 20, copying from plain copy 10, U. S. geography 10, reading addresses 10. Total, 100. Age limit 18 to 45. Must be at least 5 feet 4 and 125 pounds. The examination is open to all citizens who will be rated without other consideration than qualification shown in papers, which will be passed upon by the postmaster general. A medical examination is also required. Application blanks may be secured of Postmaster Train up to the hour of examination.

This $20,000,000 trunk trust should be placed in the hands of a few baggage masters, and they will do what the government seems unable to do, smash it.

Judge H. H. Hewitt and Hon. P. R. Kelley have both been mentioned for the nomination for Congress. To-day they compared notes and found that they were neck and neck.

The Panama canal scheme as stated by the DEMOCRAT in the first place was of course a fake panned off upon the people in the interest of the railroads to defeat a canal entirely.

A. Bush of Salem has sued two gentlemen of that city for $130 and 10 per cent interest. Mr. Bush is a hard working man with several children and it is to be hoped recovers.

An Albany young lady recently received a proposal, ending: "As the hart panteth after water brooks so my heart panteth after thee." As there was no pants in her heart the proposal was not accepted.

The expense of printing 500 copies of the Second Oregon Muster Roll, of which a copy has been received at the DEMOCRAT office, was $2500.90 or $5 a volume. Think Mr. Leeds might have knocked off the 90 cents.

Members of the legislature upon adjournment Friday were taken to Portland on a free special train. The Southern Pacific does not run special trains for fun, but for business, in the interest of legislation in its favor, and that is what members of the legislature everywhere receive free passes while they continue in office for.

"Mr. Fulton is the recoguized choice of the whole people of the state for senator," says a sheet down the state toward California, right in the face of the fact that at the June election the voters of the state declared T. T. Geer to be their choice by considerable of a majority. There are papers in Oregon with sufficient gall to call black white.

The Oregon state legislature has begun the operation of dictating to the Washington state legislature what Washington shall appropriate for the Lewis and Clark exposition, and demand that the amount be increased over $100,000, the sum proposed. The more the better, but suppose this big exposition was to be at Seattle instead of Portland there would be a howl in Oregon if the amount was too large.

The damage to the approach of the Albany bridge is approximately $200, easily repaired. This will have to be paid by the city of Albany, besides which the citizens will pay about a fourth of the $15,000 or $20,000 damage to the other bridges of the county. Is it possible that there are any people in the county outside of Albany who would object to having this $200 made a county expense on future occasions.

Next week 2 days only Feb. the 4 and 5 Dr. Lowe the oculo-optician will be in Albany at The Revere House. If you need glasses be sure and see him.

For over 10 years Dr. Lowe the optician has been coming to Albany every few months. He will be here again Feb. the 4 and 5.

As Dr. Lowe will not mail any announcement cards this trip make a note of his dates at The Revere House, Feb. the 4 and 5.

The local oratorical tryout for a contestant in the intercollegiate oratorical contest this year will be held Feb. 13 with three orators, Geo. D. Byers, Oliver Hickey and Wesley Wire.

A McKinley Memorial.

CANTON, O., Jan. 27—President Roosevelt tonight participated in a notable tricute to the memory of the late President McKinley. He was the principal orator at a banquet given under the auspices of the Canton republican league in commemoration of the birthday of McKinley. Surrounded by friends, neighbors and business and political associates of the dead President, he pronounced a brilliant and eloquent eulogy upon the life and works of McKinley.

TELEGRAPHIC NEWS.

Will Be Settled

WASHINGTON, Jan. 25.—At midnight Minister Bowen gave out the following statement:—

"I have good reason to believe that the pending controversy between the allied powers and Venezuela will be settled soon and satisfactorily."

Mr. Bowen said that he was able to make this positive statement after a number of conferences held during the day and evening with the representatives of the allied powers.

A Train Wrecked

PENDLETON, Jan. 25.—Passenger train No. 6, on the O. R. & N., which left Portland at 8:15 Saturday night and passed through Pendleton at 4:45 Sunday morning, ran into a washout on a fill 2½ miles east of Bingham Springs. The engine was thrown into Meacham Creek in six or eight feet of water, and on top of it were piled the baggage and mail cars and the chair car. The engineer and fireman were killed instantly.

Will Be Teller.

DENVER, Jan. 25.—The climax in the Senatorial fight in Colorado came tonight when ex-Senator E. O. Wolcott, the candidate of the so-called "stalwart" wing of the republican party, announced his practical withdrawal from any further contest and urged the people of Colorado to accept the situation as it stands by the election yesterday as Senator Henry M. Teller to succeed himself.

Important Decision.

WASHINGTON, Jan. 26.—The decision of the Supreme Court today in the case of Nelson against the Northern Pacific Railway Company, to the effect that the United States holds title to all land along proposed lines of land grant railroads up to the time of the filing of the map of definite location, and further holding that no rights to any lands within the limits of a grant map, affects a very great number of homest-eaders who had gone on lands prior to the filing of the map.

A New Office Wanted.

SALEM, Jan. 26.—Senator C. J. Smith of Umatilla county, has introduced a bill in the Senate for the creation of the office of State Grain Inspector. Under the terms of this bill a grain inspector is to be appointed by the Governor and the inspector has authority to appoint two chief deputies and as many other deputies as there are places in the state from which grain is shipped in carloads lots. The salary of the inspector is to be $1800 a year and of the chief deputies $1000 per year and of all other deputies $75 per month. A clerk is provided for, with a salary of $1000 a year.

Peace in Colorado.

DENVER, Jan. 26.—The regularity of the re-election of the United States Senator Teller Saturday at a joint session of the democratic members of the two houses of the General Assembly is practically conceded by the republican senators, who today abandoned the separate organization which the maintained all last week and returned to the Senate chamber where the democratic majority has been in continuous session since last Monday.

Mr. Barker, a member of Uncle Tom's Cabin troup, and A. D. Barker of the depot were brought up in the same Iowa town together, but both deny any relationship.

Frank Snyder and Jas. Bryant are now proprietors of the Willis blacksmith shop, which they have been running for several weeks. Mr. Snyder was with Mr. Willis for nine years.

It is reported that a 60 stamp mill may go into the Lucky Boy mine, in Blue River soon. This is proving one of the finest mines on the coast and is paying a big dividend with comparatively small stamps.

FOR WOMEN

Much That Every Woman Desires to Know

About Sanative Antiseptic Cleansing

And About Curing Ulcerative Pains and Weaknesses.

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Pills in the antiseptic cleansing of the mucous surfaces and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening discharges, ulcerations, inflammations, itchings, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and invalided by these distressing ailments, as well as such sympathetic afflictions as anæmia, chlorosis, hysteria, nervousness and debility.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura Soap, Ointment and Pills the standard skin cures and humour remedies of the civilized world.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, in the form of baths for annoying irritations, inflammations and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.
