Smith a Plagiarist.
 PORTLAND, April 3.—Erastus A. Smith, student at McKinville College, prize orator at the recent state contest, held in Eugene is charged with stooping to purloin the intellectual property of another, and to achieve fame through fraud. He has, however, only been censured by the executive committee of the Intercollegiate Oratorical Association for "gross and culpable carelessness." Incidentally McKinville College has been debarred from participation in the next annual oratorical contest.

Bulgarians Rising.

CONSTANTINOPLE, April 3.—Official advices from Monastir say the Bulgarian inhabitants of 30 villages in the Okhrida district, totaling 3000 men, and supported by the bishop and a number of revolutionary bands, have risen against the Turks. They surrounded a small detachment of Turkish troops in the mountains northward of Okhrida, but the troops succeeded in cutting their way out.

Clark Coming.

WASHINGTON, April 3.—Major William Hancock Clark, oldest living grandson of William Clark, the explorer, notified Senator Mitchell today that it would give him great pleasure to accept the invitation of the people of Portland to visit that city at the time President Roosevelt's reception, and to participate in the Lewis and Clark monument and Exposition dedication exercises.

No Tariff Revision.

WASHINGTON, April 3.—The Boston speech of Secretary Root is regarded by politicians here as notice that the Administration desires no tariff revision at the first session of the 58th Congress. If the tariff must be revised then, says the Administration, let the change be made after the Presidential election.

The telephone line to Jordan, is an assured fact. Dr. Frill has let the contract for poles to Mr. Frank, of Jordan, and they are to be up some time in May.

The old city water tower was torn down the first of the week, and the new one is about completed. All there remains to do is to paint the tank and woodwork. The tower delivered at Scio cost the city \$501.34, and the cost of erecting it and tearing down the old one was about \$100.

A Recent Albany Visitor.

Eugene Guard: The preacher, Bergensen, who was accused of being a fake in Albany and who was in Eugene today was recognized by a Eugene citizen as the same man who was soliciting for the Armenians a few years ago in Ashland. His hobby at present is Boer women and children for whom he collects money.

Aurora Borealis: Rev. Sergensen, of Spokane, Wash., was in the city last Saturday, and would probably have held forth here Sunday had he not happened to meet people who knew him and his career in Washington. He poses as a solicitor for the starving in India, the Armenians, or anything that might invoke a congregation to donate liberally.

Woodburn Independent: If he was a fraud the people here get their money's worth. If he fooled his hearers, he did it to the queen's taste. He beat the real thing with his broken English, Sanskrit, etc.

Grange News.

The program contest between the two opposing sides in Grand Prairie Grange during the past winter was so nearly equal as to be declared a tie by the judges, and hence both sides shared in the expense of the oyster supper, which was given last Saturday soon after high noon, and was a fine blue point repast. The afternoon was very pleasantly spent in listening to a literary program, and 5 minute speeches by prominent Patrons.

Good for children.

The pleasant to taste and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup, La Grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues.

For liver troubles and constipation There's nothing better in creation Than Little Early Risers, the famous little pills. They always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally.
