MISFITS.

The DEMOCRAT is always glad to correct errors and make apologies.

Here's to Alton Coates, the best all-round college athlete in the Northwest.

Quality counts. That is the reason Albany College has been winning. Seven men is a pretty small number for a field meet.

Snap shot picture of the fifty yard dash at Corvallis in the O.A.C. field meet shows Torbet slightly in the lead, with Bergman next and Williams third, with Coates too on the same mark, all close together. The judges gave Bergman and Torbet a tie.

Burggraf Makes the Plans.

From the Brownsville Times. C. H. Burggraf, the well known architect of Albany, was in town yesterday consulting with those in charge of the Woodmen and Pearl brick block. Authority was given Mr. Burggraf to draw plans at once. Work on the brick yard, located on the Geo. Porter farm, was commenced this week. This assures a brick structure for Brownsville this season.

A Fair Rebel.

Was presented by the Allen Stock Company last evening to a good sized and satisfied audience. It is a very interesting story, with plenty of humor, and was well presented by this company of popular artists. The splendid work of the orchestra adds materially to the performance. This afternoon Hazel Kirke was being pressed at a matinee and to night "The Dangers of New York" will be given.

His Last Hope Realized.

(From the Sentinel Gebo Mont) In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep, for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

Cuts, Bruises and Burns Quickly Healed.

Chamberlain's Pain Ba'm is an antiseptic liniment, and when applied to cuts, bruises and burns, causes them to heal without maturation, and much more quickly than by the usual treatment. For sale by all druggists.

Dr. Darrin's Treatment.

The philosophy of his treatment may be briefly stated thus: Force is spirit in motion. Vital force is organic motion, or the proper movement of organized particles as they pass to and from the human system. Disease, in a word, is obstruction—the result of an impaired vital force, and it is at least accompanied if not cured, by deranged organic motion. These derangements can only be effected by calling in the aid of the electro-magnetic or vital forces, which are concerned in all organic changes. So powerful is this influence, that persons who have many years suffered, have been restored to health in an almost incredible space of time. Dr. Darrin's system will not restore a lost member of the body, or other impossibilities, but it will, in a majority of cases, give relief where other remedies have failed. The practice is based on the most strict laws of science, and is in harmony with all natural laws. Physicians of every practice not only acknowledge this power, but receive the treatment for themselves and their families, as well as recommend the treatment to their patients.

CAN HEAR A WHISPER.

Miss Nellie Durfee, a Popular Young Lady of Shaw, Regains Her Hearing One Year Ago.

TO THE EDITOR OF THE DEMOCRAT: I came to Salem with my daughter April 28, 1902, to consult Dr. Darrin concerning her deafness. After a thorough examination the doctor took the case under treatment, and in one operation and with the use of electricity, restored her hearing, much to our surprise and gratification. I was so much pleased with her cure that I placed myself under the doctor's care. He has cured an almost total deafness of one ear, with which I had been afflicted for twenty-three years. I can be referred to by letter or in person, and will gladly answer all questions. I reside at Shaw, Marion county, Oregon. May, 1902. O. R. DURFEE.

ONE YEAR LATER. SHAW, Or., May 23, 1903. Dr. Darrin, Dear Sir: Replying to your letter of inquiry will say my daughter and I are both well, and so far the results of your treatment one year ago seem to be permanent. Your friend, O. R. DURFEE.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong healthy women do not suffer. They look forward to motherhood with joy.
