THE USE OF NARCOTIC POISONS

And mercury in the treatment of piles was seen in the dark ages, giving temporary relief only by paralyzing the bowels, and do not cure, but in reality weaken the parts and prevent nature from restoring the bowel to a healthy condition, as any honest and intelligent, druggist or doctor will admit, and as may be seen by reference to the United States Dispensary, which says:
"Opium lessens the natural motion of the bowels, its local effect is the same as its general operation; it paralyzes the motor nerves, acquires redness muscular strength, belladonna produces paralytic symptoms; hyoscyamus and stramonium are same as belladonna. They do not exercise any curative influence."
The following is in substance the expression of all up-to-date druggists:
"In twenty eight years experience I have prepared all manner of narcotic and mercurial preparations for piles, but none to my knowledge ever cured a single case."—P. B. Sprague, druggist, Lincoln, Neb.
E-R-U-S-A Pile Cure is the only non-poisonous pile cure on the market. Over 4000 of the most intelligent and up-to-date druggists sell and endorse it.
E-R-U-S-A cures piles, or \$50 paid. Worst cases of piles cured with one box. All reliable, up-to-date druggists sell E-R-U-S-A, viz: BURKHART & LEE.

TELEGRAPHIC.

RELIANCE WON.

In a better breeze, the Reliance, America's defender, today again passed the line ahead of the Shamrock and within the time limit, counting as the first victory for Uncle Sam's representative. She beat the Englishman about nine minutes, establishing beyond question her superiority as well as the expertise of the sailors handling the yacht.

The G. A. R.

SAN FRANCISCO, Aug. 21.—The G. A. R. encampment concluded its business today and many of the veterans will start home at once. Today was Oakland day. About 4000 veterans went across the bay. The Grand Army button passed the veterans. The people gave them a royal reception. At the head of the delegation, William P. Bane, of Nineveh, Pa., could be seen from a all quarters. He is seven feet tall, and 60 years old.

To Be Withdrawn.

PARIS, Aug. 21.—Official advices say the Russian off India is likely to leave Turkish waters within the next few days as the Turkish government has given adequate assurances that it will meet all the Russian demands. The withdrawal will be chiefly due to Turkey's assurances; but also to Russia's desire to avoid a step which might appear antagonistic to Bulgaria.

A Democrats Appointment.

WASHINGTON, Aug. 21.—L. L. Williams of Juneau, has been appointed commissioner from Alaska to the St. Louis Exposition, at a salary of \$2500 in addition to an allowance covering all traveling expenses and a per diem of \$5 for subsistence.

Williams is democratic national committeeman from the territory.

A \$1,000,000 Appropriation.

SEATTLE, Aug. 21.—The 14th annual session of the Trans-Mississippi Commercial Congress closed its labor today with a spirited session, in which it adopted a number of important resolutions, the most prominent of which recommended a \$1,000,000 appropriation for the Lewis and Clark Fair.

A Hat Pin Tragedy.

KALAMAZOO, Mich., Aug. 21.—F. B. McArthur, a stockman from Saco, Mont., was stabbed in the stomach by a latpin by an unknown woman on the streets today. He was passing along on the sidewalk in a large crowd, when a small boy brushed a little feather duster in the woman's face. The woman, thinking it was McArthur, grabbed her hatpin and jabbed it into his stomach. McArthur cannot live.

A Big Cloudburst.

FLAGSTAFF, Ariz., Aug. 21.—For the second time this season a cloudburst has swept over fields, roads and bridges and driven those living in the lowlands in this city from their homes. Yesterday a wall of water started down the mountains and across the valley. The water was eight feet high and more than 300 feet wide.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of headless trading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all druggists.

MISFITS.

The Nye Creek surf is as safe a place as there is to bathe in. The ocean, though, is no place for recklessness, and a man risks his life whenever he goes out too far.

A yellow backed novel boy of Coburg has been committed to the asylum. His mind runs entirely into detective affairs, crammed there by the infamous literature he has stuffed his head with.

The bathing house man, who makes a big thing from the rental of suits at Nye Creek, should spend a little money for safety ropes for his customers. According to reports he makes enough to be decent in this respect. With a long enough rope on hand Kleeman could have been saved yesterday.

Of all hurs, that Josephine county man should have the medal. He claims that a fir tree on his timber claim has a petrified top while the lower part of the tree is alive and green.—Eugene Guard.

That's nothing. An instance was this week reported in Clatsamas county of a tree that burned for eleven consecutive months before it fell to the ground.—Oregon City Enterprise. Fellow, you fellows know nothing about timber. Come over to Central Oregon and we will show you thousands of acres of sage brush that our dear Hitecock has placed in a reserve that in a half dozen years will grow into trees that will produce diamonds on every twig.—Prineville Journal. The Commissioners will probably reject this man's offer after learning what our Brownsville friend is willing to donate. Mr. James Oalloway says he has a tree on his place which is all petrified, and in the top of this stone-tree is a bird, petrified, and about three feet farther skyward, is the poor little bird's whistle, and it too is petrified.—Brownsville Times.

MRS. DEWEY'S EXPERIENCE.

She Was Cured With Electricity After all Other Methods had Failed.

Unseen forces are more powerful than seen ones. Electricity performs cures silently but surely. To this many thousands that have been cured can testify. Many who know nothing of it oppose it; but truth always meets with fierce opposition, which in the end only hastens the victory. We do not profess to understand this unseen power, but joyfully accept the great boon of health, feeling that Dr. Darrin is ahead of the age, and is showing to the world this new method of cure. As an example, we append Mrs. Dewey's card:

To the Public: I was a patient under Dr. Darrin's care eight years ago, and wish to relate my experience, that others may benefit by it. For many long years I had been afflicted with disease peculiar to my sex, accompanied with pain in my chest, heart and stomach. I had lost flesh until my weight was 105 pounds. After a few months' electrical and medical treatment by Dr. Darrin, I recovered my health and gained 40 pounds, and am now enjoying good health.

CURED OF DEAFNESS.

Adolph Wunder, a German Citizen, Relates His Experience With Dr. Darrin at 205 Morrison St.

To the Editor: After reading and hearing of so many cures by Dr. Darrin, I concluded to try him for deafness in one ear, though I had little faith in his mode of treatment by electricity. On my way to his office I could not hear the noise of the street-car, or wagon rolling over the stone pavements. After treatment I am able to hear without difficulty the church services, the ticking of a watch or a pin drop, and all sounds of life. I wish you to publish this, as it may give others courage to have the new treatment. I consider the cure little short of a miracle. My address is 394 Morris street, Upper Albany, Or.

ADOLPH WUNDER.

Mr. H. Selfert's Testimony.
To the Editor: Nine years ago, I was taken ill, with dyspepsia, liver and kidney complaints, pain in my side and eye trouble. All remedies seemed to fail until I went under Dr. Darrin's treatment last June. Now I am happy to say I am rapidly recovering good health and my wife is on the road to recovery, being afflicted similar to myself. Refer your readers to me at King's Valley, Benton Co., Or. I endorse Dr. Darrin.
