REV. KENNEDY ARRESTED.

Former Albany Minister Charged With Burglary.

Rev. R. H. Kennedy was arrested at Hillsboro yesterday charged with robbing the house of E. H. Warren, near that city Monday morning. The house was broken into and an effort made to that city Monday morning. The house was broken into and an effort made to chloroform the occupants. Some women in the house claim to have recognized the voice of the burglar, who was masked. Mr. Warren, his daughter and a lady from California were in the house. The room of the California lady was entered. She awoke and screamed, Miss Warren in the adjoining room rushed in and seeing the man fled for her father. When he came a revolver was drawn. They were lined up and made to deliver their valuables, which consi ted of \$7 in money and a \$150 gold watch. He was in the house half an hour and did considerable talking mostly in an affected voice. One of the women grabbed at his mask and nearly got to 67. Then he fied. The women declare that there is no question but that it was Rev. Kennedy, whom they know well. Several times he is said to have forgotten himsell and used his natural voice.

Already inquiry has been made at Albany as to the standing of Rev. Kennedy here. The fact has been evolved that he left here owing a good many private debts, some for borrowed money. The inclination here seems to be to believe him guilty on the facts presented so far.

Rev. Kennedy denies his guilt and

Killed Two Deer.

Olarence Parker, of Salem, and Fred Bergman of this city, returned last evening from the Big Bottom country beyond Sweet Home, where they left several Albany men hunting deer. Young Parker last Saturday was on a stand waiting for the festive deer, when three fine looking fellows appeared. He had a frightful stroke of buck ague and could not fire a shot. The next day he went out again, and again the deer came to his stand. This time he kept hold of his nerves and shot two deer, one of them being the biggest buck killed for a long time. This was his first experience and enough for one season and he started for home, a delighted boy. The other men had not killed a deer. Albany men hunting deer. Young Par-
