

SHALL YAQUINA

Be Made a Sea Going Vessel Harbor,

Is the question which will be considered at Newport tomorrow beginning at 11 o'clock, in a meeting of prominent citizens of the valley with the U. S. Engineers in charge of the government works of the Northwest. The report of the engineers will practically settle the matter, hence the importance of the meeting.

The board of engineers, consisting of Lieut. Col. Heuer, of San Francisco, Maj. John Millis, of Seattle and Maj. W. C. Langitt, of Portland, arrived in the city this noon and went to the Bay on the Corvallis and Eastern. They were joined at this city by Hon. J. K. Weatherford, Hon. W. R. Blyden, Hon. S. A. Dawson, Hon. J. J. Whitney, Mayor W. H. Davis, S. E. Young, W. B. Stevens, Edwin Stone and Col. Montague, and at Corvallis by prominent business and professional men, who with others will represent the interests of the state and Day in the needed improvements. Judge Fling, another staunch friend of the Bay, is already there. A strong showing will be made for the commercial need of the improvement.

U. S. Senator C. W. Fulton, also accompanied the party in the interest of Oregon.

Crop Doings.

Soms of the threshing crews in the country never stopped for the recent rains, which were less severe a few miles from Albany in some directions. This week picking is being pushed at Independence and other hot towns, and there will be little damage from rains.

Prunes are all right. Lasselle Bros. and others began drying this morning and picking and drying will be pushed. The Albany packing house of Fortmiller & Lasselle Bros. is ready for all the prunes that will be brought. The company expect to at least double their last year's shipment of about fifty car loads.

Government Crop Report.

But little wheat remains to be cut and thrashing is well advanced. In some sections, however, it will take, at best, two weeks longer before the grain is all harvested.

The soil has been sufficiently softened by the rains for fall plowing, which is now being done in many places. Grass has made a nice start.

By the end of the week hop picking will be practically completed. Growers generally express themselves as quite pleased with the yields, both as to quantity and quality.

Prune drying has become general, and with good weather during the next two weeks a big crop will be secured. Pears are ripe and being marketed as rapidly as possible. Late apples continue doing well, and it is expected about two-thirds of an average crop will be harvested.

Something Doing.

J. R. Wilson has begun the putting down a twelve foot walk along the Hoag property at the corner of First and Lyon streets. He will also build a cement walk along the Jason Wheeler property a block further south, twelve feet wide on Second street and eight on Lyon street. A cement walk is also badly needed in front of the Russ House, the old board walk being full of holes and rickety. The city council will do well to order one there also.

The city is full of millinery openings and the hats in latest styles are changing a new switch has been completed to the Westgate warehouse.

Timber Holders Organize.

About fifty holders of timber claims in Crook and Klamath counties, residing in Albany met last night in the hall of Linn Engine Co. No. 2. An agreement was made to work together and not sell except in a pool. The general sentiment is that \$2,000 is low enough for the claims. At present only \$1,000 is being offered, and this will not be looked at. Timber market prospects are bound to improve.

Besides those present about fifty others have signed an agreement to pool their claims with them, making over one hundred in all, who will stand together for their mutual interests.

The Dairy Farm.

The best selected for the cream of all rural comedies, "The Dairy Farm," which will be seen for the first time in this city at the Opera House on Tuesday next has been selected with the utmost care, in fact four of the members of the original cast, Messrs. Tom West, Theo. S. Book, Miss Helen Hartley and Miss Sarah Ward having been brought direct from New York. All of these players have appeared in "The Dairy Farm" over 1000 times. Miss Oza Waldrop, who has been an enormous favorite for several seasons at the Alcezar Theatre, San Francisco, will play the mischievous "Minty." Mr. Edwards Davis, who left the pupils to become an actor, is accredited with unusual success as the hero. He will be remembered by Albany people. Altogether, there are twenty speaking parts in "The Dairy Farm," every one of which will be in competent hands. The complete production is carried by the company.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
