Young, Dr. Wells, Fred Hockepler and Clyde Daniels returned home last night from their deer hunt at Bloody Point, a mountain deer resort, five miles north of Waldon's on the Lebanon Wagon Road. They killed ten deer, most of them from their camp, some of them from their tents. One was shot at 2 o'clock in the morning by moonlight, by Mr. Hogan. He came in too close to camp. Each man killed two deer, more or less, which is near enough, though the Democrat has the exact record. They had a fine time, though some of it was spent in the rain. Four of the animals were brought home and cut up here, the others were eaten or jerked in the mountains.

Letter from Litchfield, Neb Thomas Ciancy, of Litchfield, Neb wrote us a few weeks ago about his experiences with Dr. Gunn's Blood and Nerve Tonic. As his case may be similar to others it naturally would be of interest to them to know the result of his test. He had been haunted for years with a gradual growing weakness until he was reduced to almost a shadow. His complexion was sallow and pimply, had dizzy and sinking spells, with loss of memory and ambition. Always felt tired and outdone, suffered greatly with nervousness, and felt that his heart's action was weak. His digestion was so poor his system received no nutrition. He says he commenced the use of this tonic, taking one tablet after each meal. He did not notice much change after using one box only he enjoyed his meals better, still he kept on until he had used six boxes. He used the last box more than six months ago. When he stopped the use of the tonic he weighed 230 pounds more than he did when he commenced. Has not been sick a day since, and is well in both mind and body. Dr. Gunn's Blood and Nerve Tonic is the best medicine in the world for pale, weak or sickly women. Sold by all druggists for 75 cts per box, or sent by mail on receipt of price. Write us about your case. Address, Dr. Bosanko Co Philadelphia, Pa. For sale by Fosby & Mason, druggists.
