Government Crop Report.

The weather during the week was' dry and warm and all that could be desired for the completion of fall work. There were a lew frosty nights in the eastern portion of the State, but, so far as known, hey did no serious damage.

Hop picking is practically completed and the crop has been secured in good condition. The yields continue, below ayerage, but the quality is satisfactory. Harvesting is nearly finished, and thrashing has progressed rapidly. Oats were slightly damaged by the rates of a week ago, but not sufficiently to affect the total yield to any great extent. Corn is ripening nicely; the ears are well filled and the crop, on the whole, is doing well, Field onions have about all been pulled, and beans are nearly ready for harvesting. The third crops of clover and alfalfa cut, Potato blight continues in the coast continues and the crop in that section will be below average. Digging has begun in some localities. Pasturage continues good, and stock is improving. There has been a slight shrinkage in the milk supply in the Willamette vailey. The harvest of prunes is well under way and the dryers are now run-

from the dairy. L. B. PANNE, Prop. Telephone number Black 574.

Mrs. M. Custer residing at 515 W. Second street says: "As the r-suit of a cold sometime last fall my back became sa lame that I could hardly get about at all. In the morning's I leit sore and lame and my night's rest was broken by too frequent action of the kidneys. A box of Doan's Pills was secured for me at Foshay & Mason's drug store. I noticed the good effects after taking a few deses and in a snort time I was cured. When I find a remedy that does all that is claimed for it I am only too pleased to make that fact known to others. I consider Doan's Kidney Pills the best kidney remedy I ever used."

CRUSHES OUT

The most loathsome and repulsive of all living things is the scrpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The scrpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little nleer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper colored splotches break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep cating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this scrpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is nature's romody, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently. Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.
