HOME AND ABROAD.

The big Chicago fire occurred just thirty two years ago yesterday.

Wool has tumbled from 17 cents to 10 or 11 cents. That is enough to make those who held for higher prices bleed.

Governor Chamberlain left last night for Washington, D. C., to talk with the President about our timber land and other interests the chief executive and the men under him have been making some big mistakes about.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggist, 75c.

Hall's Family Pills are the best.

THE USE OF NARCOTIC POISONS

And mercury in the treatment of piles was "poison in the dark ages, giving temporary relief only by paralyzing the bowels and its not cure, but in reality weakened the parts and prevented nature from restoring the bowel to a healthy condition, as any honest and intelligent druggist or doctor will admit, and as may be seen by reference to the United States Dispensary, which says:

do not exercise any curative influence."

The following is in substance the expression of all up-to-date druggists:

"In twenty eight years experience I have prepared all manner of narcotic and mercurial preparations for piles, but none to my knowledge ever cured a single case."—P. B. Sprague, druggist, Lincoln, Neb.

E-R-U-S-A Pile Cure is the only non-poisonous pile cure on the market. Over 4000 of the most intelligent and up-to-date druggists sell and endorse it.

E-R-U-S-A cures piles, or \$50 paid. Worst cases of piles cured with one box. All reliable, up-to-date druggists sell E-R-U-S-A, viz: BURKHART & LEE.

As regards Japan, officials at St. Petersburg disclaim the slightest sentiment of hostility, but the movements in the Orient indicate otherwise.

BOSTON, Oct. 9.—It is learned that the commission of English educational experts brought to this country by Alfred Moely, the millionaire London merchant, and now in the East, will visit Oregon and the Northwest before their return to London. Not all the party of 33 will go, but a majority of them will embrace the opportunity to see the great empire lost to Great Britain years ago.

For Political Rascality.

ST. LOUIS, Oct. 9.—The Federal grand jury today returned indictments against W. A. Morrill, assistant private secretary to Governor Dockery and T. E. Barrett, ex-marshal of the Court of Appeals. SALT LAKE, Oct. 9.—As a result of a well organized and partly successful attempt at a wholesale delivery of prisoners at the Utah State Penitentiary to-night, one prisoner was killed, one guard was shot and wounded, another was beaten almost into insensibility, three prisoners wounded, and two others unaccounted for.

Not As Reported.

NEW YORK, Oct. 9.—Chicago, Milwaukee & St. Paul has no surveyors in the field looking for a right of way to the Pacific Coast, and the backers of that road have at present not the slightest intention of carrying their railroad beyond the western boundary line of South Dakota.

"There is a man in Albany who has moved fourteen times in two years. There are only a few houses in Albany which he has not occupied."—Portland Telegram. The DEMOCRAT would not be surprised at such an item in a Eugene paper, but an apology is due from the Telegram. The item exhibits the manner in which things get twisted by even the newspapers. It started from an item about an Albany man moving fourteen different houses in a year or two. For the benefit of the Telegram it may be stated that he owns all of them yet, that all are rented, and that he himself continues in the home he has occupied for years.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.
