

Worlds Fair Notes.

The ornate bridges over the main lagoons are now being erected. Many of the smaller bridges have been finished.

The gardens, 1,200 feet long, between the Transportation and Machinery palaces have been finished. The ornamented beds have all been made and the flowers to fill them are growing in the exposition greenhouses.

The Palace of Manufactures is nearly finished. The main entrance, in the center of the south facade, is the most striking feature to be erected. This entrance is a great archway 150 feet high.

The landscape gardeners are setting out large trees in the lawns surrounding the big exhibit palaces. The trees are of large size and add greatly to the appearance of the buildings they surround.

Work on Belgium's national pavilion has begun. The building will stand in front of the Administration Building and west of the Chinese pavilion. It will be of steel brought from Belgium. The Belgium building will be visited by King Leopold next year.

The Cascade region is each day taking on a more finished look. The colossal statutory for the Colonnade of Arkes is being put in place. Already Arkansas, Nebraska, North Dakota, Montana, Indian Territory and Oklahoma are in position.

A section of a six story building has been erected on the Grand Prospect Plaza. Daily exhibitions of the efficiency of the exposition fire department are given and spectators wonder at the daring of the firemen and the rapidity with which they scale the walls and get streams of water playing.

Portsmouth (O.) Sentinel: They are coming into line. The Columbus Star Journal approves of the action of the president in calling congress in special session to enact financial legislation.

And still it will go on talking about free silver cranks. And then, too, when the "rubber baby" money comes, it, in common with all the other organs, will take it to its heaving bosom and declare it is good.

Albion (Mich.) Mirror: And perhaps some of those who watched the untangling of the long, heavy boxes were unappreciative enough to wonder if the whole Philippine archipelago was worth the price that shipment represented. Not if it were worth the money and the time and the struggle and fight and murder and heartbreak of the last five years, but poor folks, they questioned if it were worth even this cargo—the burden of the United States to report Kilpatrick—302 dead American boys.

Grand Island (Neb.) Democrat: Under the new republican financial scheme, the people will be compelled to bear an even larger burden of taxation that will pile up an enormous surplus in the treasury that may be loaned to the banks at a low rate of interest so that the banks may loan it to the people at a high rate of interest. By this means the people will get money to pay more taxes to create another treasury surplus.

Ramey (Ill.) News-Journal: If the courts could wipe out the iniquitous law of 1873, and let the people have a chance to enjoy their constitutional rights upon the money question the masses would be the rulers instead of a now the down-trodden and oppressed by a few banana money kings, who try to excuse the robbery of the people by endowing some already rich college or library association from which the common people are barred by circumstances.

Kingfisher (O. T.) Reformer: Before we commence yelling for asset currency let us ask ourselves a few questions: How could such currency, issued by banks and guaranteed by the government, be any safer than currency issued by the government itself? Why should the people allow national banks to issue money and loan it out at the highest rates of interest they can get, when this money is based upon the credit of the government?

It is time this script business was knocked in the head. In fact it is several years past the time when it should have been knocked out. More than that it should never have been permitted in the first place. It has been taken advantage of by the big syndicates to rob the people of the coast of some of their finest forests.

Several lines left out of the tax law passed by the last legislature will require an extra session at a cost to the state of a good many thousand dollars, besides angry feelings all over the state. What the state needs is better business men in the legislature and not so many purely politicians.

The Democrat does not intend to be a party to any undignified in the coming city election. There will probably be no occasion for anything of the kind.

Hold Your Timber Claims

From the Prineville Journal. Every owner of a timber claim in the northern part of Lake or Klamath counties, who is desirous of getting a reasonable price for his pine, should sign the agreement which is being circulated in town for the purpose of pooling the claims and holding for a price satisfactory to each individual claimant. The move which has been instituted in this city, in conjunction with the timber land owners in Albany, is one of the best on record and a successful termination of it means much in a financial way to those whose names are on the list.

The agreement which every one owning a claim in either of the above named counties will be asked to sign, is simply a pledge on the part of the owner to hold his or her claim with others for one year from January 1, 1904. During that time the signers of the agreement agree to sell for \$3000, and for a price no lower unless it is so agreed by a two-thirds vote of all the members in the pool. There are no bonuses, no grants in the scheme, and it has been inaugurated for the sole purpose of benefiting the individuals who owned timber in that belt and who are desirous of obtaining a decent and respectable price for their property.

In Albany, 104 persons have joined the pool. These members held a meeting a short time ago and unanimously elected Judge H. H. Hewitt, Dr. N. E. Winnard and John Foshey as a committee to secure the co-operation of other timber holders residing in Prineville and its vicinity, and interest timber companies who are willing to pay for what they are getting. Dr. Winnard was in Prineville last Saturday and Sunday and secured 31 signatures to the agreement. There are 134 more who own timber in Klamath and Lake counties and practically all of these will be seen this week or word sent them by J. F. Spinning, who is looking after the matter in Prineville.

Dr. Winnard has spent considerable time in working up the agreement among the timber owners and there seems to be no doubt but that 250 or more claimants in that district inside of the next week will be parties to the agreement to hold their claims for the price named. Timber companies have been notified that the pool was forming and Judge Hewitt who is known all over the Willamette valley has given out that the price asked for will not be excessive provided they can get together enough claims.

Albany will now have a month of city politics, an innovation in this city. Heretofore nominations have generally been made about Saturday night previous to the election, leaving only the intervening Sunday for discussion of the merits of the candidates. In some respects the old system had its good side, and perhaps just as good men were elected. This, though, will give voters an opportunity to go to the bottom of the character of the different candidates, and then up and down each side and back again, so that his fitness will be pretty thoroughly canvassed.

It was a matter of considerable local pride for Albany to defeat the O. A. C. eleven for the second time in succession. With a student body of three times as many students the advantage was certainly against us, but the eleven had the individual capacity for playing the game, and most of the men have had a better experience in the past than the O. A. C. boys, quite a number of whom are playing for the first time. Whatever there is in the game itself there is always an intense local pride for supremacy.

A royal character is the best wealth any one can have. Young men starting out in life had better weigh the statement, and young women may well seize upon the Democrat. This is not original with the Democrat. The same idea has been advanced for ages by good men, and has been accepted by those seeking the best there is in life and eternity.

O'arion (Pa.) Democrat: A shipload of our Philippine soldiers arrived home a few days ago, numbering several hundred. Every one of them was dead, and the bodies were properly confined for interment. That is a part of the awful price we pay for trying to own people and run their country regardless of their wishes.

The Democrat gets some exchanges through the state which have been boasting of new subscribers sufficient to make a million it track had been kept of the claims. Sometimes it seems as if newspaper men are as liable to lie as other human beings.

According to a Washington dispatch it will probably go hard with Commander F. A. Wood of Portland, charged with numerous things in connection with securing pensions for the Indian war veterans, and it is stated that all the charges have not been made.

STARVE THEM OUT

Why not starve the germs to death? Scott's Emulsion will do it.

The germs of consumption are an invading army numbering millions upon millions; they must all be fed or they will soon die of starvation. A lung a little below "par" in vitality is just to their liking.

Why not put new life into it? Scott's Emulsion feeds the lungs. It fills the blood with nourishing food for all the weak parts. Good food means life. Life means resistive force.

Germs cannot live on healthy tissue. Scott's Emulsion and good fresh air drive out the germs of consumption.

DR. DARRIN GOING TO CORVALLIS.

Dr. Darrin Shortens His Stay in Albany Two Weeks—Going to Corvallis—November 16th to December 1st Only.

CONSUMPTION CURED.

The testimonials are coming in thick and fast for Dr. Darrin and his marvelous treatment of all his diseases by electricity and medicine. He has been crowded with patients since coming to Albany, and in nearly all cases the results have been satisfactory as the published testimonials will bear witness. Among the testimonials is the one printed below:

EAGLE POINT, Ore., Sept. 26.

Mr. Editor—I desire to say in your publication, that I was treated by Dr. Darrin, at Portland, about ten years ago for tumor and consumption. I had a large tumor or abscess growing under my ribs and it had attained such a growth that my ribs were actually bulged out, and consumption with corruption and splitting blood was fast lessening my days of life. I was treated by Dr. Darrin and a few months thereafter I was a perfectly strong man and able to do a good day's work. Before treatment I could scarcely walk one hundred yards. I want persons afflicted to personally call upon me at Eagle Point and learn more of Dr. Darrin and his almost wonderful treatment. G. E. MATHEWS.

MORE CURES.

Mr. Editor—For 23 years prior to going under Dr. Darrin's treatment in Portland 10 years ago, I had been badly afflicted with rheumatism of the stomach and bladder. I was terribly bloated with dropsy and dyspepsia. I had given up all hopes of relief, but thanks to Dr. Darrin I was cured of all the above mentioned diseases, and I still enjoy the best of health. I reside at Co's City, six miles from Marshfield, and will gladly answer any questions by letter or in person. I heartily recommend Dr. Darrin. C. C. PHARR.

DR. DARRIN'S PLACE OF BUSINESS.

Dr. Darrin can be consulted free from 10 to 5 p.m. daily; evening 7 to 8, Sunday 10 to 3, at Haywire Hotel Albany until N. V. 15, after that time at Corvallis at the New Hotel Corvallis Nov. 15 to Dec. 1 on.

The doctor makes a specialty of all diseases of the eye, ear, nose and throat, catarrh diseases, bronchitis, la grippe, heart, liver, bladder and kidney diseases, or those who suffer from apathy and indifference; also gonito-urina and skin diseases in either sex, such as blood taint, seminal weakness and lost vigor, varicoles and stricture. Eyes tested, glasses fitted. Dr. Darrin will treat all who may apply before Dec. at half his former prices.

MISFITS.

Get out your weeds. The rain god has begun his winter sprinkling.

Foot ball has given place to politics in Albany. Both are pretty rough games.

The victory over the O. A. C. Holy Rollers was enough to make the Albany players hilarious.

Anxious subscriber:—Yes, Chinese pheasants may be shot until December 1 if you can get in sight of them.

The boys did remarkably well this year on Halloween, doing less damage than ordinarily under the trying temptations of the night.

A new daily paper has been started in New York especially intended to give news of interest to the females in society. The men will all want to read it.

The Linn County Poultry Association will meet Saturday, in a paint shop at Albany. The members probably intend to paint the town, or may discuss coloring eggs.—Telegram.

Candidly it is not fair for Corvallis to have to bear the opprobrium of those Holy Rollers. She should have muzzled her reporters and kept the thing silent.

The Portland Telegram has made a scoop by giving a picture of the Holy Rollers, of Corvallis. Pretty good looking people. The trouble is the picture doesn't show the wheels in their heads.

Poor Mr. Harvey Scott, the Eugene Register has gotten after him with its big words and calls him "the destroying angel of the republican party." If the Democrat remembers correctly Mr Scott also has a very extensive vocabulary.

The Multnomahs were supposed to have the best team work of any team in Oregon, but after they had gone against the Berkleys it was stated that the trouble was the lack of team work. By the way there are different kinds of teams along the highway.

Noah was the first advertiser. He advertised the flood and it came all right. The fellows who laughed at the advertising got drowned and it served them right. Ever since Noah's time the advertiser has been prospering, while the other fellow is being swallowed up in the flood of disaster.—Ex

One of the oddest plays ever made in a foot ball game was that of the Corvallis Indian in last Saturday's Harvard game, who caught the ball on a kick off, hid it under his Jersey against his back and ran across the field for a touchdown, and it had to be allowed, there being no rule touching the case.

The Albany Democrat, in speaking of the visit of the Corvallis football team, calls that aggregation of brawn and muscle the "Holy Rollers." Thus doth the foibles of her citizens, humble the pride of a city, and bring blishes to the cheeks of the unobtrusive, but loyal, town cow.—Salem Journal.

The Genuine vs. Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by Foshey & Mason, Burkhardt & Lee.

Portland and Return \$3.00.

TELEGRAPHIC NEWS.

Dynamite Explosion. CHESTER, O., Nov. 1.—Chester and vicinity was turned into a panic tonight by a terrible explosion at 8 o'clock. Many buildings were shaken and in some instances the walls fell. Church congregations were thrown into screaming masses of humanity. People who were at home were terrified by the fearful roar that was heard.

An Indian Fight. CHEYENNE, Wyo., Nov. 1.—Governor Chatterton has been advised of a fierce battle that was fought yesterday on Little Lightning Creek in Eastern Wyoming, between Sheriff W. H. Miller, with a posse of six men from Weston county and a band of Crow Indians on the way to the Sioux Agency at Rosebud.

Sheriff Miller is reported to have been killed, one of his deputies fatally wounded, two others slightly wounded, while three Indians are reported killed and several wounded.

Fifteen Students Killed. INDIANAPOLIS, Oct. 31.—Fifteen persons were killed and over fifty injured, some fatally, at 10:20 today in a collision between a special passenger train on the Big Four railroad and a freight engine with a cut of coal cars. A passenger train of twenty coaches was carrying 954 persons, nearly all of whom were students of Purdue university and their friends from Lafayette to Indianapolis for the annual football games between the Purdue team and the Indiana University squad.

A Vatican Fire. ROME, Nov. 1.—Fire broke out at 8:30 tonight in that portion of the Vatican containing the hall of inscription, where the pope gives his audiences. Strenuous efforts were made to control the flames and the firemen of Rome were called to lend their help. At 11:15 the fire was under control.

A Halloween Murder. PORTLAND, Nov. 1.—While celebrating Halloween Adolph A. Burkhardt was shot and killed by Samuel Baumann, near Bertha, late Saturday night. Baumann, who says he fired the fatal shot to scare away boys bombarding his house with a fusillade of bullets, came into the city and gave into the city and gave him self up early this morning.

A New York Holocaust. NEW YORK, Nov. 1.—Twenty-one men, three women and a 10-month-old baby, were burned to death or suffocated in a fire that started early this morning in the House of All Nations, a five-story tenement-house at 438 Eleventh avenue and which the police and coroner believe to have been of incendiary origin.

More Indians Killed. CHEYENNE, Nov. 2.—A second battle with the Indians who murdered Sheriff Miller and Deputy Falkenberg on Saturday, reinforced by a large body of redskins who had been hunting in the vicinity of the scene of the fight, is reported to have taken place today near the Horsehoe ranch. The fugitives were traced by a posse, and with their reinforcements made a determined stand, nine Indians are reported killed outright and 10 captured. The white men escaped without loss or injury.

Mitchell's Position.

WASHINGTON, Nov. 2.—Senator Mitchell is preparing to make a fight on the economy plan of Speaker-to-be Cannon and the republican leaders in House and Senate who have sent forth the announcement that because of the approaching presidential election, appropriations must be held to the lowest notch during the coming long session. Senator Mitchell takes the position that the position that public works should not be neglected in the interests of politics.

The New York Election.

NEW YORK, Nov. 2.—With the opening of the polls only a few hours off, both the Tammany and the Fusion leaders are asserting confidence in the result. The Fusion leaders predict a plurality of fully 40,000 for Seth Low. John Clark, Low's manager, declares the Mayor will carry all five boroughs.

Holy Rollers.

CORVALLIS, Nov. 2.—Crestfield and Brooks, the "Holy Roller" apostles, who led the way in the recent spectacular plays of the sect in this town, have quitted Corvallis. Their going was as quiet as their work was fierce. A fear of bodily harm is supposed to have been incident to their departure.

Eastern Elections.

NEW YORK, Nov. 4.—In Ohio Herrick defeats Johnson for governor by 125,000. Warfield is probably elected governor of Maryland. In Kentucky the democrats reelected Beckham for governor by 15,000. Cummins is elected governor of Iowa by 60,000. Bates, rep., is elected governor of Massachusetts by 30,000.

Panama Independent.

PANAMA, Nov. 3.—The independence of the isthmus was proclaimed at 6 p. m. today. A large and enthusiastic crowd of all political parties assembled and marched to the headquarters of the government troops. The enthusiasm was immense, and at least 3000 of the men in the gathering were armed.

Wood Disbarred.

WASHINGTON, Nov. 3.—T. A. Wood, of Portland, grand commander of the Indian War Veterans' Association, will prosecute no more pension claims before the Pension Office. Secretary Hitchcock today issued an order disbarring him from practice before any bureau of the Interior department, which means Wood can never again act as attorney for any applicant for a pension.

A Conyict's Doings.

OREGON CITY, Nov. 3.—William Smith, an escaped prisoner from Multnomah county jail, is in the Oregon City jail charged with threatening to kill. Smith was arrested at the mouth of Clackamas river, near this city, by Chief of Police Burns, about 3 o'clock this afternoon, after having shot twice at William Hoxey and Benjamin Baxter of this city, whose rowboat he had stolen.

MISFITS.

If there is anything in this microbe business where would the tramp be.

The gambling spirit runs into everything. \$1,000,000 was bet on the New York election.

The eating station for the afternoon meal is about to be changed from Albany to Eugene again.

The Corvallis Gazette foot ball man is evidently a member of the Holy Rollers, judging from his crazy foot ball remarks.

Referring to Sam Morris the Chemaw American says it is entirely legitimate for an Indian to pitch himself into civilization.

The Horace McKinley trio will face the U. S. grand jury music at Portland on next Saturday. The tune will not be a very pleasant one.

It is believed now that Sanderson's bridge is up to stay. As over \$80,000 has been expended in all on the structure since the beginning a permanent job was certainly a judicious thing on the part of the present county commissioners.

The Roseburg Plaindealer, a republican paper, is about the only paper that has declared Ex-Congressman bloody gully of the charges recently made against him. Even the democratic papers are charitable enough to state that the evidence is very poor against him and there is probably nothing in the affair.

The Corvallis Gazette says that the O. A. C. team lost by fumbling and that Albany cannot play clean foot ball, both statements of which are falsehoods. Corvallis fumbled, but was no match for Albany anyway. Second Albany played a cleaner game than the O. A. C., at least as clean a game. The Gazette at least displays very poor foot ball sense.

The Eugene Real Estate Exchange charges that the pamphlets sent to the territorial syndicate at Chicago have been used for private gain by a real estate firm represented by Wallis Nash, formerly of Corvallis and Albany, which has been using them to advertise its real estate business. Perhaps all the other Oregon pamphlets have been used the same way. Perhaps not.

New York Democratic.

NEW YORK, Nov. 3.—After a remarkable campaign, in which nearly all of the newspapers and practically every minister of religion in this city were united against him, G. B. McClellan, son of the Civil War General, was today elected the third Mayor of Greater New York over Seth Low, Fusionist, the present Mayor, by 81,414 votes. Edward M. Grant was elected Controller and Charles V. Fornes president of the Board of Aldermen.

Schmitz Election.

SAN FRANCISCO, Nov. 3.—Today's election brought out a heavy vote. The incomplete returns tonight indicate that Eugene E. Schmitz, the Union-Labor party candidate, has been re-elected Mayor, with Charles Crocker, rep., a fairly close second. It is very probable that the democrats have elected the Assessor, Sheriff and District Attorney. The republicans claim the Tax Collector and County Clerk.
