

Gured by the use of Kodol are received daily. Their troubles nearly all begin with Indiges-tion or other atomach disorder. If the food you cat fails to give strength or your body, it is because the juices so-creted by the stomach and digestive organs are inadequate to transform the nutrient prop-erties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The bist doctors in the land make this very mistake. Why should they ? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the voins and arteries of overy muscle, tissue and fiber throughout every organ of the en-tire body, and by Nature's law of health. full strength and vigor is soon restored to each. Kedol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy

that gave relief from the terrible pains 1 endured. After a time I would take it but once a day, and now, while I keep a butle handy I seldom need it, as it has cured me. MRs. J. W. COLLANDER, Mile Center, N. Y.
