SCOTT'S EMULSION

makes pale, thin children fat and chubby. Overcomes wasting tendencies and brings back rosy cheeks and bright eyes.

It's surprising how quickly children respond to Scott's Emulsion. It contains just the element of nourishment their little bodies need. They thrive on it.

Even a few drops in the baby's bottle have a noticeable effect for good. Nothing better than Scott's Emulsion for growing children.

Why do substitutes for Scott's Emulsion cost less? Because they're worth less. With one you wait in vain for the benefits you had looked for. In Scott's Emulsion you get them. It never disappoints. That's worth the few cents difference in cost.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

Best Cough Medicine for Children

When you buy a cough medicine for small children you want one in which you place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by Foshay & Mason.

Chamberlain's Stomach and Liver Tablets. Unequaled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action with a tendency to nauseate or grip. For sale by Foshay & Mason.

Maple Ridge Dairy.

The democrats should put up strong men for the office of state representatives. They can be elected.

The democrats will have an opportunity tomorrow to display genuine harmony in the selection of a county ticket. Let this be done. There is no occasion for anything else, nor is there any sentiment provoking it, except among the republicans who are anxious to see some of their own lack of harmony in the democratic ranks.

The republicans have at the head of the representative nominees a man who voted the 8 1/2 mill state tax on the people of Linn county, his vote on every occasion being for large appropriations which have resulted in the people of the county being taxed double the average state levy. This is something to be thought of, not ignored.

The districting of the republican county convention to secure delegates for the congressional convention was an unintentional Harris victory and contrary to the state arrangement; but it was a victory without any spoils, for the strength of the Hermann faction was so much greater that only one Harris man crept into the delegation, and under instruction he will vote for Hermann, the man at odds with the administration.

A convention rarely has less harmony underneath the surface than that in the county republican convention. In view of the fact that the democrats have been accused of lack of harmony the statement of this fact is eminently proper. At the very first move the teeth of the two factions were shown in the election of a chairman. They again shone when the election of delegates to the congressional convention came up and were manifest on several minor occasions. Much was kept down on account of the supreme effort of the occasion to make things appear harmonious.

Primary and conventions are for the purpose of ascertaining the wishes of the people of the county or state which gatherings represent, and should be as free from outside influences as possible. Any influence exercised by the imported agents of any candidate or cause always tends to coerce and distort the wishes of such conventions, and the actions of such persons are, as they always should be, looked upon with suspicion. The California gentlemen now within our state may be good and honest men; but their action in carrying on a political propaganda in this state, in order to coerce, influence or dictate the position of this state in regard to the Presidential nomination, is an act of imprudence, and an insult to the citizens of the State of Oregon which has been a sovereign State for nearly half a century, and is fully able to make her decision on this matter without the assistance of the California gentlemen, whom we believe would have shown great political sagacity, in using their surplus political energy to elect Franklin Lane, Governor of California, than in attempting to influence the position of Oregon on National affairs. Better manage your state affairs right before you dictate in National matters. The democrats of Oregon have shown that they have some political ability along that line and we are of the opinion that they will be able to define their position on national matters without the assistance of our southern neighbors.

No Assessment for April.

The Modern Woodmen of America has again skipped an assessment. There was no assessment for February, and now April is passed without the necessity of one being levied, still there is a surplus in the beneficiary fund of about One Million Dollars. Eight assessments during the year 1904 will more than meet all death claims. It will pay those intending to protect their loved ones to investigate this society, (the largest beneficiary society of over 700,000 members, with the lowest death rate), before placing your application elsewhere. The camp of this city now have 140 members and is growing rapidly.

ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health.

One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

For over four years I suffered with general debility, causing a thorough breaking down of my system. My cousin, who had been benefited by S. S. S., told me about it. I tried it and it cured me. I heartily recommend S. S. S. to all who may feel the need of a thoroughly good blood tonic. Yours truly, MRS. JOSIE A. BRITTAIN. 44 W. Ninth St., Columbia, Tenn.

It seems to be a general idea among the people that all the valuable vacant government land in Oregon has been taken. Such is not the case, as I can show you 23 quarter sections of government land that will cut from 2 to 6 million feet per each quarter of Sugar and Yellow Pine, Cedar and Oregon Pine, in very desirable locations for timber claims and homesteads, close to town and the railroad, with good roads leading to them.

I want you to get all the timber and in the best location that you can for your money. Literature furnished on application. My location fee is \$125.—W. B.
