### TELEGRAPHIC NEWS.

#### The Doings of the Entire World.

**War News.**  
NAGASAKI, April 30.—To all intents and purposes, the Port Arthur action of April 13 has destroyed all reasonable fear of interference with Japan's plans in the Yellow Sea by the Russian Pacific squadron. The successful beginning of operations is now reported along the Yalu.

**A Political Sop.**  
WASHINGTON, April 29.—Secretary Hitchcock has notified the Oregon delegation that he does not see his way clear to recall the appointment of S. S. Terrill as supervisor of the Baker City forest reserve, but in view of the fact that the delegation's endorsement of Walter Moore for this office was inadvertently overlooked, he will be willing to appoint Moore a forest ranger at \$60 per month later in the summer.

**Potter in Trouble.**  
WASHINGTON, April 29.—Superintendent Potter of the Chemawa Indian School, is in extremely hot water. Potter is accused of having misused money allowed him for the school; to have misappropriated, or withheld, moneys earned by pupils who worked under the outing system and otherwise to have conducted the institution in violation of specific instructions from the Interior department.

**Will Be at Portland.**  
WASHINGTON, April 29.—The monitor Wyoming and torpedo boat destroyers Preble and Paul Jones, will receive orders at Guaymas to proceed north to San Diego, Cal., thence to Portland, Or., and so on to Puget Sound, so as to reach there about July 15 to join Rear-Admiral Glass' squadron.

**A Town Wiped Out.**  
VANCOUVER, B. C., April 29.—Fernie, B. C., the principal coal mining town in the Crow's Nest Pass district, was practically wiped out, as far as its business interests are concerned, by fire at an early hour today. The entire business district of the town, fronting on the Canadian Pacific Railway tracks was destroyed.

**Exposition Opening.**  
St. Louis, April 29.—St. Louis is prepared for the greatest day in her history. Tomorrow noon, her great exposition will be thrown open to the world. All of today, and all tonight, the people worked with desperate energy to accomplish the thousand and one things that always remain to be done at the last minute.

### MISFITS.

#### A Mixture of Things and Thoughts

An exchange refers to moral clothes. Can't see the point.

Look around and you will find Albany to be a very busy city.

The men hold of the national spoils of course want to retain their grip.

Anna Eva Fay has taken charge of Portland judging from the papers of that city. Portland is easy.

Congress, which has just adjourned, spent most of its time preparing for the coming presidential election.

The Catholic Sentinel of Portland says that so long as the big daily papers are open for the advertising of crime no good can be effected in Portland.

Linn county has not heretofore been much in favor of the second term proposition in the soft court house snags. This is a pretty live slam on three of the Herald's candidates who want a second term. Bruce McKnight for assessor, Jas. Atkins for treasurer, Hugh Fisher for surveyor, at the court house, besides the coroner. With four men for a second term on the republican ticket to one on the democratic the Herald might well stop and think before making remarks like the above.

### Annual Excursion.

The Brotherhood of Railway Trainmen will run their annual excursion to Eugene on May 29, arriving there from both directions at 11 o'clock, and leaving at 6 o'clock. A game of base ball between Roseburg and Eugene has been arranged and the U of O buildings will be thrown open. The round trip fare from Albany will be \$1 and trains will leave here at 9:10 a. m.

### St Louis Fair.

Are you going to the fair? We will sell round trip tickets May 11, 12, 13 and would take pleasure in assisting you making out your itinerary. Perhaps we could route you through towns you wish to visit without additional cost other than to the fair. C. K. FROCK, Agent.
