"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Foshay & Mason.

### TELEGRAPHIC NEWS.

#### The Doings of the Entire World

##### After Port Arthur.

ROME, June 3.—Reports from Tokio indicate that the Japanese have already begun the preliminary assaults upon Port Arthur. The Giornale d'Italia prints a dispatch from its Tokio correspondent first line of the outer fortifications at Port Arthur. In this event, the second line of the outer fortifications must have been taken earlier.

##### Russians Guilty.

PARIS, June 4.—Private intelligence received in Paris at several different quarters gives gloomy accounts of the growing feeling of discontent and anxiety in Russia over the silence that prevails in officialdom as to events of the war.

##### Kansas Floods.

KANSAS CITY, June 4.—Big floods are in the valleys of the Neosho, Cottonwood, Verdigris, Arkansas, Bitter Creek, Walnut and Marmatin rivers. All creeks through this section are flooding and impassable. The rivers all drain to the southward. Reports from Chanute, Humboldt, Neosho Falls and Strong City, Emporia and Cottonwood Rivers are flooding their valleys and doing great damage to town property, oil fields and farm lands.

##### A Governor Nominated.

SPRINGFIELD, Ill., June 3.—By making a combination with Charles S. Deenen, L. Y. Sherman, Howland J. Hamilton and John H. Pierce, Governor Yates today broke the deadlock in the republican state convention, and brought about the nomination of Deenen for Governor. The nomination was made on the 79th ballot.

##### Nine Killed.

KANSAS CITY, June 3.—Nine persons are reported to have been killed, and many injured, in a collision of passenger trains on the Missouri Pacific Railroad near Martin City. The trains, which met head on, were the westbound Colorado Limited, No. 4, and the east-bound accommodation train, No. 38.

##### A Hobo Duel.

CHICO, Cal., June 3.—Wade Andrew Hampton, a stranger in Chico, was killed by Fred Morris, also a stranger, as the result of a terrific combat with knives. The men were strangers to each other, and met near the depot during the night. Both had beaten their way into town on the train. Hampton was crazed by drinking alcohol.

#### The Direct Primary Law.

ALBANY, Ore., June 4, 1904.

EDITOR DEMOCRAT: As a former resident of Minnesota where the primary election law was adopted several years ago and where the last general election was held under its requirements, permit me to say to the voters of Albany and vicinity that the working out of the idea of primary elections in place of the old-fashioned nominating conventions has been a great success in Minnesota. To be sure there were some trifling defects in the law as there probably are in the proposed primary election law of Oregon, but in the matter of the case they are such as can be easily remedied, in other words the thing that is desired—a direct expression of the voters' preferences—is so simple that there is little danger of miscarriage. The primary election law simply makes an extra election. The first election nominates the candidates for the different parties; the second determines which candidate and party is most popular. Any man who desires to hold a certain office, by getting an endorsement of two per cent of the voters (under the Oregon law) becomes a candidate at the primary election. It is a very simple test of popularity as well as very democratic. It also avoids all bargains and packed conventions; and under such regulations if the people don't get the men they want for office it is their own fault. In theory the plan is very nearly perfect. In the election in Minnesota of 1902 the theory proved a practical success. The extra expense of printing primary ballots and paying election officers is simply an exemption of the old saying that you can't get something for nothing.

### MISFITS.

#### A Mixture of Things and Thoughts

Remember to vote for two circuit judges.

The democrats have learned how to vote under the Australian ballot law.

The joke of the season: The republican campaign in Linn county has been one of reason.

Alex Catfish is the name of a Lincoln county man. He wouldn't be safe if the Screech Owl was over there.

The great question among Portland people is whether the Oregonian will permit them to continue to reside there.

A Roseburg paper giving its own editor fits is a feature of the journalism of that city.

The Jefferson Review gets enthusiastic and says C. H. Stewart will have at least 400 majority for county judge, and ought to have 1,000.

"They would have made votes by staying away," said a man from one of the precincts, referring to the republican nominees, and yet one might judge if governed by newspaper talk that things were swept wherever they went. This reminds one of the Furnish campaign.

The Herald says Hugh Fisher is the best surveyor Linn county ever had. Hugh's father was his predecessor and gave Hugh his lessons. He will be elected, the only man on the ticket there is any certainty about. Most of the other's according to the present outlook will be defeated.

The Salem Journal even opposes the state printer's flat salary amendment, which at one time it so fiercely advocated, simply because it would require a plant to be owned by the state, and this would take a big graft income out of the hands of the chairman of the republican state central committee.

### Lebanon.

From the E. A. Frank Kovando, who came here a short time since from Nebraska, will soon open a new furniture and hardware store in the building formerly occupied by Mrs. Chandler. He will also have an undertaking department. J. D. Smith will clerk for him. The government military school at Fort Leavenworth, Kan., to which Captain H. A. Elkins has received an appointment, is a training school for officers of the national guard. His appointment is not to a cadetship, but he will retain his rank as captain. He will draw \$54 per month while attending the school.

### ALBANY WON.

A victory for the Albany club and a defeat for Salem, heretofore in the lead, yesterday placed Albany at the top of the bunches, with 7 wins and 4 losses, a percentage of 63. Salem is next with 610, Eugene 521 and Roseburg 409.

Yesterday's game was a peculiar one. Bilyeu pitched a good game for Roseburg but at the end of the sixth inning without any visible cause was taken from the box and Morrow tried his hand, resulting in a succession of bases on balls and then Bradley took a twist. Gregory did fine work for Albany, something he can always be depended upon to do, striking out 7 men. Lewis, one of the best players in the league, caught until hurt in the eighth and retired. Sues catching and Taylor going into the field. The eighth inning again proved a fireworks affair. At the beginning the score was 3 to 0 in favor of Albany. Each team made 5 and the game ended 8 to 5.

The two clubs went to Portland to play today and tomorrow. Eugene defeated Salem 3 to 1.

### Dinner On Election Day.

## Demonstration Piano Sale

By E. U. WILL

TWO WEEKS.

We are going to demonstrate that the Piano man, who is here to stay, buys right and handles his business right and can sell at much better advantage than the itinerant seller.

The Piano seller who jumps from town to town every few weeks sets up a lot of Pianos he has been dragging over the country proceeds to make a big noise to attract the attention of the unthinking. Before being "taken in" by his representations, REMEMBER it is to the interests of the dealer who is PERMANENTLY LOCATED among you to sell you the best instruments possible for the price.

We have our reputation for FAIR and SQUARE DEALING to maintain, or if we fail in this suffer the consequences.

The itinerant invariably has a lot of Pianos of questionable merit to unload upon the community, soon "folds his tent like an Arab, and silently steals away."

E. U. Will has been selling the very finest Pianos obtainable to the people of this community for a great many years, among them the famous "Chickering" of Boston, the Piano that for over 81 yrs. has been the peerless representative of all that is highest and best in Piano making. The distinctive and rare toned Weber Pianos whose friend every "artist" is; also the great "Kimball" Piano, Chicago's famous make, which now sells about 20,000 pianos every year; the celebrated "Hobart M. Cable" which has won its way into high esteem of the most cultured people and best musicians; the "Jacob Dall" of which about 60,000 are in use; the beautiful "Bailey" renowned for sweet tone and attractive cases, and several other well-known, reliable, pianos.

To demonstrate the difference between the Pianos we sell, at small prices, and that of the itinerant salesman (who invariably sells on a commission, and will get all he can out of you) we will hold a

for about two weeks, so people from Brownsville, Lebanon, Scio, and other towns can avail themselves of the opportunity to get a FINE PIANO—CHEAP.

Over a CAR LOAD of beautiful Pianos have just been received, not "cheap" made but EXPENSIVE IN PRICE.

Come in and see them and let us demonstrate to you the difference between the two kinds of Pianos.
