"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly ir-rubbed with." For sale by Foshay & Mason.

The Doings of the Entire World

After the Czar.
ST. PETERSBURG, June 11.—Two infernal machines were found concealed in tobacco boxes in the Tsarskoye Selo palace near this city, where the Czar and his family reside. One of the boxes was found in the dining saloon, to which room the imperial family were shortly to enter for the evening meal, and the other in the audience chamber. The machinery in both boxes was working and would have exploded them within half an hour.

Ex-Senator J. E. Hunt, originally selected by the senior Senator was not acceptable to Postmaster-General Payne.

MISFITS.

A Mixture of Things and Thoughts

The ball ground is covered with goose eggs.

The Portland post office is next door to chaos.

Sam Jones is headed towards Oregon with a load of epigrams.

Out of the high school into Albany College should be the program.

The Albanians are having their off days but the club has good material and will hold their own.

John Minto, always after something, has secured the Portland post office. Of course a politician had to have it.

An arithmetician has figured a loss to Colorado of \$23,000,000 from strikes in sixteen months. The situation is bad.

The public school children have made a good impression. They have done credit to the week, to themselves and the management of the schools.

A Corvallis boy ran away because he had been reprimanded for not being able to do a problem in arithmetic. That is getting complicated early in life.

Promising 8,000 majority against local option in Portland, and delivering only about 2,000 has given the Oregonian live explaining scenes behind the curtains.

The Oregonian's style of calling people idiots and rascals who don't agree with it has given its editorial utterances a boomerang effect. If it wishes to have influence it should learn to treat its opponents fairly.

Lebanon.

From the E. A.:
Mrs. L. M. Jones went to Scio yesterday to attend the funeral of her brother, Fred Morris, who died in Alaska a few weeks ago. The remains arrived at Scio today, but the funeral may not occur until Sunday. Dr. Jones will also go over to the funeral.

There will be an excursion from Lebanon to Albany Sunday, the 12th, on account of baseball game between the Albany and Salem league teams. Train will leave Lebanon at 1 p. m. Returning, will leave Albany at 6 p. m. Fare for the round trip, 75 cents. As excursion trains will run into Albany from all directions, there will be a large crowd in the city.

The farmers of the Rock Hill neighborhood, who are putting up a telephone line between Lebanon and Plainview, have applied to our city council for a franchise granting them the privilege of running their line into town and establishing a telephone exchange in this place.

Back from Blue River.

From the Times:
J. F. Venner came down from the Blue River mines Tuesday, where he has a force of men doing development work on the Oriental Mining Company's property. Mr. Venner reports great activity all over the district. He will return soon to look after the work on Oriental property. The new Lucky Boy mill, which was forced to shut down because some of the machinery failed to work properly, started up again Sunday and now works like a charm.

Demonstration Piano Sale

By E. U. WILL

TWO WEEKS.

We are going to demonstrate that the Piano man, who is here to stay, buys right and handles his business right and can sell at much better advantage than the itinerant seller.

The Piano seller who jumps from town to town every few weeks sets up a lot of Pianos he has been dragging over the country proceeds to make a big noise to attract the attention of the unthinking. Before being "taken in" by his representations, REMEMBER it is to the interests of the dealer who is PERMANENTLY LOCATED among you to sell you the best instruments possible for the price.

We have our reputation for FAIR AND SQUARE DEALING to maintain, or if we fail in this suffer the consequences.

The itinerant invariably has a lot of Pianos of questionable merit to unload upon the community, soon "folds his tent like an Arab, and silently steals away."

E. U. Will has been selling the very finest Pianos obtainable to the people of this community for a great many years, among them the famous "Chickering" of Boston, the Piano that for over 81 yrs. has been the peerless representatives of all that is highest and best in Piano making. The distinctive and rare toned Weber Pianos whose friend every "artist" is; also the great "Kimball" Piano, Chicago's famous make, which now sells about 20,000 pianos every year; the celebrated "Hobart M. Cable" which has won its way into high esteem of the most cultured people and best musicians; the "Jacob Doll" of which about 60,000 are in use; the beautiful "Bailey" renowned for sweet tone and attractive cases, and several other well-known, reliable, pianos.

To demonstrate the difference between the Pianos we sell, at small prices, and that of the itinerant salesman (who invariably sells on a commission, and will get all he can out of you) we will hold a

Demonstration Sale

for about two weeks, so people from Brownsville, Lebanon, Scio, and other towns can avail themselves of the opportunity to get a FINE PIANO—CHEAP.

Over a CAR LOAD of beautiful Pianos have just been received, not "cheap" made but INEXPENSIVE IN PRICE. Come in and see them and let us demonstrate to you the difference between the two kinds of Pianos.
