## Republican Money Back of the Populist Campaign

Though Thomas E. Watson in his speech accepting the populist nomination for President at Copper Union, New York, on August 18, said that Roosevelt "stands for those governmental principles which, in my judgment, are hurrying this Republic into a sordid despotism of wealth," the full speech is being sent broadcast as a republican document.

The New York World states that the republicans are hoping by this means to estrange "the voters of the Bryan democrats from the National Democratic ticket."  
"A populist campaign in this state," continues the World, "is to be made with a plentiful supply of funds, and a state organization, it is said. It is openly intimated that there are not a few republicans who would subscribe liberally to the populist cause for the purpose of deflecting Bryan votes from Parker."

"In this connection it is announced that Thomas E. Watson is to deliver forty speeches in doubtful states, and, strangely enough, at the precise points where they might be expected to do most harm to the democratic ticket. Mr. Watson has been in frequent consultation with a number of men here about his plans. Some of these men were formerly closely identified with Bryan."

In connection with the efforts of populists to aid Mr. Roosevelt, democrats are citing this trenchant paragraph from Mr. Roosevelt's pamphlet on the campaign of 1896:  
"Thrift, industry, and business energy are qualities which are quite incompatible with true populist feeling. Payment of debt, like the suppression of riots, is abhorrent to the populist mind. Such conduct strikes the populist as immoral."

### A World Power.

"Ours is a world power, and as such it must be maintained, but I deny that it is at all recently that the United States has attained that eminence. Our country became a world power over a century ago, when, having thrown off foreign domination, the people established a free government, the source of whose authority sprang, and was continuously to proceed, from the will of the people themselves. It grew as a world power as its sturdy citizens, to whose natural increase were added immigrants from the old world seeking to obtain here the liberty and prosperity denied them in their own countries, spread over the face of the land, and used the prairies and forests to cultivation, built cities, constructed highways and railroads, till now a nation which at the formation of the government numbered only three millions in population has become eighty millions and from ocean to ocean and the lakes to the gulf, the country is the abode of a free and prosperous people, advanced in the highest degree in the learning and arts of civilization. It is the liberty, the advancement and the prosperity of its citizens, not any career of conquest, that make the country a world power. This condition we owe to the bounty of Providence, unfolded in the great natural resources of the country, to the wisdom of our fathers, manifested in the form of government established by them, to the energy, industry, moral character and law-abiding spirit of the people themselves."  
[From Judge Parker's speech of acceptance.]

The republican papers are busy these days in their attempt to stir up strife among democrats. They have several schemes. They enlarge upon Mr. Bryan's declarations before the convention. They have Tom Watson, the populist equipped as an ally. They appeal to the populists to break loose from the democrats, exercising all their ingenuity in creating prejudice. They talk silver all they can. In fact they do nearly everything along lines outside the real issues of the campaign that the minds of their bosses can suggest.

People not wishing to be called weaklings will have to support Roosevelt. That is the Roosevelt style of expression. Sometimes he adds the words craven cowards in order to make it a little stronger. In order to be appreciated by President Roosevelt one needs a belt full of revolvers and cartridges and a steady flow of blood in the eyes.

## Tangent News

Once more the hot days of summer are passed and gone and the cooler days of fall have arrived.

Harvesting is now over and the farmers have been allowed to gather in their crops without hindrance from rain.

Farmers say that spring grain is much better than was expected, and there will, in most instances plenty of grain for home use and some to spare.

The quality of spring grain is good and it is a wonder how the ground produced as much as it did considering the fact that much of it had no rain to moisten its roots from the time it was sown until it had almost matured.

The apple crop is abundant and of fine quality, and comparatively free from worms or blights of any kind.

J. J. Beard has returned from his trip to his homestead which is located in the northern part of California. He is now arranging to move there and he and his wife will start for their new home in a few days.

Mrs. Eva Vernon and two children, of Seattle, who have been visiting relatives near Tangent have returned to their home.

Mrs. Bessie McDonald of Yackimaw, Wash., is visiting with her parents, Mr. and Mrs. H. W. Settlemier.

H. H. White, of Wasco, Sherman county, arrived in Tangent last Thursday and joined his wife who has been visiting with her parents, Mr. and Mrs. W. O. Hudson; they will return to their home in a few days.

A. D. Hale, wife and two youngest sons expect to start for Bristol, Tenn., in a few days, intending to make that state their future home.

Mrs. Pearl Powell of La Grande, arrived in Tangent a few days ago and is visiting her mother, Mrs. Fanny Knight and her sister, Mrs. Goldie Hudson.

Mrs. Ella Filkins and little son, of near Ione, Morrow county, is visiting with her father, A. L. Bridgefarmer who lives near this place.

The Tangent school will soon open with Prof. Dixon as principal and Miss Florence Hudson as assistant teachers.

H. E. Spencer and wife who have been living on the Green farm, have rented the Jos. Yates place near Oakville, and will soon leave here, a fact that is much regretted as they have been excellent neighbors and friends and untiring workers in the church and Sunday schools of this place.

J. L. Beard will now act in the capacity of R. R. agent, a place which has been held for more than 30 years by J. J. Beard.

A great many people are going to the hop yards, in different parts of this and adjoining counties to spend a week or two picking hops.

### CUMTUX.

Able New York lawyers wanting to see the constitution of our country upheld will vote against Roosevelt and for Judge Parker. Roosevelt has already overridden the constitution and established a rule of his own. The integrity of the country demands that the constitution be placed above the President, a bulwark which cannot be moved by an individual. With such a man as Roosevelt in power there will always be danger.

Secretary Taft in a speech the other day referred to Roosevelt as a "man with no pride of opinion, most anxious to avoid war or conflict, a real conservatism of action." That comes pretty near calling black white.

## TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1903.  
Six years ago I had a severe attack of inflammatory rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and today I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.  
R. H. CHAPMAN,  
1355 Mt. Vernon Ave.

The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. Write us and our physicians will advise without any charge whatever. Our book on Rheumatism sent free.

## BEARING DOWN PAINS

3347 Indiana Avenue.  
Chicago, Ill., Sept. 27, 1902.

I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around and do my work I would not try patent medicines as I had no faith in them.

About eight months ago I had to take to my bed, suffering with prolapsus of the uterus, with bearing down pains and intense pains in the back. My aunt, who came to nurse me told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was in better health and stronger than I had been in years. I take a dose now, occasionally, of Wine of Cardui and am kept in perfect health.

Wine of Cardui brings certain relief to women suffering any symptom of female weakness and perfectly regulates the menstrual flow. Wine of Cardui stops bearing down pains by permanently relieving the irritation which weakens the ligaments holding the womb in place. You need not suffer every month if you take this medicine. The periodical discharge will be painless and healthy without continual weakening drains. Wine of Cardui will make your health right and you may treat yourself privately in your own home. Secure a \$1.00 bottle of Wine of Cardui from your druggist today.
