"The Husking Bee."

This popular play is to be given for the benefit of the Albany foot ball team. the benefit of the Albany foot ball team. The young ladies of the college have secured Clara Louise Thompson to direct. She is one of the ablest directors in the country having studied with the best teachers in Europe and America. The acting of this play is such that it will be possible to introduce many clever speeches and songs. The musical part will be a special feature. There is fun in abundance while the husking is in progress at the home of Upland Hay, where the boys and girls and old folks gather to make merry.

The Husking Bee promises to be one of the most original humerous theatrical productions ever offered local theatre goers. New music, new songs. The cast is made up from the most popular young people of the city.

Caused by a Gravel Train Running into a Freight.

A BAD WRECK

Saturday afternoon, after 4 o'clock a fast freight train, in charge of Conductor Hoffman stopped at the wood pile a quarter of a mile north of Jefferson for wood. A loaded gravel train in charge of Conductor Taber, go ing as a second section, came up behind, not knowing of the stop crashed into the rear of the freight. Five cars were smashed into kindling wood and the engine and tender completely wrecked. One of the cars contained ten race horses belonging to Johnson & Co., of Seattle, and William Reynolds, of Great Falls, Mon., in charge of Jac. Turner, a New Orleans horse man, with a blacksmith and the jockeys and keepers of the horses, eight in all A. Neal, another horse man, from another car, of Seattle. This car was third from the end. The caboose was empty fortunately. The experiences of those in this car were thrilling. mai in the string, was watering the horse and received a terrible mixup, but his body was only scratched. Herbert King, a red headed jockey, was thrown high in the air through an opening and was reputed to have hung on a wire, but he didn't know anything about that, he told the DEMOCRAT man who had a talk with him on the cars afterward. Mike Mahlen, the blacksmith, who was only called Kentuck by his friends, was down among the horses and received a bad kick in the face. These four men were brought to Albany on the overland, which had been stopped there, and their wounds, none serious, were dressed by Dr. Trimble, when the men were taken with the train down the West Side to the Good Samaritan Hospitalat Portland. Jack McCarthy, Jack Bannon, A. Berry and another jockey were in the car and had varied experiences and some bruises, but remained at the scene of the wreck with their horses.

at the scene of the wreck with their horses.

Only two horses were killed, Axminister and Clivosa, old animals, of the Johnson stables, the latter being shot to stop its miseries. Other horses scratched or bruised were: Sally Goodwin, Bummer, Surburban Queen, Tom Kingsley, Stewardess, Hogarth and a colt. These were placed in stables at Jefferson and cared for.

It was a marvel that no one was killed, a fact appreciated by the Democrat

ed, a fact appreciated by the DEMOCRAT man after an interview with the injur-

man after an interview with the injured men.

The engineer and fireman of the gravel train owe their lives to having jumped from their engine at the sight of the freight, almost hid by the wood pile, which they did without having time to reverse the engine. They were bruised some but not seriously.

In front of the car of horses was a car of apples, which covered the ground when the DEMOCRAT man visited the scene in the evening. The sight of the wreck was one not often seen in rail-roading.

scene in the evening. The signt of the wreck was one not often seen in rail-roading.

The northbound overland reached the scene immediately after the wreck, returning to Albany and going to Portland by the west side. Trainmaster O. W. Taylor was on board and began investigations. The engineer claimed to have given the signal for a flag man, but the conductor reported failing to understand it that way. He wentback with a flag but had not reached the end of the train when the crash came. It is said he thought there was time for wooding up before the arrival of the gravel train. It is probable there was a misunderstanding of the train-dispatchers orders.

J. P. Jones, of the passenger department was in the city and took charge of the injured men, giving them the best attention to be secured.

A wrecking train was soon on the scene and had the track cleared by morning.

TORTURING DISFIGURING

Skin, Scalp and Blood Humours

From Pimples to Scrofula, from Infancy to Age

Speedily Cured by Cuticura when All Else Fails.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurements, as in some and ringworm; the awful suffering of infants and anxiety of worn-out parents, as in milk crust, tetter and salt-rheum - all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Resolv-ent are such stands proven beyond all doubt. No statement is made regarddoubt. No statement is made regarding them that is not justified by the
strongest evidence. The purity and
sweetness, the power to afford immediate relief, the certainty of speedy and
