The Opening Day.

PORTLAND, May 24.—President H. W. Goode has authorized the publication of a program of the opening ceremonies of the Lewis and Clark Exposition, June 1, which is as follows:

Overture, "Festival" (Weber) Innes' band. Assemblage called to order by the president of the exposition at 12 o'clock noon.

Divine invocation by the Rt. Rev. David H. Moore, D. D., S. S. D., bishop of the Methodist Episcopal church, residing in Portland, Oregon.

March, "Imperial Oregon," Innes. (Dedicated to the memory of Captains Lewis and Clark and inscribed to the people of Oregon.)

Address by H. W. Goode, president of the Lewis and Clark Centennial Exposition.

Address by George E. Chamberlain, governor of Oregon.

Music. Address by Jefferson Myers, president Lewis and Clark Centennial Exposition commission for the state of Oregon.

Music. Address by George H. Williams, mayor of Portland.

Music. Address by Clarence D. Clark, United States Senator, representing the United States Senate.

Music. Address by James A. Tawney, M. C., representing the United States house of representatives.

Address by H. A. Taylor, first assistant secretary of the treasury and chairman United States Government board.

Music. Address by Joseph Q. Cannon, speaker of the house of representatives of the United States.

Music. Address by Charles Warren Fairbanks vice-president of the United States and personal representative of the president.

Presidential salute of 21 guns.

Notification by wire to President of the United States of the exposition management's readiness to receive signal to open the exposition.

President Roosevelt touches golden key at the White House in Washington transmitting electrical energy which rings chimes in the United States government building and starts machinery of the exposition.

President Goode then declares the Lewis and Clark Centennial Exposition formally opened to the world.

"The Star Spangled Banner" by the massed bands, with artillery accompaniment and cathedral chimes.

Divine benediction, by the Most Rev. Alexander Christie, D. D., archbishop of Oregon.

The national anthem, Innes' band. Centennial salute of 100 guns.

A tale is told of a Kansas minister, a great precisionist in the use of words, whose exactness sometimes destroyed the force of what he was saying. On one occasion, in the course of an eloquent prayer, he pleaded: "O Lord! waken Thy cause in the hearts of this congregation and give them new eyes to see and new impulse to do. Send down Thy lev-er or lee-ver, according to Webster's or Worcester's dictionary, whichever Thou usest, and pry them into activity."

Selling Out.

SCROFULA A Disease We Inherit

The tainted blood of ancestors lays upon the shoulders of innocent offspring untold suffering by transmitting to them, through the blood, that blighting disease Scrofula; for in nearly every instance the disease can be traced to some family blood trouble, or blood-kin marriage which is contrary to the laws of nature. Swelling, ulcerating glands of the neck, catarrh, weak eyes, sores, abscesses, skin eruptions, white swelling, hip disease and other deformities, with a wasting of the natural strength and vitality, are some of the ways this miserable disease manifests itself. The poison transmitted through the blood pollutes and weakens that health-sustaining fluid and in place of its nutritive qualities fills the circulation with scrofulous matter and tubercular deposits, often resulting in consumption. A disease which has been in the family blood for generations, perhaps, or at least since the birth of the sufferer, requires constitutional treatment. S. S. S. is the remedy best fitted for this. It cleanses the blood of all scrofulous and tubercular poisons, makes it rich and pure and under the tonic effects of this great blood medicine the general health improves, the symptoms all pass away, there is a sure return to health, the disease is cured permanently while posterity is protected. Book on the blood and any advice wished, furnished by our physicians, without charge.

Tangent

Farmers have finished sowing their spring crops and planting their gardens, and are now preparing for the summer's work which will soon be here.

A light rain fell the first of the week which will bring up all late sown grain and gardens, and have a refreshing effect on all kinds of growing crops.

All kinds of fall grain is looking well and a very large hay crop is expected.

A light crop of prunes and plums is reported and in many instances apples will also be scarce.

Cherries will soon be ripe and all kinds of berries are coming on nicely.

Sheep shearing is about done in this part of the country and farmers generally are satisfied with their crop of wool, and the price received for it.

Mrs. Jane Swank, who formerly lived near Tangent has been visiting with her brother-in-law, Mr. S. J. Archibald.

Elmer Clem and family have gone to Bellfountain, Benton county, on an extended visit.

A. Blevins and wife and M. S. Durbin and wife have gone to Forest Grove as representatives to the Oregon State Grange, which meets on the 23rd of May.

Miss Yacle, of the Waldo Hills, has been visiting the Misses Stellmacher for the last week.

G. C. Stellmacher has been hauling lumber for his new house. He intends putting a cement foundation under it which will be constructed by J. G. Flake. Holstein and Williamson are the contractors.

Tangent is beginning to loom up. It now has two stores and each of them runs a delivery wagon all over the surrounding country, and besides this there will soon be six independent telephone lines centering here. The independent line from Shedd to Tangent is well under way, the poles are on the ground and by the last of the week it is expected it will be finished that far.

Work is also progressing on the line from Tangent to Albany. A commercial line will be put up from Brownsville via Shedd and Tangent to Albany. The Bell company also have a long distance line and one farmers line at this place.

Tangent Grange expects to have a picnic near Blevins' Bridge, sometime in June.

Committees will meet at Tangent grange hall next Saturday afternoon to perfect the final arrangements.

An invitation will be extended to other granges to take part in the exercises.

Our road boss is doing some excellent work on the roads. He has the best roads of any that I have seen in the county and is making a success as a road builder. CUMTUX.

The very biggest thing in entertainment in the world, the New York Hippodrome, is open, to amaze those who see the performance. The auditorium seats 5,400 persons—more than any other theater in the world. The space devoted to the stage is correspondingly large. In front of the enormous proscenium-arch is a stage large enough for two circus rings, and this may be depressed, leaving a great tank of water. Circus acts, vaudeville, and opera began the program, which ended with "Andersonville," a melodrama in which some 300 horses were employed, of those some 16 plunge into the tank in the midst of a great fight. It drove the people quite wild with enthusiasm. No description can give an adequate idea of the tremendous scale upon which everything is conducted.—Everybody's Magazine for June.

Frenzied Thoughts.

Recalling his own experience as a hunter, Geover Cleveland refuses to believe a great deal of what he hears about the President's western trip.

An Iowa man abducted a neighbor's wife and held her for a \$50,000 ransom. At least the estimate of her value was flattering to her husband.

Kansas City women who are campaigning against "objectionable billboards" have made no outcry against the object on the springboards at the seashore resorts.

A grafter in Korea has been put out of business by the United States government. All grafters should live in Washington to be safe from harm.

It is an interesting fact that the Russian soldiers have all been ready to fight ever since Gen. Linevitch walked down the line and kissed each of them. They prefer fight to that kind of kissing.

Pending his entrance into the Senate, Gov. LaFollette takes a fall out of the railroads at intervals just to keep his hand in.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarh. Hall's Catarh Cure is the only positive cure now known to the medical fraternity. Catarh being a constitutional disease, requires a constitutional treatment. Hall's Catarh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, the only destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
