THE GRAND JURY

Discharged After Several More Indictments.

PORTLAND, Or., Sept. 31.—The Federal grand jury completed its labors and was discharged. It returned indictments against E. W. Wakefield, former partner of Williamson; C. A. Graves, surveyor of Crook county; E. S. Parker and R. L. Foster, entrymen.

They are accused of conspiracy to defraud the government, the outgrowth of the Williamson cases. It is alleged the land taken up was to be conveyed to Williamson and Gesner by a woman procured to make false proofs in the timber entries.

Dowie Paralyzed.

CHICAGO, Sept. 30.—John Alexander Dowie was stricken with paralysis before his departure from Mexico. It is said it is expected he will not recover and has appointed a successor not made public. He says it is due to the sin of over work.

After Brown.

PORTLAND, Or., Sept. 30.—The federal grand jury investigating land frauds is after W. W. Brown a wealthy sheep owner of Crook County, Oregon, who caused a sensation in court during the Williamson trial by arraiving the government for its prosecution of the rich and an indictment will probably be returned this afternoon.

Brown said while on the stand: "The government is going after the rich and letting the poor go. It ought to get after the poor and rich ought to let go."

Panic has seized many of the defendants in the land fraud cases since the conviction of Congressman Williamson and many of the persons implicated in the frauds are eager to escape punishment by turning states evidence especially the minor offenders who might with reason hope for leniency.

Portland Day.

PORTLAND, OR., Sept. 30.—This is the biggest day in the history of the Lewis and Clark Centennial exposition. It is Portland day and every body in Portland is attending the big fair. Special trains brought in many visitors from various points in Oregon and Washington where the day has been proclaimed a holiday in both states. It is expected that the turnstiles will click to record at least 100,000 paid admission.

A majority of the stores in Portland are closed and business is virtually suspended. The same is true of Oregon City where even the paper mills have been shut down. Many other towns have followed this example, and indications point to the biggest crowd every assembled in the northwest.

Train Men Responsible.

WEISER, Sept. 29.—The coroner's jury which has been investigating the head-on collision on the Oregon Short Line railroad near this city on the morning of the 23rd, inst., in which mail clerk J. W. Harrison and fireman Edward Rovelstad were killed, the jury found the engineer, conductor and brakeman responsible for the accident by their violation of train orders and disobeying certain operating rules of the company.

Dealt by the Governor.

SACRAMENTO, Sept. 29.—Governor Pardee today denied a newspaper publication crediting him with having made a statement that grafting is going on at the Portland Exposition in the matter of awards and that the California exposition commission had withdrawn its exhibits from competition.

Screen Doors

Now is the time to put up your Screen Doors. After the fly gets into the house it takes ten times the work to get him out than what it does to keep him out in the first place by putting up your doors on time. The fly is not only a nuisance to have around, but he also brings disease germs into your house. Our stock of doors is complete and can not be equalled either in price or quality.

The prices range from \$1.25 to \$2.50, each according to quality.

Fancy Ranges

We have one of the highest grade and finest Steel Ranges made. By its patented two-flue construction, the heat is so distributed that the lids are heated evenly, also the oven is heated in the same manner.

MISFITS.

A Mixture of Things and Thoughts

Portland day, the biggest of all.

Not the length, but quality, is what counts in a sermon.

The last day of the close season, and not so close as it might be.

Say, there, Mr. defendant, the president is after you, not Heney.

Portland is already a great city. It will continually be a great one.

Equitable is a mighty misleading name for such a rotten concern!

People who wonder how Jones, Potter and Wade look will soon be relieved.

Most men get their taste for liquor under 21 through the violation of law.

California is kicking lustily about the fair awards. Evidently lost something.

The DEMOCRAT man struck Albany just a quarter of a century ago today, but what's the odds anyway.

Though voted municipal ownership has practically been knocked out in Eugene. There are tricks in all trades.

The DEMOCRAT for once takes off its hat to Mr. Beals. It hasn't rained today, but it just escaped this morning.

The development league is invited to induce the extension of the Corvallis & Eastern into Crook, a consummation intensely needed.

Scio people are sensible. They have been reporting Chinese pheasants very scarce over that way and it has gotten into the Portland papers.

John Swackhammer was in the city this week. John is just about to deliver one of his strenuous dissertations from the depths of Huxley and Spencer.

Property is depreciating in Portland. A ten room house at the corner of 26th and Nicolai streets, which cost \$7,000 to build last spring has just been sold for \$450. Lincoln's home, the Illinois building is referred to.
