Wait Until It is Tried.

Perhaps it is too much of a fact that candidates under the direct primary are men who put themselves forward instead of being men who are put forward by the people, at least this argument is being used. The indication is that most candidates for state and county offices are men who have announced their own candidacy. As a matter of fact this will be the natural course, and it will be difficult ever to reach that stage where anything else prevails. Nevertheless it gives the people the great privilege of selecting between several men and indicating their choice in their own party, and after it has been tested the DEMOCRAT predicts it will be found to have served a splendid purpose in killing off numerous perennial candidates who always bob up. The law is at least one which should be given a fair and impartial trial before judgment, and this cannot be given until after it is all over. The DEMOCRAT admits there are two sides to numerous features, but insists that there should be an honest and completed trial before the rendering of a verdict.

Should be Defeated.

Of course the Salem Statesman is in favor of the ship subsidy bill, in keeping with its usual position on such questions. The bill provides for about the worst graft in the history of the country, and offers nothing in its favor except the filling of the pocketbooks of a few men already rich. If passed the bill would not do at all what it is intended to do. The people of this country are able to advance the shipping interests if they will through their own energies and enterprise, the same as they are able to compete with the rest of the world along any line, but, the trouble is, they have not been equal to the occasion heretofore through their own lack of push and not through the lack of government assistance. There is no more reason why the ship building interests should be granted a bonus than the railroad industry, mining business or newspaper making. The house should defeat the bill and probably will.

A Matter of Courtesy.

A serious matter has been settled. Signing a petition for placing a man's name on a ticket, it has been decided is only a courtesy and will indicate nothing as to the position one may afterwards take. It is declared that it will be entirely consistent for one to sign the petition for one's candidacy and then not support the man at all. Appreciating the fact that every man has a right to run, there may be something in it. At the same time it does hurt one's conscience just a little to ask for a name to be placed on a ticket when you are anxious at heart for the defeat of the man.

The cases against the murderers of Governor Steunenberg, of Idaho, should be pushed with dispatch and impartiality without any of the usual delays of law. The situation calls for prompt justice. The murder was a lawless one regardless of anything Governor Steunenberg may have done. Taking the law into one's own hands is anarchy, and there cannot be too prompt action in putting down everything that tends that way. The safety of citizenship and the protection of society demands it.

The McCurdy's are to be sued for the money they obtained unfairly from the insurance company with which they were connected for many years. This is proper. If they took money not their own they should be made to return it the same as the man who borrows money and gives his note for its payment.

The Democrats of Oregon will take great pleasure in voting for Senator Gearin for the position of Senator. He is a competent man and entirely of a senatorial calibre.

Imperfect Digestion

Weakness, less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and sinews, strengthens the appetite, clears and improves the complexion, influences new life and vigor to the whole system. 50 cents a bottle. Foshay and Mason.

Business talks.

Hot Chicken Tamales, Hot Chili con carne, And Hot Drinks At the Great Confectionery Store. Fresh Oysters received daily at Simpson's Grill. Hot chicken tamales all the time at the Royal Restaurant. Glass, all sizes and kinds, for sale at the Albany Planing Mill, cheaper than anywhere else in Albany. Sent by mail if desired.

Harmony Grange Meeting.

Harmony Grange held a very interesting session on the 17th of February. Only a fair attendance was present, but there was no lack of interest and enthusiasm. The Worthy Master J. W. Propst was in his most happy vein, and all present seemed to catch the contagion, and an all-round good time was had from the beginning to the close, which of course included a sumptuous repast.

Bros. J. S. Froman, J. W. Propst and H. C. Powell were elected as delegates to attend the county convention to be held in Albany on March 3rd, for election of delegates to the State Grange which convenes in Albany in May.

The committee which was to meet with No. 10, with reference to the two Granges having a joint fair this coming fall reported that No. 10 was in favor and would appoint a committee of three to make arrangements and asked Harmony to appoint a similar committee, which it did, Bros. Powell and Palmer and Sister Cornett being appointed.

The Lecturer's hour was well spent in talks on Duties of Delegates to the State Grange, leaders, Eugene Palmer and H. C. Powell, and on Rose Culture, Varieties and Propagation, by Mrs. J. M. Settle, with timely remarks by Bros. Propst and Powell and Sisters Cornett and Palmer; Microbes was discussed by Bro. J. M. Settle which led to much mirth as well as information.

The Lecturer gave out the following questions for discussions at our next meeting: "The best method of using our Grange organization to improve our laws, and the enforcement of law now neglected", leader, F. D. Cornett "How can we bring our land back to its old time productiveness", leaders, J. M. Settle and Jerome Froman. L.

Something Sold Theatrically.

It has been said that the regular theatre patrons are not those who make the fortunes of theatrical performers. They constitute a reliable clientele, whose critical opinion is valuable, and who decide the fate of many an attraction. But the productions which win extraordinary financial returns are those which appeal to the people who attend the theatre only once in a while, when they are sure that the play and the performers will appeal to their taste. It is before such audiences that Charles B. Hanford has had the good fortune to appear. People who are weary of the gauzy frivolities, of the time, or who perchance, disapprove of them on principle, go to see Hanford with absolute confidence that what he offers will have substantial merit as well as the qualities which amuse.

Mr. Hanford never forgets that the public demands diversion at the playhouse. He supplies that by selecting the best material that play writing has ever produced and interpreting it in a modern and sympathetic spirit which makes the humor irresistible.

DRUGS AND MEDICINES

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, the eby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Chase & Sanborn's HIGH GRADE COFFEE. You leave the table with a sense of having dined if the coffee is good. Chase & Sanborn's High Grade Coffees. For Sale by Beam-Shaw Co.

Candidate's Petitions.

Sec. 14 of the Direct Primary law provides that "the vote cast by a political party in each voting precinct for Representative in Congress at the last preceding general election, shall be the basis on which the percentage for petitions shall be counted" and "if the nomination is for an office to be voted for in only one county the necessary number of signers shall include electors residing in at least one fifth of the voting precincts of the county" and "the number of signers required on every such petition shall be at least two per cent of the party vote in the electoral district as above stated."

The republican vote for congressman at the last general election in Linn County was 1932, hence a petition for a nomination on that party's ticket in this county must contain the names of not less than forty registered voters of said party.

The democratic vote for congressman at said election was 1865, hence a nominating petition for a county office on the democratic ticket would require the names of not less than thirty eight registered voters of said party.

The petitions to be composed of signers in one fifth of the precincts in the county and there being thirty one precincts in the county, the petitions must be circulated in not less than seven precincts.

The petitions must be signed only by registered members of the political party designated on the petition. But any registered voter may sign any of petitions for candidates to office of his political party.

OSTEOPATHY FEMALE DISEASES

These diseases have been treated with success following no other method of treatment, specially has it been successful in cases of obstetrics, childbirth. The suffering has been immeasurably lessened and many mothers cannot be grateful enough for the relief afforded at these trying periods. Nine-tenths of the woman's ill's are due to defective spines, and these alone can treatment secure permanent benefit. Those awful headaches and backaches are relieved by the correction of these defects.
