THE FOREST FIRES.

A Relief Train Caught. Many Homeless.

ESCANABA, Mich., May 19.—The forest fires is still raging. A hundred square square miles is aflame. Six thousand are homeless in northern Michigan. A relief train from here was caught between two fires and only the crew escaped. Another train sent out from here today is not heard from.

At San Francisco.

SAN FRANCISCO, May 19.—The insurance commissioner has notified all the companies in the big fire of their losses to prevent them taking advantage of the 30 day clause for refusing pay. Two men are under arrest for theft of trunks. One admits to hauling more than a hundred from hotels and shipping to Los Angeles.

119 Years Old.

POTRLAND, Or., May 19.—Tomorrow Mrs. Mary Ramsey Woods will celebrate her 119 birthday at the home of her daughter in Hillsboro where she resides. Mrs. Woods claims to be the oldest white woman in America and has records to back up her claims of great age. Mrs. Woods was born on a farm near Knoxville, Tennessee, May 20, 1787. She is still active and maintains a lively interest in the world's doings although quite feeble. On sunny days she can be seen walking about the yard or sitting upon the porch.

The Rate Bill.

Washington, May 18.—After seventy days of almost continuous deliberation the senate today passed the railroad rate bill by the practically unanimous vote of 71 to 3. The three negative votes cast were Foraker (republican) of Ohio; Morgan and Pettus (democrats) of Alabama.

MISFITS.

A Mixture of Things and Thoughts

Those Oregonian cartoons are enough to make Nast turn in his grave.

The whipping into line process is being continued. But it doesn't work.

Incidentally there is being some running done for the Albany post office.

Chas. V. Galloway is making a clean and statesmanlike fight for Congressman.

The best friends of the rate bill won't know it when the railroads get through with it.

Made in Oregon is being boomed in Portland. Everybody should join in the chorus.

It is in order for the DEMOCRAT man to get mad. The Salem Journal calls him "elder."

The third man has been given a dose of whipping post in Portland. Think of the number who have escaped.

460 is now given as the casualties by the San Francisco earthquake and fire. Probably not a fifth of the deaths.

B. M. Payne has been declared to be the most efficient clerk in the state. He knows the business thoroughly and is very faithful to the interests of all.

The DEMOCRAT has received a pamphlet from Jonathan Bourne jr. entitled "Plutocratic Degeneracy," and we are almost jarred.

The "Rev." Dr Prof. W. C. Hawley's name was started by the republican papers themselves during the primaries and is not a democratic attachment.

U. of O. Won.

U. of O. defeated O. A. C. in their annual field meet yesterday afternoon 76 to 46. Last year O. A. C. won. Some great records were made: Dan Kelley made new coast records of 24 ft 2 1-4 inches in the broad jump and 9 4-5 in the 100 yard run, besides being first in the 220 yard run in 22 4-5, and a tie with Moores and Kuykendall in the high jump at 5-2. McKinney put the shot 45 ft 3 1-2 inches, a new N. W. record, and was second in the discus throw. Geo. Hug won the hammer throw at 132 ft 9 inches, a new Oregon record, was second in the shot put and first in the discus throw. Greenhaw, O. A. C. won the 880 yard dash, Fred Moulton UO the pole vault, with Swan, OAC second. Prieaux UO the 440 yard run, Frissell, UO the 220 yard hurdle, Devolt OAC the mile run, and Moores UO the high hurdles in 16 seconds. O. A. C. won the relay race.

IT MEANS MUCH TO YOU

When you buy a farm wagon, a buggy, a carriage, whether you get a good article or a poor one.

How can you be sure of getting a good one?

Well, you may be somewhat guided by the experience of others. The fact that more than a million Studebakers are in daily use the world over; the fact that to supply the demand for the Studebaker the largest vehicle factory in the world is needed (it covers more than 101 acres); the fact that the Studebaker business has shown a steady growth every year for more than half a century—all these facts will help you to a decision.

But do not depend upon these facts alone. You can see for yourself.

Examine any Studebaker vehicle, see how strongly it is made—what heavy timber is used—how heavily it is ironed—how many special features it has that make for convenience, safety and long life—and then remember that every particle of material in it has been tested—remember that it has the Studebaker guarantee and the Studebaker reputation of more than 50 years behind it, and you'll have no trouble making a decision.
