Formally Dedicated to the Sick and Afflicted.

Father Metayer builded well when he erected his large and commodious residence of some thirty or more rooms. As transformed into an up-to-date hospital it is a credit to all connected with it and the city of Albany, a long-felt want for this part of the state.

In a service at 10 o'clock Bishop Christie formally dedicated the structure as St. Mary's hospital for the use of the sick and afflicted, in an able sermon covering the use of such an institution.

From 2 to 4 the people of Albany and vicinity had an opportunity to see the interior of the building. Immaculately clean, well arranged, it starts with a capacity for twenty patients, having two wards and ten private rooms. The latter have been furnished by the generosity of Albany people, all very attractive places. The surgical department is complete and modern, one of the best on the coast, consisting of a dressing room, sterilizing room and operating room, with a medicine room and the surgeon's office adjoining.

At 4 o'clock a program was rendered on the front steps of the hospital. Miss Emma Sox was heard in a piano solo. Father Lane, whose persistence and energy, have given Albany the hospital, thanked the Albany people for their assistance and presented Mayor Wallace who spoke of the importance of the new institution in Albany, a need for many years.

A quartet, consisting of Messrs. Fred Fortmiller, S. N. Steele, Dr. Littler and J. C. Irvine, were heard in an appropriate song, when Mayor Lane was introduced and spoke to the point for ten or fifteen minutes, telling of his early life in Albany and then of the hospital and their uses, the manner in which they bring out the best talents of the physicians, whose work is open for inspection by other physicians and the advancement of the hospital has given surgery.

Misses Dorgan and Shultz were heard in a duet, when Hon. J. K. Weatherford was introduced and spoke in keeping with the occasion. Miss Emma Sox was heard in another piano solo, when Bishop Christie spoke on behalf of the diocese of Oregon, thanking the people of Albany for their work, anticipating that it will need to be extended and asked for a blessing on all connected with it and complimenting the splendid work of Father Lane.

Dr. Davis spoke on behalf of the physicians of the city, and took occasion to commend the part that Miss Agnes O'Keefe has had in the success of the arrangement of the new hospital. Rev. McDougall spoke on behalf of the local ministers, and Father Lane closed the program.

There have been three patients in the hospital for several days. Today two more were added, both for operations and the prospects are that the capacity of the hospital will be tested within a few months, calling for the full possibilities of the present buildings, with ten more beds.

Saw Three Whales.

Prof. Torbet and cousin, Mr. Jos. Warner, of Ohio, returned this noon from a trip to Newport, where they spent a couple of days in a very enjoyable manner. It was their good fortune to be up the coast towards the lighthouse, when three whales came up within about a block of the shore and did some spouting that would make a campaign speech a small affair. One of them was a big one, the other two much younger.

HIGHER PRICES

Being Offered for Timber Claims.

Several owners of timber claims in the white pine district in Klamath County, near Bend, received letters last evening containing offers of \$1600 by the Scanlan-Gibson Lumber Co. for their claims. Some time ago a pool was sold for \$1520 net, thirty or forty claims being taken. Since then \$1500 has been paid. Holders of claims are becoming decidedly interested.

Another letter received last evening contained an offer of as high as \$2400 a claim if twenty claims could be secured that would cruise two million feet. As the claims average about 1,750,000 feet this proposition is not so very easy to meet, but it shows the spirit of the day, and indicates that there is going to be an increasing demand for these claims, and parties who know how their individual claims have cruised will do well to make a thorough investigation before selling, as the price is bound to increase rather than decrease, and it looks now, as if there will be a sale for claims separately, as well as in pools, for the pool business evidently has been knocked into a cocked hat.

Maryland Physician Cures Himself of Eczema with Cuticura Remedies. Prescribes Them and Has Cured Many Cases Where Other Formulas Have Failed—Dr. Fisher Says:

CUTICURA REMEDIES POSSESS TRUE MERIT

"My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies, and was entirely cured. I am a practicing physician and very often prescribe Cuticura Remedy and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for sixteen years, and must say I find your Remedies A. No. 1. You are at liberty to publish this letter, or any part of it. I remain, very truly yours, G. M. Fisher, M. D., Big Pool, Md., May 24, 1905."
