A BRIDE AND GROOM

Killed by an Angry Bull.

MARTINSBURG, W. V., Oct. 6.—Angry at the bright red dress worn by a bride a bull killed a woman and her husband Frederick Cowan yesterday evening. Cowan fought desperately to protect his 17 year old wife, but was tossed and tramped to death. The woman paralyzed with fright was tossed high in the air over a fence and died. The couple was returning from a sensational elopement.

THE PLATT WAR.

NEW YORK, Oct. 6.—The latest in dictates an armistice declared in the Platt family, but it is not nearer reconciliation. Friends say the senator will not contest a divorce but is willing to pay a liberal alimony.

San Francisco Insurance Matters.

SAN FRANCISCO, Oct. 6.—More than two hundred policy holders of the Fireman's Fund, and Home Marine companies and Pacific Underwriters have agreed to accept half cash and half stock in the reorganized Firemans Fund Co., in payment of losses. The gross losses of the companies is estimated at more than \$11,000,000.

MISFITS.

A Mixture of Things and Thoughts

Yum, yum, pheasant meat is all right.

Merchants generally report a splendid fall trade.

The papers are all helping to advertise Puter's book, free.

Albany college on a solid financial foundation will be a credit to Albany.

Funny, but the more the papers and the college professors kick against hazing the more the hazing done.

Candidate Hearst is defying all the bosses in New York state. No strings on Hearst. He may get beaten, but he will make it hot for the ringsters and tricksters, whatever he is himself.

A band of elk recently got into a garden at Yachats and ate up all the truck therein. The man says they have got to leave him alone or he will kill them, that's all, if it is against the law.

Most of the cities of Oregon are in debt, as cities generally have to be which do things and make extensive improvements, but there are some that have money in the treasury, as reported by Commissioner Hoff, as follows: Falls City \$400, Pilot Rock \$1100, Shaniko \$2,000 and Sumpter \$2800.

An Albany man yesterday found a whisky flask a third full of whiskey. On it was the name of the physician giving the prescription and the druggist filling it. The instructions were "Take with quinine," but the finder says there was no quinine in it. It is plainly a case of evasion of the law.

"The general report is birds are scarce to find," says an ex. The immense string of the fallen beauties taken out of Albany on the cars alone, to say nothing of those captured by home hunters, are enough to indicate that the supply of birds altogether is simply enormous. They have become scattered all over the valley from foothill to foothill.

Religious Services.

United Presbyterian church—Morning service at 10:30. Subject of sermon: The Wisest Man in the World. At 7:30, the pastor will deliver the second sermon in the series on the Ten Commandments. The theme will be: What Constitutes a Christian? You will find a most cordial welcome at these services. Splendid music!

Christian—Rally Day for the Bible school at 10 o'clock. We desire all in their places and gladly welcome new pupils. Classes for all. The usual preaching services at 11 a. m. and 7:30 p. m. Junior Endeavor at 3 o'clock and the Y. P. S. C. E. at 6:30. Remember Rally Day.

Baptist Church.—Services at the usual hours. Sabbath school at 10 a. m. sharp. Preaching by the pastor at 11 a. m. and 7:30 p. m. Juniors at 3:30 p. m. B. Y. P. U. at 6:30 p. m. Mid week prayer service. Thursday evening at 7:30. A cordial invitation is extended to all to attend these services.

A \$140 Colt.

Corvallis Times:
The Times told the other day of a sale of two five months' old colts at a price of \$222 for the two. Here is another transaction of that character. Marion Wood, who used to be foreman at the college farm, but now a farmer in Linn county near Tangent, sold a two months colt for \$140. The buyer was William Hogan of Albany. The colt was a bay Altamont with Hogan's Progress for a sire. The mother of the colt is also the dam of George D. The sale was made at two months, because of the wait for weaning time. Mr. Wood was in Corvallis yesterday.

HOME AND ABROAD.

Tennyson, the poet, died 14 years ago today.

Another slugging match: Portland 12, Los Angeles 8, yesterday.

Eight people were killed yesterday in a subway explosion accident in Philadelphia.

Senator Joseph W. Baily, the leading democratic senator of the U. S. of Texas, is 43 years of age today.

During the past eight months there have been 70 convictions by the state game warden and his deputies, with a total of \$2841.10 in fines.

Governor Fletcher and family have moved from Jefferson to St. Johns to reside. The Governor is an old newspaper man and a versatile talker, and will be missed from this neck of the woods.

There were twenty competitors for eight vacant positions on the U. of O. Glee Club, and Prof. Glen will name the men later. The members of last year's club, now in the university, will remain. The Club will make its annual trip during the Christmas season.

The Pacific Northwest, of Portland, Phil Bates publisher, proposes to send a young lady to the Jamestown exposition from every county in Oregon. Miss Gladys Shaw, daughter of C. L. Shaw, has been selected as the Linn county representative to help boom Oregon at the exposition and through the east.

A College Reception.

The first social function in the college year was held at the main building last night with a good attendance of students, including a good many new fine faces of pleasant make-up. The ice was broken by the names of students being pinned on the backs of each other, and hunting for one's own name, which caused a general mixup and much amusement.

A pleasing program consisted of a piano solo by Miss Emma Sox, an address of welcome by Fred Neal, a response by Miss McNair, a piano solo by Miss Rhoda Stalnaker, a vocal solo by Prof. C. H. Palmer, suggestions by President Crooks and some college songs.

The service of refreshments was greatly enjoyed. Partners were obtained from numbers, corresponding, and each one was permitted to select five things from a menu reading: language, botany, mathematics, history, geology, chemistry and forestry. What they got was: tongue, pickles, nuts, sandwiches, rock candy, water and licorice. Some cake and cocoa were thrown in.

Steel Points.

William Gladstone Steel, of Portland has begun the occasional publication of a small magazine to be known as Steel Points. It is to be devoted to the scenery of the Northwest and starts with a Portland number. No one in Oregon is better qualified than Mr. Steel for the work. He has spent considerable of his life climbing the mountains of the Northwest as well as tramping over its fields and wading through its rivers, and he knows the country from top to bottom, source to mouth.

Mr. Steel was once a resident of Albany in early days, doing some newspaper work here for a year or two.

Will Go to Arizona.

Scio News:—C. S. Harnish came over from Albany Thursday morning to settle up with the parties that handled his prune crop. Mr. and Mrs. Harnish are arranging to leave, in a short time, for Arizona to remain as much as two years and perhaps permanently. The change will be made on account of Mrs. Harnish's health.

Because of the methods, organization and immensity of the tailor shops that the clothes we measure men for come from no stinting is necessary to obtain here a suit or overcoat of as good value as the local tailor can give you for 100% more.
