## A JOKE.

### The Country Boy Have Some Fun

The DEMOCRAT a few days ago mentioned a reported meteor striking the farm of a German out in the country. It transpires that the whole business was a huge joke, though for awhile it looked as if something had occurred. Several young men in order to frighten a Polish resident on the Douglas farm on the Santiam, one night about 9 o'clock caused a big explosion under a stump, and it did frighten the people some. It has been twisted around after seven or eight miles travel until it has become a genuine meteor. The DEMOCRAT, which first gave publicity to the report, hastens to give the facts.

Naturally different people do not remember events happening forty to sixty years ago the same way. The columns of the DEMOCRAT are always open for different views of the same thing, when short and to the point.

Entertained by Mrs. Langaon and Mrs. Cusick.

Mrs. E. W. Langdon and Mrs. E. D. Cusick last night entertained. Fifty or sixty of their friends enjoyed a very pleasant evening with them. A feature was grievances, conducted by Capt. C. E. Winn. Each person was permitted to write his pet grievance, and all were read, after each one the complainant being presented with something to alleviate further trouble. They were all the way from a neighbor's dog and a young lady continually getting mad to the wrong situation of the Southern Pacific depot. Miss Emma Sox was heard in piano solos and Mrs. H. A. Nelson in vocal solos. Punch with cherries was served during the evening, closing with refreshments, ice cream, cakes and coffee. The affair was neatly managed.

### She's a Layer.
